

The Stalker Chronicles (Pilar and Xavier #2) By Electa Rome Parks **Book The Stalker chronicles book** I'm going to read the next book Much better than the 50 shades plot 1601623348 Just as good as the first book! Seems like neither Pilar and Xavier will ever seem to get their happy ending anytime soon. **The Stalker Chronicles pdf converter** A lot of women are attracted to the IT GUY you know the kind that has money cars clothes and educated but they aren't thinking with the brain upstairs! So many warning signs but when sex is involved good sex that is some find it hard to run the other way! 1601623348 This was a good read.

## **The Stalker Chronicles pdf reader**

It wasn't good as the first one but it was good, **Book The Stalker chronicles 2** The plot was believable but I'm surprised that Pilar's life or relationships weren't looked into closer. **Kindle The Stalker chronicles 2** This book explains more of Pilar's background and what led her to become the woman she is in the first book. **The Stalker Chronicles kindle fire** As much as I can understand what made her become that way she is still so crazy of a character to me and definitely someone I can imagine in a real life setting. **The Stalker Chronicles booking** Make sure you read the first book first Diary of a Stalker and this time it's all about revenge: **PDF The Stalker chronicles season 1** Tall dark and handsome bestselling male author Xavier Preston thought his nightmare - in the form of Pilar a fanatical stalker/fan - had finally ended, **EPub The Stalker chronicles magazine** When Xavier met Pilar he got much more than he bargained for: **The Stalker Chronicles booklet** What started out as an erotic one-night stand quickly turned into a dangerous game of obsession and pain with both parties playing to win. **Kindle The Stalker chronicles 2** In fact she has been very near watching his every move and patiently waiting for him to realize they were meant to be together forever, **PDF The Stalker chronicles** She still believes they're soul mates and the only option for her is Until death do us part, **Book The Stalker chronicles 6** Now no one is safe--not his friends and definitely not him. **Book The Stalker chronicles** The Stalker Chronicles (Pilar and Xavier #2) All I can say is WOW! Speechless! Have you ever loved someone and hated them at the same time? Meet Pilar. **EBook The Stalker chronicles definition** Her obsession with Xavier Preston has reached an all time high again: **EBook The Stalker chronicles season 2** She is still reeling from being shunned by him in Diary of a Stalker and she is backed to get revenge. **The Stalker Chronicles pdf** Pilar/Milan hits Xavier with a low blow by involving someone very close to Xavier in her get back scheme: **Book The Stalker chronicles by john** Who is going to make it out alive? I recommend this series! It was a very well-written book, **EPub The Stalker chronicles season 2** 1601623348 This was the first book that I've read by Electa Rome Parks and the second book in the stalker series and I was entertained, **The Stalker Chronicles ebook3000** While the writing seemed a bit trivial at times overall it was a quick read that deemed as entertainment from my more serious books, **The Stalker Chronicles pdf converter** 1601623348 This book was funny to me but it's sad it happens too often, **The Stalker Chronicles book 3** Pain runs sooo deep!!! 1601623348 Omg!! Pilar is a certified lunatic!! Overall great read. 5 stars worthy!

1601623348 That Milan/Pilar is a hot mess. This could be a real story with real implications. I loved it and it challenged my thinking. Xavier actually hasn't learned much since Pilar disappeared. All in all a goodread. I would recommend reading the actual book or kindle version. There are some mad ones out there. Little does he know it's only beginning. Then she simply disappeared. Stunning Pilar hasn't gone away though. If she can't have Xavier then no one can. Revenge can be a real killer. No one is safe. In war there is always some casualties. Definitely a page turner. 1601623348
