

Deaths Hand (Descent, #1) By S.M. Reine **Deaths Hand Literature fictionmanai last** If you would like to know the instant my next book is available you should enlist in my Army of Evil! We have a wicked cool secret handshake but you'll have to sign up to learn it. **Death's hand in latin** If you would like to know the instant my next book is available you should enlist in my Army of Evil! We have a wicked cool secret handshake but you'll have to sign up to learn it. **Book death and nightingales** ;) Check it out {site\_link} {site\_link} Policing relations between Heaven Hell and Earth is messy and violent but Elise Kavanagh and James Faulkner excelled at it-- until coming across a job so brutal that even they couldn't stand to see one more dead body. **Literature Fiction Deaths hand foot** I thought the roommate and cousin were strangely out of place they seemed goofy and their scenes had a Buffy the Vampire feel which was at odds with the rest of the story. **Deaths and births** 6: Deadly Hearts · Book 2: The Darkest Gate · Book 3: Dark Union · Book 4: Damnation Marked · Book 5: Dire Blood · Book 6: Defying Fate · Book 7: Paradise Damned Original Crappy Boring Review (OCBR™) from when I had no life no friends and didn't know gifs existed can be found here. **Death hand cartoon** Luckily for the human populations the real Big Bads have a hard time making it up to the surface of the world and as usual with their types they crave what we have and plot of ways to achieve it. **EBook Deaths handshake** This position or being I am not yet completely sure is called a Kopsis and as they are the first defense against Demon aggression and possession they are also on the top of the demon's hit list. **Deaths hand d2r** Elise has a friend a male which named James with whom at one time they had performed a bonding ritual (non-sexual or romantic) thus making him her Aspis thus making her the Sword and him her Shield. **Deaths hand suite** So he becomes a dance teacher while she becomes an accountant:) That actually made me smile - dealing with Demons or the IRS - pretty much the same thing! However a small girl is possessed and the Kopsis and the Aspis become involved setting off a domino reaction which threatens to destroy them and all they know. **Literature Fiction Deaths handicap** I am not yet completely invested in all the characters but I loved Elise who is not a very nice person and kind of crabby and her roommate Betty who is one of those that exude excessive energy friendliness and inquisitiveness. **EPub Deaths hand** How can that be? Around the middle of the book my interest actually picked up a little and I thought this might not turn out so bad after all! And right after that the writing and the story crashed so badly that I considered 1-starring this silly thing. **Death's hand amity affliction** How can someone so strong and powerful (where did that power come from all of a sudden?) suck so much at fighting and get beaten so often and still win the war?And I really don't care if Elise turns out to be the daughter of the devil. **Death's hand in latin** I didn't need to know every little detail of Elise's world and backstory and frankly I enjoyed the hints teasers & flashbacks much more than if everything had been laid out for me in all its gory detail. **Book Deaths handyman** Here they are bound as kopsis & apsis (demon hunter and witch) with over 10 years of shared history and yet as far as I could tell they've both stayed firmly on their respective sides of the relationship line. **Literature Fiction Deaths handicap** I thought a few times that one of them (I won't say who) might be open to something more but the hints were very subtle and there's a good chance I was reading into it. **Book Deaths handicap** Sometimes they act like father and daughter (James is 12 years older) other times like comrades-in-arms and then there were those brief and tantalizing moments when everything else just sort of fell away leaving just the two of them in their own private world. **Deaths Hand epub file** Reine sure does know how to write about demons! The cons: Major lack of development with both the main and secondary characters also there was a few too many holes in the story I kept wondering if I missed something( I've heard many questions get answered as the series progresses). **Death handled knives** Lastly Elise is supposed to be the big bad and she knows how to kick ass but she sure got her ass kicked a lot she could barely contain a possessed 5yr old and she barely won every fight by the skin of her teeth. **Book Deaths handicap** I understand the author probably wanted Elise to appear vulnerable and not an impregnable superhuman but I wished she held the advantage a little sooner in maybe one fight? Yeah? Well my emotions were all over the place while reading this and to me that's a sign of a good writer whether I read the next one in this series or not. **EBook Deaths hand** What exactly was she?

Part demon or something? Given the fact that she was seriously injured multiple times lost a fair amount of blood she was still walking around like nothing happened. **Book Deaths hand foot** Why did the author wait so long to inform us of this? It's like you get a picture in your head of what you imagine the characters looking like then suddenly it's changed. **Death's hand d2** When they're getting ready to head over to Ann's this is after they supped the jeep up the reader is informed that Anthony is sitting in the jeep with half an inch of water collecting at the bottom.

