

The Song of Achilles By Madeline Miller **The song of achilles book genre** She has also studied at the University of Chicago's Committee on Social Thought and in the Dramaturgy department at Yale School of Drama where she focused on the adaptation of classical texts to modern forms. **The song of achilles excerpt** They are trained by the centaur Chiron in the arts of war and medicine but when word comes that Helen of Sparta has been kidnapped all the heroes of Greece are called upon to lay siege to Troy in her name. **The song of achilles lexile** A beautifully written masterfully crafted story capable of transporting readers within its pages so enchanting them with what they find within that they forget that the real world lurks without waiting for their return. **The song of achilles how many pages** Blog | Facebook | Twitter | Instagram | Pinterest The Song of Achilles "We were like gods at the dawning of the world and our joy was so bright we could see nothing else but the other. **Book the song of achilles** This book was just so beautiful! So so damn beautiful! Madeline Miller definitely has a way with words and I loved how this story was written: Poetical with a lot of mythological facts and with so many details that it succeeded to make this a more than just intriguing journey. **The song of achilles characters** Still the sense of foreboding in this book!!! Oh gosh it killed me!! All those little hints those infinitesimal innuendos those tiny insinuations they piled up and up and up until all I was able to feel was dread!!! By the end of the book I was reduced to a sobbing and crying nervous wreck and the final sentence was like a dagger in my heart. **The song of achilles book** In other words: This was exceptionally painful and utterly devastating BUT it was also so damn good and worth every second of pain! The characters: This is my spoiler section in which I'm going to speak about the individual characters and what I thought of them. **The song of achilles lexile** "This sentence killed me when I first read it! Achilles my beautiful innocent and naïve boy!!! Jeez! I loved him so much! He was every bit the hero people believed him to be and most of the time he actually did the right thing. **The song of achilles book cover** At the end of the book there happened a lot of things I didn't agree with and the longer his conflict with Agamemnon lasted the more I dreaded the end! It made me so sad to see how much Achilles changed over the years and when the thing with Briseis happened my reaction was the same as Patroclus'! I mean I knew what Achilles did (I'm a geek remember?) but reading it the way Madeline Miller wrote it? Boy it destroyed me! There was this wonderful perfect righteous honourable intelligent innocent and honest golden boy and then the war over Troy tainted him transformed him and made him an entirely different person. **The song of achilles aesthetic** The true tragedy about this all is that he never even wanted to take part in the war he was more or less forced into it and I think looking at it in retrospective a life as a normal person would have been preferable to the one of a hero. **The song of achilles book pdf** He was a friend a lover a teacher a conscience a reminder and Achilles past present and future! This boy was literally the embodiment of Achilles life and actions and the people around them were fools for not seeing their strong connection. **The song of achilles common sense media** Taught him compassion and love he was an anchor and someone he could come home to! Speak to! Confide in! Once Patroclus was gone the relentless godly part of Achilles showed though and the rest of it is (bloody) history. **EBook The Song of achilles** If it wouldn't have been for Odysseus he would have never gone to Troy and even though I agree with his sentiment that Achilles could save them all I still disagree with the way he played him. **The song of achilles ebook** "I HATE AGAMEMNON!!! Fiercely!!! Such an unfair and dishonourable numpty!!! I hate him and all his actions! I mean what kind of father would trade his daughter away and then kill her?! His own flesh and blood! Gosh I CAN'T EVEN WITH HIM!! I'm still so angry! Those moments at the end and the tense situation between Achilles and him had me at the edge of my seat and all I wanted to do was to scream at the injustice that took place in front of me!!! Such a stubborn and self-righteous fool!! He should have listened to Achilles but he was too proud to. **The song of achilles book genre** HIM!!! Enough said! Thetis: Another person that landed on my shit list! \*lol\* I really really disliked her too! I mean I understand that she was Achilles mother and only wanted the best for her son but it was more than just obvious that the best was Patroclus and I hated her for always trying to drive a wedge between them! Without Thetis half of their troubles wouldn't have even existed and even though she kind of redeemed herself in the end I still don't like her! Sorry Thet but you'll never

