"So you see"—I said darkly and leaned close—"you played this game with me took what's mine and tried to ruin my life. **Book Deceiving liese** I hope She writes a book for Mason and Trent! Below I leave my favorite moment from this book:He dropped to his knees on the floor and pressed his head against my stomach his hands gripping my back as he cried into my lap. **Book Deceiving lies** I enjoyed the book Contemporary Romance Suspense Continuation of Buddy Read With Aksa!When Kash and Rachel should be planning their wedding Kash's past as an undercover narcotics agent has come back to haunt them. **Book Deceiving lies my** I know I probably sound overdramatic but how could one story went from 'I'm lovin' it' to 'I consider slitting my wrists open it hurts so much' in only few chapters? I just don't understand it! Kill me now please!Deceiving Lies starts a little bit earlier than epilogue from first book in the series ended. **PDF Deceiving liest** Kash is still swoonworthy admirable hero Rachel has a great sense of humor and their love life is perfect till the moment Rachel is kidnapped by men that want to hurt Kash and Mason. **Contemporary Deceiving lies** I was not happy about that but considering I found Kash and Rachel enjoyable and sexy couple I wanted to know how their story would end and my sweet spot for Mason made me jump on the occasion when I saw Deceiving Lies is up for review requests . **Book Deceiving liest** I loved the beginning though it was fluffy but I didn't mind at all the middle and the end was very disappointing and unsatisfactory... I didn't want this story to reach a forbidden territory that McAdams is the queen of. **Book Deceiving lies my** *ARC provided by publisher via Edelweiss in exchange for honest review * Contemporary Romance Suspense

Einige Dinge haben mich schon sehr gestört aber ich kann dem Buch nicht weniger als 4 Sterne geben weil ich Kash einfach so abgöttisch liebe. **Deceiving Lies book** Rachel meets Kash's parents and family (in the most hilarious way) and they even start planning a wedding! You would think that after everything that Rachel had been through she would catch a break Instead she gets kidnapped by a gang that Kash had put in jail and if the police force didn't free their men they would kill Rachel. **Deceiving Lies suspense books** Even though these scenes were pretty intense and suspenseful they quickly lost their intensity when we find out that Rachel has a protector thats not letting anything bad happen to her. **EPub Deceiving liesa** I'm guessing that Trent was supposed to be a hauntingly sexy character? But in reality he was just strange not to mention the situation can't

be that scary if you're asking your kidnapper what color to paint your nails" You're trying to turn me into a girl" He grumbled But of course Molly McAdams isn't going to let us be bored for too long! As soon as Kash finds Rachel there's still a lot of drama and a lot of crying to help them get back to normal and some very sweet scenes. **Deceiving Lies suspense radio** I am curious to see more of his character (I'm not even sure if he has a book out yet or not??) Molly if not can I put in a personal request? ;) Loved this book,

. That way she can pretend they aren't really happening. That way she can pretend they aren't really happening. Well as normal as it can be. Kash is ready for it all with Rach. and it's the girl he loves who's caught in the middle. Trent Cruz's orders are clear: take the girl. Almost like herpes. "No. What I need is my girl back. I told you before I'd do anything to get her back." "You are what makes

me happy. I can't live a life that you're not in Kash. I've already tried it once before it didn't work." I really loved this book. I am kinda shocked at how much I really liked it. This book has some darker aspects. I actually liked Trent a lot. I hope he gets his own book. I'm sorry." "I know. So if anyone leaves the other speechless it's you. OMG do I love that man!! My heart broke for him. I can't be positive but I'm pretty sure I just won. And now I've started my own game . . now I've taken what's yours. I love Kash and Rachel as a couple. I am glad for the outcome that Trent gets too. "There's my fiery girl. You're such a cute little monster when you wake up." "I will cut you." "I said cute." "I hate you." This book is suspenseful dark and full of emotion . I will for sure read more books from Molly McAdams. "I'm here we're together." "I'm not letting you go Rachel for anything. It's you and me. Always got it?" <https://jessicasoverthetopbookobsessi>. My lord ppl authors are ppl to. Deceiving people was natural . . But all bets were off until I found her. I really loved this book. Rach was kidnapped. In her captivity she bonded with Trent. Kash. Kash wore his heart on sleeves. I cried for him. First because of his past Rach was kidnapped. To find her he became a different person. the circumstances were complicated. But even then he never left her side. Tight. I liked how the blurb included him too. Initially I really wanted to hate him. He was the one to kidnap Rach. I wanted him to have a chance at life. I just loved it. . because I'm Rachel." It was a treat to watch Rach back to her crazy self. Mason and Eli again were the best. I again doubted presence of Candice in the story. Kennedy and Kira. Loved them. . Most importantly there were never any lies." Contemporary Romance Suspense Title: Deceiving Lies Series: Yes. There is no cheating except for few kisses. Release Date: March 4th 2014 Rating: 2 stars Cliffhanger: No. HEA: Yes. It comes back to Rachel and Kash's 'honeymoon phase'. And for the most part they are doing great. Careful reader of my review can sense spoiler. It's not written yet it can be read between the lines. The blurb doesn't hide much though. And here comes Trent. I quickly fell in love with Rachel and Kash's story. It was perfect just the way it was. I didn't even want a sequel. That's why I picked it up. And I truly wanted to love this novel. I felt like someone punched me in the gut. I'd love that. She has the perfect mix of Romance drama and comedy. Contemporary Romance Suspense Wow just wow. This book took me by surprise in every aspect. But I ended up loving every minute of this duet. I do hope and pray we get something on Trent. Got teary eyed quite a bit