## Book Deaths handy

Hi everyone! My name is Sara and I write urban fantasy and paranormal novels as SM Reine. **EPub Deaths handicap** I collect swords cat hair and typewriters (which I do use for writing!), **Deaths Hand ebooks online** Its a good day when those three things have nothing to do with each other. **Book Deaths handy** ;) Check it out {site\_link} Hi everyone! My name is Sara and I write urban fantasy and paranormal novels as SM Reine: **Deaths Hand Literature fictionmanai** I collect swords cat hair and typewriters (which I do use for writing!). **Book Deaths hand** It's a good day when those three things have nothing to do with each other: **Book Deaths handicap** Now they've been pretending to be normal for five years leaving their horrific history a dark secret, **Book Deaths handicap** None of their friends realize they used to be one of the world's best killing teams, **Book death and dying** Some enemies aren't willing to let the secrets of the past stay dead. **Death handler** 5-demon-exorcizing-stars This wasn't the typical UF story I haven't read any horror but I wonder if this is maybe closer to that in tone, **EPub Deaths handheld** I appreciate the author tried to unveil the characters and their world in an untraditional manner but the execution was jarring and in need of a good edit: **Book Deaths handy** However violent action scenes were where this author shined some moments were on par with the strongest UF authors I've read: **Literature Fiction Deaths hand foot** Intentional or not Elise James and the demons are still a bit of a mystery by the end of the book which I'm ok with. **Death's hand in latin** The author has potential and some of my fellow readers felt the series greatly improved, **Death handled knives** Curiosity has the better of me and I will continue :) English ☐ And the moral of this reread is: There's no Darkly Delicious Place (DDP™) like home Descent, **Deaths Hand ebooks air** [September 2016] The MacHalos didn't LOVE this one so Elise Kavanagh Shall Kick their Shapely Asses and I Shall Annihilate them All Buddy Read (TMDLtosEKSKtSAaISatABR™). **Deaths Hand Literature fiction vs** Friendly warning: you don't want to read this non-review it's spectacularly crappy and totally not worthy of this mostest awesomest series, **Book death and nightingales** But that was for the books 1-3 bundle as a whole so it doesn't count and stuff, **Death hand cartoon** Okay so if I wasn't totally full of crap I'd rate this 3 stars, **Book Deaths handyman** AND Reine is right up there with Awesome Pippa DaCosta when it comes to Yummy Demon Stuff, **Kindle Deaths handyman** So I don't give a freaking damn if this is a \*whispers\* weak first instalment. **Book Deaths handmade** Descent is to this day one of the most original UF series I have ever read. **Book Deaths hand foot** And the last few books in the series are bloody mind-blowing. **Deaths Hand epub reader** I'm sure lots of delightfully clever readers have written wonderfully enlightening reviews about this book though. **Book Deaths handheld** These reviews obviously won't be as good as the one I would have written but they'll still be informative. **Death handler already present** » And the moral of this Crappiest of Crappy Non-Reviews Ever Review (CoCNRER™) is: Obviously. **Deaths hand tab** 75 \*\*\* A buddy read with The MacHalos who have not given up on the UF Genre yet.):):) So I had never heard of this series and had absolutely no expectations going in. **Deaths Hand Science Fiction fantasy name** My friends Sara and Maria like it so this was a good enough incentive for me to read it:) And I am glad I did, **Deaths Hand Literature fictionmanai last** Death's Hand is the first book in The Descent series by S: **Death's hand poe** Reine and it opened up with a set of engaging scenes which had me hooked pretty much straight up, **Book Deaths handyman** It is a well thought-out story with a different look on the human-demon relationships in a world which seems to be overrun