get a thumbs-up from me! #SorryNotSorryThe relationship: Achilles & Patroclus: "This morning he had leaped on to my bed and pressed his nose against mine. **The song of achilles doctype:pdf** "Ohh how sweet those two were! I loved their relationship! They were so gentle and adorable and no matter what happened and no matter how many obstacles were in their way they always managed to find back to each other! They had confidence in each other and they supported each other regardless of the consequences. **The song of achilles gay book** Achilles and Patroclus had such an honest and beautiful relationship I CAN'T EVEN!!!! THIS was the real deal!!! A connection so deep that no one could destroy it a love so strong that it cast aside all obstacles their trust so deep that they could talk about everything!!! Boy I could gush about this relationship at eye level for eternity and still would never get tired of it! \*lol\* I just adore them so much! It was so sweet they couldn't even be angry with each other and even though Patroclus wasn't always happy with Achilles decisions he still did his best to support him as best as he could even if that meant that he had to go against his will. **The song of achilles book genre** Patroclus! \*sobs\* Hell! The way Achilles grieved!!! It broke my freaking heart!!! It was like a punch in the gut! I know first-hand how much this hurts how painful it is to lose a person you love so much and boy did it trigger my emotions. **The song of achilles quotes** For who can be ashamed to lose to such beauty? It was enough to watch him win to see the soles of his feet flashing as they kicked up sand or the rise and fall of his shoulders as he pulled through the salt. **The song of achilles excerpt** "'Had she really thought I would not know him? I could recognize him by touch alone by smell I would know him blind by the way his breaths came and his feet struck the earth. **The song of achilles ebook download** I rarely write this into my reviews but: If you haven't read this do it now!!! You won't regret it! =)Last but not least I want to thank my Sweet Sugar Bun who dared to buddy read this book with me! Thank you for all the comments messages and updates that made it bearable to read this book. **The song of achilles book pdf** I really appreciate it! XD We definitely should go for another buddy read some time soon! I heard "Circe" is a nice book too! \*lol\* ;-PIn the darkness two shadows reaching through the hopeless heavy dusk. **Book the song of achilles** The characters were horrendous if I wanted to read about the most useless passive and boring narrator being in love with this attractive golden god dude with no personality and when he does have one he just turns to a selfish prick I would reread Twilight. **The song of achilles gay book** Without him he didn't know how to do anything he didn't have a reason to live and I just ugh really? We are going there? The whole "if he dies I'll die too cause there's nothing for me after him" speech? Ugh. **The song of achilles french** Even though Achilles and Patroclus had zero chemistry (seriously how many times do these guys talk like really talk in this book?) Do I have to believe that this good for nothing kind of guy with no personality whatsoever is actually the most beloved person for the best of the greeks? For this demigod? I just can't buy into this relationship that happens to be the entire focus of this book. **The song of achilles characters** It's like the author takes for granted that we know this is a love story between them so why bother to actually develop a relationship? Achilles he had no personality either until almost the very end of this book and then he turns into this selfish proud asshole that even though is letting everyone be killed and failing to notice how dumb his decision is is still admired and revered by Patroclus. **The song of achilles ebook download** For example when all their greeks companions are dying and Achilles refuses to fight even though Patroclus knows it's the stupidest decision ever he refuses to say something and act so what do they do? They both just consider to maybe swim or play later that day. **The song of achilles book age rating** Anyway if you liked this book and judging by the ratings and reviews everyone and their mother loved this book good for you! I personally had one of the most boring and frustrating experiences reading this. **The song of achilles lgbt** You da best Odysseus! The Song of Achilles A new take on the Iliad written by a high school classics teacher -- how could I not read this? The Song of Achilles retells the story of Greece's greatest hero from the point of view of his best friend Patroclus. **The song of achilles kindle** While staying true to Greek legends and the works of Homer Miller creatively and convincingly fills in the blanks giving Patroclus a back story that makes perfect sense and tracing the friendship and eventual romance between the two young men in a way that casts a new light on the human side of

