Rating: 2 I was expecting so much more for this book and was a little let down. **Must Like kidsquest** Because I can't define it the whole story became tainted by the vague sense that a few somethings are missing and it grates in the back of the mind because you just don't know what it is. **Must Like kidstir** And then when it jumps a couple of months at the end that also didn't feel believable because it just seemed that the author was attempting to tie up loose ends and that was the easiest way to do so. **Must love kids pediatric dental** The other problem that I had was that Alec the main guy wants to be their Dad and is so happy that they're going to be a family but he meets the kids all of 3 times. **Must Like kidstart** Jackie Braun 4 Stars ~ Newly hired as CEO for a large infant product company Best for Baby Alec made a remark to a journalist that's sent his career and the company stock spiraling. **Must love kids dentist** As the line title suggests in this book the romance in real time stayed with the kiss and while the hero and heroine were intimate that part of their relationship was merely a mention and kept strictly behind the closed bedroom door. **Must Like kidsmoove** In my opinion this book is suited for romance readers of all ages including teens Jackie Braun Another Mills and Boons type rom-com that sure will keep you occupied and help bring a smile to your face,

To hell with it! This is a total five-star! :D How I wish it wasn't over, **Must Like kidsmart** *pout* I wanted it to last longer! I stayed up until 4am last night reading it, **Must love kids pediatric dentistry** And when I woke up today the first thing I did after making coffee was read what I had left. **Must Like kidsparkz** Study? What's that word? This was better! ;) Ah! I loved this book: **Most like kitsch crossword** Alec runs a baby department store and made an off the cuff remark about not likening children: **Must Like kidsrkids** His board hires image consultant Julia to improve his image or he is out: **Must Like kidsrkids lms** Julia single mother of two is trying to balance work and her kids but at times it's difficult, **Must Like kidsrkids lms** Alec is brought around her kids and it starts to improve his image but they both start to fall for the other, **Most like kitsch 7 little words** Jackie Braun The characters are likeable enough.

Children have a place and it's anywhere I'm not! It was one off-the-cuff remark: **Must Like kidsmile** But when it goes viral Alec McAvoy is labeled the playboy CEO of Best for Baby who hates kids! Enter Julia Stillwell image consultant extraordinaire: **Must Like kidson** The widowed mom of two has a knack for changing public opinion and she'll teach Alec all he needs to know: **Must love kids dentist** It was an ok book but I really wished that the heroine and hero would have had more scenes with the heroine's kids: **Must love kids dentist** I realize that the heroine didn't want to

intermingle the hero with her kids and all that but I really wished she would have, **Must Like kidsquest children's** Really pretty sad it was such a blah read that I made myself finish but there was no sparkle what so ever in their relationship. **Most like kitsch 7 little words** Jackie Braun Oh and while the romance seemed to be based on more than heated attraction elements were lacking, **Must Like kidsville** The biggest problems for me were first the ending seemed cut short and the second is more difficult: **Must Like kidsmile** It's more like I can't exactly describe what exactly was missing, **Must love kids pediatric** The hero is CEO of a Big Baby Products company who steps into a firestorm when he tells a reporter he isn't all that wild about children. **Must Like kidsmartz** His company hires the heroine an image consultant and single mother to head up the damage control campaign. **Must Like kidsquest bellevue** Liked that the author showed a single mother heroine juggling a demanding job and motherhood: **Must Like kidstown** Liked that the hero had baggage and while uncomfortable around children wasn't a jerk-face. **Must Like kidsmart** She is a three time RITA Award finalist and four time National Readers Choice Award finalist. **Must Like kidsmile** RT Magazine named her Series Storyteller of the Year in 2005: **Must Like kidsmart** She has written 35 traditionally published books most of which are still in print somewhere in the world. **Must Like kidsmile** Since surviving two bone marrow transplants for blood cancer she has turned her attention to self publishing, **Must Like kidstube** She is a three time RITA Award finalist and four time National Readers' Choice Award finalist, **Must Like kidsread reddit** RT Magazine named her Series Storyteller of the Year in 2005. **Must Like kidstir** She has written 35 traditionally published books most of which are still in print somewhere in the world, **Must Like kidswheels** Since surviving two bone marrow transplants for blood cancer she has turned her attention to self publishing, **Must Like kidsme** When I say that I mean that for what happened - meeting someone falling in love etc - it happened in such a short time frame that it didn't feel believable, **Must Like kidsquest children's** They sounded way too grown up and had too good of a vocabulary for 6 and 9. **Must Like kidsmiling** And the only substantial time that he spends with them is one night over dinner: **Must Like kidsuper** Jackie Braun This book was pretty good but it being a Harlequin KISS book brought it down a few notches: **Most like kitsch 9 letters** In one instance they were kissing & the next it was a month later & your thinking did they do it? And a few pages later he mentions it in an offhanded way, **Must Like kidsmartz** Well HOW WAS IT?!?!?! They obsess over kissing each other but not one peep about the sex? Huh?The lack of romance in this book was it's downfall: **Must Like kidsmoove** On the cover he looks a guy who works for a fashion magazine) And the lack of descriptions put me a little, **Must Like kidstv** Nor do I know what his color of hair is just that he was gorgeous and has green eyes. **Must Like kidstir** Now every mother who buys Best for Baby products thinks the CEO hates kids. **Must Like kidson** It's not that Alec hates kids they just make him uncomfortable after all he's a product of boarding schools and nannies: **Must Like kidsquest bellevue** With the Board of Directors anxious to do damage control Alec is given no choice but to cooperate with the image consultant they've hired. **Must Like kidson** Julia's worked hard to make her image consultancy firm a success and the Best for Baby account means a lot to her: **Must Like kidstown** Alec may be powerful in the business world but in Julia's world he's a client who blundered big time and she's the one to clean up the mess. **Most like kitsch crossword** Researching his profile online Julia expects some resistance to her PR campaign: **Must Like kidstart** What she hadn't expected was her immediate knock-out-the- knees attraction; and what's more unexpected is Alec feels it too, **Most like kitsch** As they work to rebuild his image Julia sees the sad and lonely little boy he'd once been, **Must Like kidsmatter** Being around Julia and her two kids gives Alec a taste of what a family really is and what a home should feel like, **Must Like kidsmart** Even though it's been ages since I've read her books I'm a huge Jackie Braun fan. **Must Like kidsmart** I've found her stories to always be fun with just the right amount of deeper emotions. **Must Like kidsnote** While this is written as a tender romance I loved how each had vivid dreams and day dreams of the other. **Must Like kidsmile** Braun uses Julia's kids to bring out both Julia's insecurities of dating again and Alec's yearning for family and home, **Must Like kidsmart** The line is touted as fun and flirty and that it was. Even though I wish the ending had lasted longer.

I also didn't like how the kids were written. It's just once again not believable. Harlequin KISS books are known to be very clean. No sex no foreplay and in this case that was bad. (And the cover he looks nothing like that. off kilter. I have no idea what she looks like. The only adjective I got was stunning and gorgeous. Not good. Jackie Braun 2.5 This book annoyed the living hell out of me. This story gave me all that and then some. I loved Alec and Julia they complement each other perfectly. Ms. I really enjoyed this heartwarming romance. This is my first read in Harlequin's new line Harlequin Kiss. Jackie Braun.
