Not for a comfortable turning away from life and action or merely for glossing over the egotistical life and the cowardly bad act. **On the Use and Abuse of History for Life article** Perhaps with such a description someone or other will have reason to point out to me that he also knows this particular sensation but that I have not felt it with sufficient purity and naturalness and definitely have not expressed myself with the appropriate certainty and mature experience. **On the Use and Abuse of History for life** gift On the Use and Abuse of History for Life

دوستان گرانقدر، متأسفانه ترجمه On the Use and Abuse of History for Life کتاب به زبان فارسی، اصلاً روان و خوش فهم نمیباشد و من به یاد دارم در خوانشهای نخستین از این کتاب، زمان زیادی را مترجمان این کتاب تا جایی که **On the Use and Abuse of History for life** gift . صرف خواندن آن کردم

میتوانستند از واژه های قلمبه و سلمبه و کلمات بی معنی و بی مفهوم تازیان برای ترجمه این کتاب، استفاده کرده اند و این خیال اشتباه را داشته اند که چنین کتاب مهمی را، خیلی فلسفی ترجمه نموده اند

On the Use and Abuse of History for life card دوستان عزیزم، این کتاب به طور کلی به سه بخش تقسیم شده است

به همین دلیل انسانهایی را که آرمان های بزرگ قهرمانی دارند را شایسته آن **On the Use and Abuse of History for life** card او آموزش میداند که سرگذشتشان در تاریخ نوشته شود، چراکه تاریخ از دیدگاه نیچه سرگذشت مردان بزرگ و قهرمانان است تاریخ را در پرتو فرهنگ در حال ارتقا، مفید و مؤثر دانسته و البته افراط در تاریخگری را خطرناک و زیان بخش می شمارد

Philosophy On the Use and Abuse of History for life lock، نیچه تاریخ را متعلق به روح حرمتگذار میدانند،

یعنی متعلق به آنکس که با وفاداری و عشق به خواستگاه های خود مینگرد و چنانچه انسانی اینگونه باشد، میتواند سپاسگزار او تأکید میکند که تاریخ باید به انسانها بیاموزد که چگونه زندگی را حفظ نمایند، نه آنکه بگوید چگونه زندگی خویشتن نیز باشد به باور نیچه، تنها شخصیت های نیرومند در مقابل تاریخ دوام می آورند و ناتوان ها به وسیله تاریخ نابود زندگی را ایجاد کنند

و اینگونه ادامه میدهد که: هرگاه **Philosophy On the Use and Abuse of History for life** insurance

شما تجربه کمتری نسبت به کسانی که آنها را نمی شناسید، داشته باشید، چگونه میتوانید به تفسیر عظمت و اعتلای گذشته

بپردازید؟ تار۹۹ و گذشته همیشه همچون یک پیشگو سخن میگوید و شما فقط به عنوان معماران آینده که زمان حال را

نیچه برای اثبات گفته هایش یونانیان را مثال میزند و بخشی از گفته هایش را به توضیح می شناسید، قادر به دریافت آن خواهید بود

در بخش های پایانی در مورد چگونگی برخورد یونانیان با تاریخ و غرق شدنشان در تاریخ گذشتگان، اختصاص داده است

کتاب نیز، نوشته های <نیچه> خطاب به آلمانی هاست و فرهنگ آلمان را فرهنگی دروغین میداند و آلمانی ها را میراث خور

امیدوارم این-----گذشتگان به شمار می آورد

Destroy the ballast of history and look at the world as though with a fresh pair of eyes and almost in a history-agnostic kind of way. **On the Use and Abuse of History for Life book** There were a few very interesting points that he raised: • Our culture is not so much something that we are continuously improving but rather something that is handed down from generations before and we acquiesce to its norms. **On the Use and Abuse of History for lifekeys bible** • Build your homes on the slopes of Vesuvius was one of Nietzsche's famous quotes and if once erupted there are only a few that would dare to build their homes with their loved ones on its slopes and yet we live our lives building our existence around the simmering volcano in ourselves. **On the Use and Abuse of History for lifegift** Our worlds are shattered once in a while by some catastrophic event - we don't crawl into a ball and die but continue to live around the Dantesque inferno that could explode at any time. **PDF On the Use and Abuse of History for life insurance** On the Use and Abuse of History

