

A Brothers Honor (The Grangers, #1) By Brenda Jackson **A brother's honor** 4 Stars Series: Book 1 of 3 Mild Cliffhanger 3rd Person POV Heat Level: Light to Moderate HEACOME FIND ME! 9780778314332 Even though all brothers sound interesting If I read more of this series I would be really interested in the parent's storyline and what really happened and who killed their mother. **A brother's honor book** Right away I sort of became hesitant because I didn't know how Ms Jackson was going to pull off a decent --- nevermind good novel when she begins with the death of the grandfather and 30 year incarceration of the father. **A brother's honor streaming** On the grandfather dying bed he made the brothers promise to work together and complete 2 task 1st bring their legacy which is Grainger Aeronautics from going under and 2nd Get their father out of jail because he was framed from killing their mother. **A brother's honor trailer** The Granger Dad was convicted of murdering their mother and while all three brothers still hold on to the belief of their father's innocence 5 stars 9780778314332 Decent beginning to the series. **A brother's honor streaming** A Brothers Honor (The Grangers #1) Despite the book's strong professional heroine (business consultant with an MBA) there's so much underlying sexist ideology and male privileging here that I often felt I was reading an Old Skool romance -- bitchy ex-wife who has an abortion without telling our hero (but of course it turns out she was cheating on him so whew the baby wasn't really his); heroine too clueless to remember that antibiotics can interfere with the pill so of course she gets pregnant and of course she doesn't have an abortion; opening scene where our hero is on a date with another bitchy woman who only cares about his wealth; another opening scene with a second brother who ditches the woman he's been sleeping with and we're intended not to have any sympathy for her because he TOLD her he wasn't into having a real relationship with her; a third brother who can't stop hitting on any woman who crosses his path; an old family retainer (female) who cooks and loves these poor boys; etc. **A brother's honor book** Take your pick because they are all successful gorgeous and very sexy! We learn early in this book that Jace's father was wrongly convicted of the murder of Jace's mother and is currently serving a 30- year prison sentence. **A brother's honor book** Thankfully her reluctance doesn't last long! I absolutely loved this book! The relationship between the Granger men was so special and the chemistry between Jace and Shanna was to say the very least intense! Their first sexual encounter was so incredibly hot that I swear my kindle was smoking! I also appreciated that this book is multi-layered. **A brother's honor streaming** There is a minor suspense plot a secondary romance that involves Shanna's father and the irresistible remaining eligible Granger brothers! Although this is Jace's book Caden and Dalton's future love interests are introduced and I can't wait to see how their stories will unfold! Overall a brilliant start to a promising new series! My one complaint is that Caden's story A Son's Promise is not due out until June of 2014 and that my friends seems like an eternity away! It's shaping up to be something VERY special and I wish the release date were next month instead of next year! Highly Recommended! Thank you to Harlequin via Netgalley for providing this ARC copy for review! 9780778314332 Man I really wanted to like this but I don't even think I can finish it. **A brother's honor book** A native of Jacksonville Florida Brenda is the first African American author to have a book published by Harlequin Desire and the first African American romance author to make the New York Times and USA TODAY bestseller lists within the series romance genre. **A brother's honor** A native of Jacksonville Florida Brenda is the first African American author to have a book published by Harlequin Desire and the first African American romance author to make the New York Times and USA TODAY bestseller lists within the series romance genre, They all fled from their hometown to escape but return upon the death of their grandfather who makes them promise to take on the family business Granger Aeronautics. **A brother's honor book** For unknown reasons the once lucrative family business is in the decline and Shana is hired as a consultant to investigate. **A brother's honor full book 123books** The chemistry is undeniable and the fact that they both fight their feelings for a while makes their eventual union explosive: **A brother's honor book** The steamy scenes while to some extent is descriptive reads rather tame in this book: **A brother's honor full book** I loved Jace! He was strong and sexy but at the same time he was the most responsible.

They each dealt with the trauma in their own way. The attraction between Shana and Jace is instant. Solid read. This book definitely reads as a mystery/suspense romance. I plan to read the next ones. But the years of mismanagement seem impossible to untangle. As CEO he hires a consultant to turn the company around. A woman from Jace's past suddenly reappears. Three brothers. One legacy. A lifetime of secrets. etc. 9780778314332 Review posted at: Swept Away By Romance4. It feels like she's talking down to the reader. I'm so disappointed. I have read many of her books and loved each one. You dive right into the story. Jace is everything a woman could want in a man. I think I'm in love. Dalton is a lover of ladies. I look forward to seeing their storyline progress. Shana is all for it but Jules has her reservations.