the Trojan War. **The song of achilles book cover** I always found Achilles to be an unsympathetic character -- a brat a bully a big-headed jerk who knows he's the star player on the team and throws a tantrum if he gets put on the bench. **The song of achilles book age rating** We see him through Patroclus's eyes growing from a privileged child to a sensitive teen to a young man struggling to balance his personal feelings with the expectations of an entire country. **The song of achilles gay book** The Song of Achilles Madeline Miller did what the movie producers of the film Troy (2004) were too cowardly to do; she stayed true to the homosexuality of Homer's Iliad rather than writing a censored version of the story which stank of homophobia. **The song of achilles cave scene** Well now I feel a bit silly for having waited so long to read this! If I had known how remarkable and thrilling of a tale The Song of Achilles is I would have gobbled it up years ago. **The song of achilles bookmark** And through his eyes we are able to see all the facets of Achilles: the making of a hero though still a boy at heart shining and bright easily seduced by glory and ultimately a tragic figure. **The song of achilles illumigrate** From a romance novel point of view the love story between the two didn't work for me because I think that throughout the book Patroclus was too dependent and clingy and I don't like that type of relationship. **The song of achilles book genre** His life only revolves around this great beautiful hero and more often than not it seemed that he was by Achilles' side on every step - even when he isn't supposed to be he tags along anyway. **The song of achilles doctype:pdf** In my opinion it is barely a retelling of myth because only writing about the private lives loves and bedrooms of classical gods/demigods/heroes does nothing to make us understand the grounds on which classicism was built. **The song of achilles illumigrate** But hey! If you're looking for a socially relevant modern treatment of a classic tale or simply for some romance fantasy this might be the perfect read for you! The Song of Achilles I hereby award ALL THE STARS in the universe to The Song of Achilles a story equal parts epic and heartbreaking. **The song of achilles book cover** The Song of Achilles Please don't start a war but Lisa of Troy rates this 5 starsThe Song of Achilles is a retelling of classic Greek mythology involving Patroclus and Achilles specifically covering the battle of Troy. **The song of achilles lexile** 2023 Reading ScheduleJan Alice in WonderlandFeb Notes from a Small IslandMar Cloud AtlasApr On the RoadMay The Color PurpleJun Bleak HouseJul Bridget Jones's DiaryAug Anna KareninaSep The Secret HistoryOct Brave New WorldNov A Confederacy of DuncesDec The Count of Monte CristoConnect With Me!Blog Twitter BookTube Facebook Insta The Song of Achilles The never-ending ache of love and sorrow,

**achilles bookmark** Even though I knew how it was going to end I was not prepared for how much I cared. **The song of achilles quotes** More specifically this is the tale of Achilles and Patroclus: **The song of achilles lexile** Of a proud greedy people engaged in a prolonged bloody war. **The song of achilles book** So often in historical fiction from this time period I see the sharp edges of the Ancient Greek and Roman cultures smoothed away, **EBook The Song of achilles epub** I'm happy to say there was none of that bullshittery here: **Is the song of achilles historical fiction** Miller paints the pages of this book in blood and suffering, **The song of achilles description** There is a lot of sexism misogyny violence bloodshed and rape mentioned almost offhand because to these characters this behavior is commonplace. **The song of achilles book** I didn't even like Odysseus and his famous wit for there was an edge to it in this book that made him seem less charming and more manipulative than I remember. **The song of achilles book age rating** That said as much as I disliked these characters I loved their stories, **The song of achilles book genre** Miller took gods and legends and brought them to life within the pages of this book, **The song of achilles excerpt** She humanized these mythical beings in a way that made them seem real fallible, **EBook The Song of achilles come** "This book!!! Gosh I loved this book!!!The moment I read the first page I was already certain of two things:1: **The song of achilles free ebook** ) This would become one of my all-time favourites and I'd gush about it like crazy. **The song of achilles audible** ) It wouldn't only leave me devastated and heartbroken but also sobbing like a little child, **The song of achilles excerpt** Well both of those things came true even way earlier than I had initially anticipated. **The song of achilles pdf free** I was about 37% percent in (yes I looked it up! ;-P) when I first started to cry and it didn't get any better after that: **The song of achilles book** What I loved the most was how she managed to convey Achilles' and Patroclus relationship though. **The song of achilles book pdf** Even though she never went into detail never actually let them say that they loved each other; it