Friedrich Wilhelm Nietzsche (Ph. **EBook On the Use and Abuse of History for life** He describes three types of historiography- 'monumental' history which can either provide examples of greatness for the present or refuse the possibility of greatness in the present; 'antiquarian' history which can either make us comfortable in our own time and place by showing its historical context or encourage us to live in the past and forsake the present; and 'critical' history which criticises the past and attempts to create a new one for itself or makes us ignore our own descent leading to a conflict between our actual and our created pasts. **On the Use and Abuse of History for Life booker** This leads to a people with weak personalities which believes itself to be more just than other ages is immature leads to a melancholy belief that we are nothing more than the children of the great irony and eventually the cynical inversion of this belief - that rather we are the great descendants of the weak. **Book On the Use and Abuse of History for lifeline** I'm sure it's all very entertaining when you're young but by the time you're working or a grad student you know pretty darn well that academics cut off from 'life' is a farce. **On the Use and Abuse of History for Life booker** You know that appeals to 'life' are more or less completely empty: what sort of life? What will you do with this life? And you probably have a hunch that life whatever it is might not even be possible. **PDF On the Use and Abuse of History for lifelock** So what are we doing when we read Nietzsche's essay? First we're engaging in monumental history against the present: lauding Nietzsche when we could for instance be reading about the crisis in health care or the destruction of the environment or the ongoing economic crisis. **On the Use and Abuse of History for lifegift** Nietzsche believed that the modern German no longer trusted and had faith in himself therefore when looking at history he would think how am I to feel here as opposed to the actual reality of the situation. **On the Use and Abuse of History for lifehomes subdivision** Looking at how absurd the typical American's (and European) irrational (and total ignorance of in general) views on the second World War II certainly proves that Nietzsche's views are still more than relevant today. **On the Use and Abuse of History for Life artificial** When talking about most historical (and contemporary events) most people have an anti-intellectual emotional response that they have unknowingly been indoctrinated and conditioned with like Pavlov's dog. **On the Use and Abuse of History for lifelock** In a world where collectivist anti-intellectual metaphysical propaganda dominates and where virtually all professional Historians are compromised by the thought police it is very hard for one to discern the true facts of history from the propaganda of lies. **On the Use and Abuse of History for lifegift** Neįmanoma pasakyti ar knyga būtų palikusi tokį pat įspūdį kokį paliko jau perskaičius kitus Nyčės tekstus savu laiku įkvėpusius/sužavėjusius jų literatūriškumu kaip konceptualiu išėjties tašku (smagus tas skaitymas dėlioki chronologines rašančiųjų tekstų lenteles bet va skaitantysis ims ir glaus rankutėse viską kaip jam pačiam į galvelę/rankeles šauna. **On the Use and Abuse of History for lifekids bible** Bet būklė kurią pats Nyčė pirmuosiuose puslapiuose grindžia kaip pačio patirtą tad ir aktualią kai žinojimas ir patirtis pasiglemžia į tamsią neveiklos karalystę bet ne įgalina gyventi asmeniškai skausmingai pažįstama dramatiškai išgyvenama netolimoje ateityje tykanti. **Art On the Use and Abuse of History for lifeline** On the Use and Abuse of History for Life [la tesi principale]Per ogni agire ci vuole oblio: come per la vita di ogni essere organico ci vuole non soltanto luce ma anche oscurità. **On the Use and Abuse of History for Life psychology master's**] c'è un grado di insonnia [un limite massimo] di ruminazione [una soglia] di senso storico in cui

l'essere vivente riceve danno e alla fine perisce si tratti poi di un uomo di un popolo o di una civiltà.

