Stuff I Read - Adventure Time Vol 2 Review So after the events of the last volume this new adventure takes Finn and Jake on a quest through time itself. **Adventure Time Vol. 2x-4 10** Not set in a fantasy world really but in a distant future where humanity is on the verge of extinction it's almost surprising that time travel hasn't featured into the television show more. **Adventure Time Vol. 2book** Of course there's also murderous Finn and Jake robots that BMO made and a future where the Candy Kingdom is conquered by machines and even a stop by the pilot episode of the show to steal Finn's sleeping bag. **Book Adventure Time Vol. 2007** Of course it could be that it's just setting up a future (haha get it?) conflict because it's entirely possible that the Finn and Jake robots (or at least the Jake one) will be back later but it was still a let down. **Adventure Time Vol. 2st** It all works and I think that's a very good thing because fans of the show deserve good things especially when the show doesn't come out very regularly for those not watching it when it airs (for shame on only have three complete seasons out when the show is putting out its sixth season. **Book Adventure Time Vol. 2020** ca! Ryan North Schmowza! - FINN THE HUMAN Jake the Dog and Finn the Human are up for another topological adventure! Not only they will run on a straight line for like 26326 miles but they will also meet they alternative self and. **Adventure Time Vol. 2x3** travel through time? Mathematical!!! I'm having so much fun reading this comic I just can't have enough of the craziness the puns the nonsense! I guess this series has my same exact sense of humor ☐. **Adventure Time Vol. 2u lyrics** Once again North proves that he is THE perfect choice for an Adventure Time comic keeping the

same sensibility as the TV show but using many gags that would only work in this medium, **Adventure Time Vol. 2x3** 2 Definitely enjoyed this! Ryan North SO GOOD AND SO FUN! Ryan North I love these comics, **Adventure Time Vol. 2mm** Yes time travel the old trope of science fiction shows which is what Adventure Time really is. **Comics Adventure Time Vol. 2020** But it arrives here in full force as PB builds a time machine and Finn and especially Jake muck things up, **Adventure Time Vol. 2 epub reader** It's an interesting blend of homages and references to the show while also branching out on its own and starting to really create some new content, **Adventure Time Vol. 2 kindle unlimited** After the first volume which was a lot more about showing the toys in the sandbox this second volume starts to come up with entirely original content. **Adventure Time Vol. 2 ebook** It's nice to see the series start to really get moving too because it means that more weird and creepy things can happen: **Adventure Time Vol. 2 nonfiction articles** Adventure Time has always been something that was fun for everyone including adults. **Adventure Time Vol. 2w1** The weirdness can act on multiple levels and the comic captures that nicely blending the juvenile humor in with the more mature aspects nicely, **Adventure Time Vol. 2mm** The art and visuals are all fun and it all works together to create an effective whole: **Adventure Time Vol. 2 nonfiction articles** The one thing that I had some problems with was the ending the resolution to the whole time travel problem: **Adventure Time Vol. 2 nonfiction articles** Because for all the volume built up the threat of the Finn and Jake Robots it seemed almost a cheat to have them defeated off panel, **Adventure Time Vol. 2 epub reader** It wasn't terribly done but it lacked some satisfaction that I wanted: **Adventure Time Vol. 2v2t** The story finds a way to address that very thing but it doesn't really solve it by drawing attention to it: **Adventure Time Vol. 2o r** I think it's doing a good job of charting its own territory and using the medium to tell stories that television wouldn't be a good fit for: **Adventure Time Vol. 2v2t** But yes I am really liking this series and so this second volume gets an 8. **Adventure Time Vol. 2 comicstorian** I thought that this one was even better than the last one: **Adventure Time Vol. 2 comics kingdom** I love all of the little details like the little notes at the bottom of pages. **Adventure Time Vol. 2 nonfiction** Also in this issue you get to see possible adult warrior Finn Jake and PB (QB) and they look awesome, **Kindle Adventure Time Vol. 2013** Ryan North I think I liked volume 1 more but this was super fun: **Adventure Time Vol. 2v2t** Confusing time travel stuff for sure but Ryan North is great with the humor, **Book Adventure Time Vol. 2019** Ryan North Jake and Finn cause all sorts of problems when they mess around with Princess Bubblegum's time machine: **Adventure Time Vol. 2nd edition** Yikes!