was still palpable in every single moment they shared together: **The song of achilles book review** Those moments were so precious I couldn't get enough of them and all I wanted was for them to be happy, **The song of achilles gay book** Unfortunately I'm a little geek and know a lot about Greek mythology so yeah I already knew how it would end before it even ended. **The Song of Achilles fiction vs** So you better beware and don't read it if you still want to read the book: **The song of achilles epub vk** ' A sly smile spread across his face; he had always loved defiance. **The song of achilles illumigrate** 'Well why should I kill him? He's done nothing to me: **The song of achilles characters** I guess in the end Achilles saw it the same way and would have done everything in order to change his path. **The song of achilles aesthetic** Even if it would have meant that he would have been forgotten and would have never become a legend... it would have been worth it. **The song of achilles pdf online** Patroclus would have been worth it... \*cries\*"I stopped watching for ridicule the scorpion's tail hidden in his words: **The song of achilles free ebook** He said what he meant; he was puzzled if you did not, **The song of achilles aesthetic** But is it not a sort of genius to cut always to the heart?" "Your honour could be darkened by it: **The song of achilles lexile** "They are fools if they let my glory rise or fall on this: **The song of achilles audiobook** ""But Odysseus - "His eyes green as spring leaves met mine. **The song of achilles book summary** ""They grinned loving every inch of their miraculous prince: his gleaming hair his deadly hands his nimble feet. **The song of achilles quotes** They leaned towards him like flowers to the sun drinking in his lustre: **The song of achilles epub free** It was as Odysseus had said: he had light enough to make heroes of them all, **Fiction The Song of achilles summary** "Do not say that" he says "until you have heard the rest of what I have done. **The song of achilles book age rating** I knelt before him on a wool rug woven bright with purple: **The song of achilles free online read** One of my hands went to clasp his knees the other reached upward to seize his chin with my hand, **The song of achilles book summary** It was a gesture I had seen many times but had never made myself: **The song of achilles bookmark** I was under his protection now; he was bound to treat me fairly by the law of the gods, **The song of achilles characters** "I adored Patroclus! He was the best! He was wonderful and beautiful in his own way and I loved how faithful he was, **The song of achilles lexile** That boy was one of the kindest and sweetest people I ever read about (tough competition for Lazlo Strange \*lol\*) and I was

so happy Achilles saw this too: **The song of achilles lexile** He realized that Patroclus is special and he encouraged him to speak his mind. **The song of achilles book age rating** It felt like Patroclus was Achilles' conscience intervening whenever his divine heritage showed, **The song of achilles book review** Without Patroclus Achilles path would have been dark and bloody but with him at his side he became the glorious figure we all know about, **The Song of Achilles fictional** Patroclus was everything that was good about Achilles he brought out the best in him: **The song of achilles book cover** ' It was the name my father had given me hopefully but injudiciously at my birth and it tasted of bitterness on my tongue. **The song of achilles book genre** She did not know that I almost asked him a hundred times to be a little kinder to her, **The song of achilles doctype:pdf** You do not have to humiliate her so thoroughly I thought, **The song of achilles excerpt** Perhaps in some other life I could have refused could have torn my hair and screamed and made him face his choice alone. **Fiction The Song of achilles chapter 1** He would sail to Troy and I would follow even into death, **The song of achilles gay book** I imagine tearing down our tent smashing the lyre stabbing myself in the stomach and bleeding to death, **The Song of Achilles fictional characters** I want to shatter the cold mask of stone that has slipped down over the boy I knew: **Is the song of achilles historical fiction** "Odysseus:"May I give you some advice? If you are truly his friend you will help him leave his soft heart behind, **The song of achilles gay book** You can use a spear as a walking stick but that will not change its nature. **The song of achilles book review** "Damn how much I hated and liked that sneaky and cunning bastard!! I'm still very torn when it comes to him: **Song of achilles book summary** On the one hand he gave sound advice and knew exactly what he did and on the other hand he forced Achilles on his destined path, **The song of achilles common sense media** Of all the countless men that manipulated young Achilles Odysseus probably was the worst hiding behind the mask of a friend but ultimately pursuing his own goals. **The song of achilles book cover** Clever! Very