On the Use and Abuse of History for Life art Con questo rumoreggiare si rivela la qualità più propria di questo uomo moderno: lo strano contrasto di un interno a cui non corrisponde nessun esterno e di un esterno a cui non corrisponde nessun interno [**On the Use and Abuse of History for Life book**] Noi moderni infatti non caviamo niente da noi stessi; solo riempiendoci e stipandoci di epoche costumi arti filosofie religioni e conoscenze estranee diventiamo qualcosa di degno di considerazione ossia enciclopedie ambulanti. **Art On the Use and Abuse of History for lifeline**] qual mezzo resta ancora alla natura per dominare ciò che si stipa troppo abbondantemente? Solo il mezzo di riceverlo con la maggior facilità possibile per subito eliminarlo ed espellerlo di nuovo. **On the Use and Abuse of History for Life ebook3000**] alla fine si diventa all'esterno sempre più indulgenti e comodi e si allarga il pericoloso abisso fra contenuto e forma fino all'insensibilità per la barbarie purché la memoria venga eccitata sempre di nuovo purché vi affluiscono sempre nuove cose degne di essere sapute. **On the Use and Abuse of History for Life ebooks free**] qualunque cosa si faccia di buono e di giusto come azione come poesia come musica subito lo svuotato uomo colto passa sopra all'opera e si informa sulla storia dell'autore [che] subito viene paragonato ad altri viene sezionato e squartato [**On the Use and Abuse of History for Life artificial** Non si giunge mai a un effetto ma sempre e solo a una nuova «critica»; e la critica stessa non produce a sua volta nessun effetto ma viene soltanto fatta oggetto di nuova critica. **On the Use and Abuse of History for Life article** La cultura storica dei nostri critici non permette affatto ormai che si giunga a un'efficacia in senso proprio ossia a un'efficacia sulla vita e sull'agire; mai la loro penna critica cessa di scorrere giacché essi hanno perso il potere su di essa e ne vengono guidati più che non la guidino. **On the Use and Abuse of History for Life book** Proprio in questa smoderatezza dei loro sfoghi critici nella mancanza di dominio su se stessi in ciò che i Romani chiamano impotentia si rivela la debolezza della personalità moderna. **On the Use and Abuse of History for Life epublising**] l'elemento caratteristico nella cultura dei veri popoli civili: che la cultura può svilupparsi e fiorire solo dalla vita mentre presso i Tedeschi essa viene appuntata come un fiore di carta o viene versata sopra come un'inzuccheratura e perciò è destinata a rimanere sempre menzognera e sterile. **On the Use and Abuse of History for Life book** Ma l'educazione della gioventù tedesca prende le mosse proprio da questo falso e sterile concetto della cultura: la sua meta pensata in modo molto puro e alto non è affatto il libero uomo colto bensì il dotto l'uomo di scienza e precisamente l'uomo di scienza utilizzabile al più presto possibile che si pone in disparte dalla vita per riconoscerla più chiaramente; il suo risultato visto in modo molto empirico e corrente è il filisteo storico-estetico della cultura il saccente e aggiornato cicalatore sullo Stato sulla Chiesa e sull'arte il sensorio per mille specie di sensazioni lo stomaco insaziabile che tuttavia non sa che cosa sia un'onesta fame e sete. **On the Use and Abuse of History for lifelock** [conseguenze del trionfo dell'interiorità e scacco dell'agire] Mentre non si è mai parlato così sonoramente di «libera personalità» non si vedono affatto personalità e tanto meno libere ma solo uomini uniformi timorosamente celati. **Book On the Use and Abuse of History for life** Sicuro si pensa si scrive si stampa si parla si insegna filosoficamente - fino a tal punto è permesso quasi tutto; solo nell'agire nella cosiddetta vita è diverso: qui è permessa sempre una cosa sola e ogni altra è semplicemente impossibile. **Book On the Use and Abuse of History for lifetime**] il mondo sembra pieno di persone che «servono la verità»; e tuttavia la virtù della giustizia esiste tanto di rado ancor più di rado è riconosciuta e quasi sempre è odiata a morte mentre la schiera delle virtù apparenti ha ricevuto in ogni tempo onori e pompe. **On the Use and Abuse of History for Life psychology graduate**] se vorrete promuovere la scienza con la maggior rapidità possibile la distruggerete anche con la maggior rapidità possibile come vi perisce la gallina che artificialmente costringete a deporre le uova troppo rapidamente. **EBook On the Use and Abuse of History for lifetime**] essi possono soltanto schiamazzare più che mai perché depongono uova più spesso: per la verità anche le uova si sono fatte sempre più piccole (benché i libri si siano fatti più grossi). **On the Use and Abuse of History for Life booking** [critica della filosofia hegeliana & dintorni] La vigna del Signore! Il processo! Alla redenzione! Chi non vede e non sente qui la cultura storica - che conosce solo la parola «divenire» - camuffarsi