by the hellish creatures: **Death's hand d2** Our main character Elise is involved with keeping the agreed upon boundaries by enforcing the agreements between the Hell citizens and those who represent our best interests: **EBook Deaths handshake** After some time of being very successful at taming the beasts they have a case from which they barely make it out alive and decide to call it quits, **Death's hand amity affliction** The book is full of action and intense situations which kept my interest up from beginning to end, **Book death and dying** But I still liked her:) For the rest - the jury is still out but I would like to know what happens with them and learn more about this world: **Death's hand d2** So yes I am going to read them all:):):) I wish all of you happy reading and I hope demons are only found in the pages of fictional books. **Book death and nightingales** They creep me out! English The ever changing timeline in the beginning was confusing: **Literature Fiction Deaths hand foot** The author didn't explain any of the demons or other working of her world: **Literature Fiction Deaths hand foot** The writing didn't seem so bad early on but the story was mostly meh for me, **Death hand cartoon** James was more likeable than Elise but I did not connect with either of them and the plot never grabbed me, **Book Deaths handheld** The first and only time in this book that I thoroughly enjoy the action one of the sidekicks was in a fight scene. **Book death and nightingales** Have I mentioned the lack of world building? I actually looked up demon names on Wikipedia because not a thing is explained. **Book Deaths handmade** World building: Zero!The more I read the more the writing irritated me, **Literature Fiction Deaths handyman** The writing was actually getting worse as I got closer to the end of the book. **Deaths Hand Literature fiction meaning** And there are too many editing mistakes in the ebook mostly missing words, **Book Deaths handicap** By the time the story started to build up towards the finale I couldn't WAIT to be done, **Book Deaths handy** If I could I would go back to rage quit now!I couldn't have cared less if one of the fiends or zombies had eaten Elise, **Deaths Hand Literature fiction books** You know what? 1 star it is!\*~\*~\*BOTM read with the MacHalos. **Book Deaths handshake** What a ride! The story begins several years after the events in the novella Death's Avatar. **Deaths hand tab** After saving the world the demon-slaying duo Elise and James are now retired and doing their best to lead normal quiet lives. **Book Deaths handy** Elise is of all things an accountant and her witchy companion James has a dance studio. **Death handler already present** The biggest concern Elise has is keeping her business afloat. **Death's hand pet** until James asks her to meet with the Martinez family whose young daughter Lucinde may be possessed by a demon, **Science Fiction Fantasy Deaths handy** But James is determined to help the Martinez family and so Elise grudgingly agrees, **Literature Fiction Deaths hand foot** Little do they know there is a lot more at stake than the life & soul of a young girl: **PDF Deaths hand foot** Death's Hand is a perfect blend of urban fantasy & horror genres: **Death handler** Told from alternating third person POV's it features a genuinely kickass heroine some seriously brutal action sequences and more than a few creepy moments. **Deaths Hand booker** When it comes to world-building the author seems to follow the less is more policy, **Science Fiction Fantasy Deaths handicap** It's a risky move on Reine's part and one that may alienate some readers. **EBook Deaths hand foot** There's a tiny bit of romance in the book but not between Elise and James: **Book death and dying** There's a wierd intimacy between them that even now I can't quite capture in words, **Science Fiction Fantasy Deaths handheld** I suspect my hopes of an Elise/James romance are doomed to be dashed but for once I don't mind. **Book Deaths handy** They are so utterly fascinating I simply must keep reading about them, **EBook Deaths handshake** \*\*Note: If you plan on reading this series I strongly recommend you read the novella Death's Avatar first. **Book Deaths handy** English Surprisingly good for a free book I can't say I loved it but it did make me curious about the next books: **Book Deaths handheld** I think it's the first free book from Amazon that I actually like!All in all it's worth reading. **Deaths hand tab** Writing is good characters aren't bad and the plot has potential: **Kindle Deaths handicap** The pros: Elise as a heroine did not have a god complex: **Science Fiction Fantasy Deaths handy** She didn't rely on the love of a man to make her feel empowered although she had unrequited feelings for James that left her confused, **Book Deaths handyman** There was never a dull moment and the action was top notch. **Book Deaths handheld** English This was a freebie of 3 books in the series