clever indeed! Agamemnon:"Then you are a traitor to this army and will be punished like one. **EBook The Song of achilles chapter 1** Your war prizes are hostage placed in my care until you offer your obedience and submission, **Fiction The Song of achilles summary** Briseis is her name? She will do as a penance for the girl you have forced me to return: **The song of achilles cave scene** I think in the end their unconditional love for each other was the only thing that was able to break them and it eventually did: **EBook The Song of achilles epub** Jeez! How it did! \*cries again\* Achilles had no reason to kill Hector no reason to fulfil the prophecy, **The song of achilles book pdf** Well at least not until Hector took the only thing that mattered to him the only thing he didn't want to live without, **The song of achilles bookmark** T\_T I felt Achilles grief with him and it was so intense it left me crying and sobbing. **The song of achilles french** I can't anymore... \*weeps\* "I saw then how I had changed, **The song of achilles book review** I did not mind any more that I lost when we raced and I lost when we swam out to the rocks and I lost when we tossed spears or skipped stones: **Song of achilles book summary** He has looked at me a thousand times but there is something different in this gaze an intensity I do not know: **The song of achilles lexile** My mouth is dry and I can hear the sound of my throat as I swallow, **The song of achilles book summary** It will be this always for as long as he will let me. **The song of achilles chapter 1 summary** "'I swear it" I said lost in the high colour of his cheeks the flame in his eyes. **The song of achilles lgbt** "There was more to say but for once we did not say it. **The song of achilles book age rating** There would be other times for speaking tonight and tomorrow and all the days after that. **The song of achilles bookmark** "All told this was one of the most beautiful books I've ever read: **The Song of Achilles fiction book** It caused me to cry it made me angry it made me smile and it touched me deeply. **The song of achilles gay book** I'm a total mess after reading this and my emotions are still all over the place to say I regret reading it would be one hell of a lie though: **The song of achilles lexile** I swear if you wouldn't have discussed this with me I would have cried even more often than I already did. **The song of achilles pdf** \*lol\* So yeah thanks for that wonderful buddy read and for keeping my sanity intact: **The song of achilles hardcover** Their hands meet and light spills in a flood like a hundred golden urns pouring out the sun, **The song of achilles analysis** "Artist credit: I really tried my best to track down the artist but all I could

find out is that the picture was shared again and again on pinterest, **The song of achilles book age rating** com/avalonisles/ I don't have pinterest so I dunno how this works?! The Song of Achilles 1. **The song of achilles book age rating** Aw man where do I start with this one? I know that the big majority of people love this book: **The song of achilles lexile** They cried and were heartbroken and it was the best thing they ever read and shit but for me? It was just so boring: **The song of achilles novel** Seriously can Patroclus be any more of a Bella? The writing was mediocre the author clearly knows her stuff but the dialogues were often ridiculous the pacing was off. **The song of achilles free pdf** Now I wonder: how the hell does an epic tale become such a bland flat story? Ok confession time I never read The Iliad: **The song of achilles audiobook** I am 90% sure I read The Odyssey twice in my school years yup blame it on my school to make us read the same book twice just years apart, **The song of achilles carturesti** I enjoy Greek mythology and I was all for this book and its premise: **The song of achilles book cover** My biggest problem with the book was the characters like I said before they were awful characters: **The song of achilles lexile** Patroclus is portrayed from the beginning as this weak bland guy who can't defend himself and throughout the book that never changes. **The song of achilles book** He is there solely to admire every physical aspect of Achilles damn this guy had a thing for homeboy's feet, **The song of achilles book genre** Seriously Patroclus we get it Achilles's feet were soft and pink and smell amazing: **The song of achilles book** I got the message and I also got how golden his skin and hair and everything in him was: **Book song of achilles** What drove me crazy was the fact that Achilles really was the sole reason of Patroclus's existence. **The song of achilles book cover** Seriously we spend years in places and there's nothing to further the plot it's like we are just waiting for the call against Troy, **The song of achilles book review** It is so boring and in this time there's never a change in these characters, **Book the song of achilles** To me the 8 years old Patroclus is the same Patroclus at the end: **Song of achilles book summary** I don't know if it is because the story is told in past tense or if it's definitely a mistake from the author but it reads the same, **The song of achilles fanfiction** Through Patroclus's childhood adolescence and adulthood the character and his views feel exactly the same which is ridiculous: **Book song of achilles** I don't understand Thetis role in here and why was Achilles so devoted to hear her and always obey her: **The song of achilles online book** Why was Achilles the perfect son I don't understand because they clearly had a lot of issues, **Achilles the song of achilles** I can't really say more because I would be criticizing the same things over and over: **The song of achilles lexile** I had a lot of issues with this book this book took me more than a month to read More than a month! A book that I was planning to finish in 4 days, **The song of achilles character design** The prophecy said that Achilles would die shortly after Hector you don't know how many times I was rooting for this dude to die so everything could end soon: **The song of achilles lexile level** Maybe I would have enjoyed it more if I had read the Iliad but I sincerely doubt it. **The song of achilles free read** That being said the only thing and character I truly enjoyed was Odysseus. **The song of achilles book cover** The big twist: Madeline Miller casts the story as a romance between Achilles and Patroclus. **Book the song of achilles** Miller shows his unattractive qualities but she also shows that Achilles is human. **Book song of achilles** If you've read the Iliad you know that the story will have a tragic end but it's also strangely uplifting and hopeful: **The song of achilles age rating** I'll never be able to read about these characters the same way again and that's a good thing, **The song of achilles cover** Reading The Song of Achilles put a new light on this ancient story. **The song of achilles pdf online** It was like watching a really good interpretation of a Shakespeare play, **The song of achilles book review** You think you know the story but you're surprised to find how many layers of new meaning can be brought out by a smart production, **The song of achilles lgbt** I read a New York Times review of this book which I thought patently unfair complaining that the style made the book seem like a fast-food version of the Iliad. **The song of achilles french** Patroclus's mission in The Song of Achilles is to cut through the legend of the hero and show us the mortal side of demigod. **EBook The Song of achilles chapter 1** He doesn't want the pompous metaphors and flowery hyperbole of a war epic to bury Achilles's other qualities -- his tenderness his insecurity his honesty and lack of guile: **Song of achilles book**

**summary** The Song of Achilles can serve as an excellent introduction or counterpoint to the study of the Iliad. **The song of achilles illumigrate** It certainly made the story new and vibrant for me despite how many times I've read Homer: **The song of achilles age rating** Achilles and Patroclus were passionately in love which resulted in their respective destructions. **The song of achilles gay book** The watering down of this in the film Troy was an insult to the LGBT community, **Book the song of achilles** The attraction between these two men wasn't something that was rushed and squandered: **The song of achilles excerpt** The two were friends from boyhood and Patroclus was enamoured by Achilles after just one glance. **The song of achilles book age rating** The two grew up together they fought together they learnt together and they developed together, **The song of achilles lexile level** Their sexual relationship just matured as they did it; it was the most natural thing in the world, **The Song of Achilles fiction book** They clashed and quarrelled but only because they truly cared for each other: **Is the song of achilles historical fiction** Patroclus wanted to end the war and Achilles didn't think the fight was worthy of his name: he wanted a bigger war to fight in, **The song of achilles excerpt** So Patroclus in his most bravest and stupid move goes against his lover's wish and tries to end the war with a stroke of his sword, **Song of achilles book summary** It could only end in tragedy - Achilles Laments the Death of Patroclus 1767, **Is the song of achilles historical fiction** I've not included a spoiler warning because everybody knows the story of Homer's Iliad: **The song of achilles book cover** Well at least I hope they do! Following the traditional narrative arc Achilles goes on a mad rampage to avenge the death of his beloved: **The song of achilles book cover** In the process he simultaneously destroys and immortalises himself: **The song of achilles dymocks** He got what he wanted but not in the way he wanted it, **The song of achilles book pdf** I love the way the author wrote this I could really feel the desperate rage of an Achilles who had lost the only thing that mattered to him in the world: **The song of achilles excerpt** I'm so glad the author didn't deviate from the