but I only partially read the first and won't read the others: **Book Deaths handicap** Too much action not enough reason to care for the characters: **Book death and dying** English I usually love supernatural/paranormal type stories but I wasn't a fan of this one. **Death's hand in latin** I read another series by this author "Seasons of the Moon" and even though I was able to get through it it was still pretty bad. **Death's hand in latin** With this one I couldn't even get through the first book and I have all three: **Book Deaths handshake** Needless to say although there was tons of action the story just didn't draw me in the characters seemed really flat most I couldn't even picture: **Deaths Hand epubublishing** I read up to chapter 17 and with that all I knew was that Elise had red curly hair Betty and Anthony were Hispanic and James was about 10 years older than Elise: **Deaths and births** She wasn't a very good fighter but it seemed like she fought on a daily basis. **Deaths Hand Science Fiction fantasy name** How did her skills not improve? In the end I hate having to force myself to read a story so I stopped. **Death's hand amity affliction** At the beginning James couldn't tell the ground was covered in feathers instead of snow: **Book Deaths hand foot** This might be a stupid question but of course I'm going to ask: **Science Fiction Fantasy Deaths handy** When James is warming Elise up after finding her body among the dead why did he put one of the hand-warmers on her crotch?3, **Death handled knives** So Elise's special power is healing to human speed? That's it? How exactly would that be a special power? How slowly does she normally heal?5: **Book Deaths hand foot** James and Elise are racing to the cover of trees in the jungle and because the jungle is so thick the demons don't follow, **Book Deaths handheld** Huh? The demons are little though so you'd think it would be easier for them to run through the jungle than the adult size people: **Literature Fiction Deaths hand foot** I found it strange that the first time 'Dis' is brought up it's never really explained. **Death handler already present** How old was everyone? I mean there's the part when Betty is talking to Anthony about how he likes Elise and refers to Elise as a cougar. **Death's hand in latin** After being attacked Elise still goes dancing with Anthony at the club, **Death handled knives** Yet it's not until the next morning that she realizes she ripped her stitches out from dancing: **Book Deaths handicap** There's a night when James plans to gather all his coven together the following morning and Elise is present during this, **Literature Fiction Deaths handyman** Yet the next morning she's acting like she has no clue why everyone's there. **Science Fiction Fantasy Deaths hand foot** Why does Augustine get mad when Elise and James come by? I mean his kid did start acting strange. **Book Deaths handmade** After Lucinde go outside Elise manages to get her back to the basement, **Book Deaths handyman** She gets her into the corner of the room and is holding a cross against her cheek, **Death's hand amity affliction** Why would Lucinde just have been sitting there? There was nothing about her being tied up or anything so she easily could have just pushed Elise away, **Deaths hand d2r** Again being that close to Lucinde Elise somehow didn't notice that Lucinde was going to punch her: **PDF Deaths hand foot** For some reason it annoyed me that the author keep switching back and forth between the possessed ones and servants and she was talking about the zombie like people: **Book Deaths hand foot** Given the fact that James is a high priest I found it strange that his coven even knowing about demons and whatnot all seemed so clueless to the supernatural world. **Death's hand pet** In one of the flashbacks James is resting in a house after being tortured from the death goddess, **Book Deaths handheld** why the back? I can't imagine he was all sprawled out nice and cozy on the bed with his injuries, **Death hand cartoon** The only reason I knew they were Hispanic was because Anthony referenced his uncle as 'Tio': **Book Deaths handy** How did Anthony ever find out that Elise was an exorist? Elise is the exorist, **Literature Fiction Deaths hand foot** Huh? Elise wasn't even injured around them until they were supping up the jeep to go after James: **Kindle Deaths handyman** During a fight with the goddess Elise gets her hands on a shotgun and where does she shoot? The goddesses leg of course. **Book Deaths hand** Yes because it would have made too much sense to aim for the head or chest area. **Deaths Hand kindle reader** This of course equals to a prefect time in Anthony's opinion to make out with Elise. **Deaths Hand ebook** Seriously? That's worse then when the characters make out right after waking up. **Book death and nightingales** I loved all the action and information on the different demons. Elise works in an office. James owns a business. After years of

hiding something stirs. Bodies are vanishing. Demons scurry in the shadows of the night. A child has been possessed. Deaths Hand (Descent #1)2. Because I said so and stuff.Previous rating: 3.5 stars. New rating: 4 stars. Because I'm biased as fish and stuff. But this is Elise Freaking Kavanagh. AND this is one of the best freaking UF series ever. And nothing short of awesome. So I don't give a damn what you people think. What? Were you expecting a review? So sorry. Things to do crap to read and all that. So please go ahead and check them out. No no really I insist. You have my blessing and all that crap. I think. Hopefully. Somewhat. Don't read anything below a 4-star rating though. Because haters gonna hate and stuff.· Book 0. Read it at your own risk and stuff. English \*\*\* 3. M. I was exhausted just thinking about someone this perky. Elise was not a likeable character. Building thereof not much. Not. A. Thing. Short choppy sentences followed by verbose exaggerations. Stating the obvious. Loose plot ends. And some of the descriptions were plainly silly. I nearly rage-quit two chapters before the end. Whatever. Got the three-book-bundle for free on Amazon. English Holy hell. Elise is understandably reluctant to get involved. She doesn't hunt demons anymore doesn't perform exorcisms. Those days are behind her. The fate of the world itself hangs in the balance. In my case it didn't. I'll admit I was a bit disappointed by that. Or not. I honestly don't know. Their relationship is very.murky. 5 stars. And to tell you the truth it surprised me. English 3.5 starsI have mixed feeling for this book. Woohoo!She was accessible without coming across as weak. S.M. I was fighting off a snore. Nailed in this review: <https://www.goodreads.com/review/show>. Yeah that's it for the descriptions. I couldn't figure Elise out either.Questions/Comments:1. Did he forget his glasses?2. Elise is looking under Lucinde's bed. How was it possible for Lucinde to kick out at her.hitting Elise's face without Elise noticing?4.6.7. 8. How would that have been possible?9.10.11. Does Elise need glasses?12.13. 14. Elise checks his temperature.first on his back then his forehead.15. So Anthony and Betty are Hispanic.16.She's been injured. She's not talking about why. So that part makes no sense.17. How did Ann know what fiends were yet James didn't?18. Again Elise is not a good fighter or shooter.19. So Elise was just beaten by Dominic and his goons. She's injured in pain and bloody.20. Why hadn't he put the top up then? English 3.5 starsGood start for the series. Can't wait to continue to see what happens next. English