suggestions of homosexuality that were present in Homer's writing, **The song of achilles book review** There would have been no power and again like the film Troy it would have been abysmal. **The song of achilles book** The romance plot in here is one of the truest and believable I've read to date: it was strong and real. **The song of achilles book quotes** However this is not to downplay the other aspects of the story: **The song of achilles book summary** There is also a story of growth and the story of warrior who is out to prove his strength and honour in a world driven by war. **The song of achilles pdf free** - I've purposely avoided images of the movie Troy in this review: **The song of achilles free epub** Anybody who has seen it and read this book really shouldn't be putting the two side by side at least not if they want to make their review fair, **The song of achilles how many pages** One is an insult to the story the other a novelisation of a timeless classic, **Book the song of achilles** \_\_\_\_\_ You can connect with me on social media via My

straight up Chris Hemsworth, **The song of achilles gay book** Honestly not a bad picture to have in mind whilst listening to a book: **Book song of achilles** To sum it all up: READ THIS BOOK! The world would indeed be a better place if this book were required reading. **The song of achilles book cover** Earlier this week I read some original Greek mythology a play called Medea by Euripides (and yes Medea and her husband Jason are referenced in The Song of Achilles), **The song of achilles book genre** The characters are unique imperfect have a rich and interesting backstory and don't necessarily conform to gender norms. **The song of achilles deutsch** The play itself only takes about 1 hour and 45 minutes to read. **The song of achilles book club questions** However because the language is so archaic I spent more time referring to reference materials on Medea than it took me for the actual reading, **The song of achilles bookmark** The action is fast-paced and the writing style of short paragraphs makes for a quick read. **The song of achilles ending** Instead of focusing on guts and glory Miller weaves in the romance between Patroclus and Achilles. **The song of achilles book pdf** She also sets the stage for fascinating political and moral dilemmas, **The song of achilles book summary** Overall this was an incredible emotional journey and one of the best (if not the best) retellings that I have ever read: **The song of achilles quotes** There are a few books I come across everyday while going through my GR feed and The Song of Achilles is at top of that list. **The song of achilles book** Rightly so I have to agree the heart-wrenching ending notwithstanding. **The song of achilles book cover** Spoiling this book for future readers would be a crime so while I'm sharing my thoughts I'll do my best not to overshare, **EBook The Song of achilles** Patroclus - the lesser known hero - being the protagonist helps narrate the story of Achilles from a very unique standpoint. **The song of achilles hardcover** While the sequence of events does follow the Trojan war war part only feels like a sub-plot which complements the main plot beautifully. **The song of achilles pdf** The reader would rarely await the outcomes of war for the amazing and somewhat poetic narrative keeps one deeply immersed in the feelings of the main character: **The song of achilles bookmark** Still you'll come across the brutalities of war as well and how they change the characters and their personalities as the story progresses: **The song of achilles lexile** As I was finishing the first half of the book it didn't feel that eventful or impressive in itself: **The song of achilles lexile** Sure it was interesting and had a nice flow to it with some intricate details about both Achilles and Patroclus but it didn't feel like anything new: a regular romance novel: **The song of achilles gay book** But as you finish through the last chapters those seemingly uneventful - though quite emotional - first half will deepen the reader's emotions profoundly: **The song of achilles book genre** I think a re-read of this might prove very difficult especially with the first half with being familiar with the ending: **The song of achilles lexile** It might be easy to hate Achilles during the latter half of the story based on some of his decisions and rightly so, **The song of achilles book genre** But I think it's a good thing that the author did not alter his character to fix those flaws: **The song of achilles lexile** The objective of the story was never to portrait the greatness of Achilles: **The song of achilles book summary** And as for the ending: it was as emotional and beautiful as it could be. **The song of achilles book** Madeline Miller had done justice to Patroclus with The Song of Achilles perfectly. The Song of Achilles is her first novel. Alternate cover edition of ISBN 9780062060624. We all know the story. We all know the outcome. Gods. What a bloody trainwreck. This is the story of the fall of Troy. Or rather a part of it. Of their undying love for each other. Of the lives they sacrifice on the altar of that love. Of desperate men and petty gods. I see slaves treated well and women given a voice. It is awash with pain and brutality. As it should be. Because historical accuracy. But it means that this book is not for everyone. Expected. I didn't like a single one of them. And not just because of their worldviews. There was Achilles and his hubris. Patroclus and his uselessness. Thetis and her coldness. I just. I cannot say enough about this book. To me this is literature at its finest. 2. Heed my warning or get lost in the underworld. It's your choice choose wisely! ;-P Achilles: 'Ah. Well most of the time. Some people might have mistaken this for simplicity.' 'Then it is darkened.' His jaw shot forward stubborn. 'Patroclus. I have given enough to them. I will not give them this.' 'It is not true. You left yourself today. And now you are returned.' His shoulders rise and fall on a long breath. 'Patroclus: 'I went to Peleus. He started to

speaking but I was too quick for him. The pose of supplication. 'Tell me where he is' I said. Patroclus was so much more than just a companion. T\_T Patroclus. 'Honour of the father' it meant. "Perhaps she thought I was mocking her flourishing my triumph. Perhaps she thought I hated her. But it was not kindness he lacked it was interest. His gaze passed over her as if she were not here." "Will you come with me?" he asked. The never-ending ache of love and sorrow. But not in this one. Yes I whispered. Yes. "I do not know this man I think. He is no one I have ever seen before. My rage towards him is hot as blood. I will never forgive him. I want to see his face broken with grief and regret. He has given her to Agamemnon knowing what will happen. He's going to Troy to kill men not rescue them." His dark eyes held me like swift-running current. "He is a weapon a killer. Do not forget it. Let us start with that girl. \*shakes head in disbelief\* I. HATE. 'Good morning' he'd said. I remembered the heat of him against my skin. They were so beautiful together... so so so damn beautiful. It was enough." "My pulse jumps for no reason I can name. He watches me. It seems that he is waiting." "His eyes were unwavering green flecked with gold. A certainty rose in me lodged in my throat. I will never leave him. I would know him in death at the end of the world." "You can't." He was sitting up now leaning forward. "I can't." "I know. They never let you be famous and happy." He lifted an eyebrow. "I'll tell you a secret." "Tell me." I loved it when he was like this. "I'm going to be the first." He took my palm and held it to him. "Swear it." "Why me?" "Because you're the reason. Swear it." "I swear it" he echoed. He let go of my hand. One of the people who shared it is: <https://www.pinterest.com> 5 stars. This story NEVER seemed to end. I am however familiar with this story. But it was just not for me. He is one of the most passive characters I've ever read. Guy's hot noted. I just. this book is just so dumb sometimes. Of the story I can't say much because nothing happens. I repeat this book can be so dumb. It seemed like it would NEVER end. JUST SOMEONE COULD PLEASE KILL HECTOR NOW. You go Odysseus. He's capable of love. He's deeply conflicted. He has a sense of humor and a gentle side. The book is certainly appropriate for YA and up. The prose is elegant in its simplicity. Miller gives Patroclus a Hemmingway-like directness. I think this misses the whole point of the story. They were not cousins or man at arms but soul mates. Nothing more. Nothing less. It was built up ever so slowly and delivered eloquently. He didn't want to be parted from him. They became inseparable and reliant on each other. Like all relationships there were issues. The two weren't without their differences. But he is no Achilles: he is not a god of war. He was out of his depth outmatched and doomed. This would have failed dramatically had she done so. It is driven by romance but it is not defined by it. He just happens to like guys. A strong four stars p. . You can't . . I'll tell you a secret . . I'm going to be the first. I was hooked from the first page to the last. It gave me all the feels. It took me so long to get to this book. But it was worth the wait. It's truly a memorable tale. Admittedly I am not an avid romance reader. There was something so pure and confident in their love. The Ice Queen hath officially melted. This narrator absolutely nailed the feeling of the story. I honestly believe that. It was written in 431 BC more than 2400 years ago. Greek mythology is incredibly interesting. This book is brilliant because the language has been modernized. This reads much smoother than Medea. Additionally the storytelling itself is incredible. The author tells the story in a very compelling way. We obey our kings but only within reason. I find the folly of men amusing. Still you'll definitely re-read this. No man is worth more than another wherever he is from. 'Go' she says. 'He waits for you.' The Song of Achilles.