intenzionalmente in un mostro parodistico e dire su se stessa attraverso la grottesca smorfia che mostra le cose più petulanti? Giacché che cosa pretende veramente dai lavoratori nella vigna quest'ultimo furbesco appello? In quale lavoro devono andare avanti di buona lena? O formulando diversamente la domanda: che cos'altro ancora ha da fare l'uomo fornito di cultura storica il moderno fanatico del processo che nuota e affoga nel fiume del divenire per vendemmiare un giorno quella nausea la deliziosa uva di quella vigna? - Egli non ha da fare altro che continuare a vivere come ha vissuto continuare ad amare ciò che ha amato continuare a odiare ciò che ha odiato e continuare a leggere i giornali che ha letti; per lui esiste solo un peccato - vivere diversamente da come ha vissuto. **On the Use and Abuse of History for lifebeam** [la cultura può essere qualcosa d'altro che decorazione della vita]I Greci impararono a poco a poco a organizzare il caos [dell'inondazione delle cose straniere e passate: di forme e di idee straniere semitiche babilonesi lidiche ed egizie (. **Kindle On the Use and Abuse of History for life**) consiste nello scuotere le idee che questo presente ha della «salute» e della «cultura» e nel generare scherno e odio contro così ibridi mostri concettuali; e il segno di garanzia della propria salute più robusta è proprio questo che essa cioè questa gioventù non può neanche usare per designare la propria natura nessun concetto nessuna parola settaria fra le correnti monete-parola e monete-concetto del presente e viene invece convinta solo da una forza in essa attiva che lotta stacca e divide e in ogni ora buona da un sempre accresciuto sentimento della vita. **On the Use and Abuse of History for Life booklet** For this work is to set down why in the spirit of Goethe's saying we must seriously despise instruction without vitality knowledge which enervates activity and history as an expensive surplus of knowledge and a luxury because we lack what is still most essential to us and because what is superfluous is hostile to what is essential. **On the Use and Abuse of History for Life booklet** But we need it in a manner different from the way in which the spoilt idler in the garden of knowledge uses it no matter how elegantly he may look down on our coarse and graceless needs and distresses. **Book On the Use and Abuse of History for lifeline** That is we need it for life and action most people will tell me that this feeling is totally wrong unnatural abominable and absolutely forbidden that with it in fact I have shown myself unworthy of the powerful historical tendency of the times as it has been by common knowledge observed for the past two generations particularly among the Germans. **On the Use and Abuse of History for lifejournal digital** Whatever the reaction now that I dare to expose myself with this natural description of my feeling common decency will be fostered rather than shamed because I am providing many opportunities for a contemporary tendency like the reaction just mentioned to make polite pronouncements. **On the Use and Abuse of History for Life pdf editor** This essay is also out of touch with the times because here I am trying for once to see as a contemporary disgrace infirmity and defect something of which our age is justifiably proud its historical culture. **On the Use and Abuse of History for Life psychology graduate** If Goethe with good reason said that with our virtues we simultaneously cultivate our faults and if as everyone knows a hypertrophic virtue (as the historical sense of our age appears to me to be) can serve to destroy a people just as well as a hypertrophic vice then people may make allowance for me this once. **Book On the Use and Abuse of History for lifeline** Also in my defence I should not conceal the fact that the experiences which aroused these feelings of torment in me I have derived for the most part from myself and only from others for the purpose of comparison and that insofar as I am a student more of ancient times particularly the Greeks I come as a child in these present times to such anachronistic experiences concerning myself. **EPub On the Use and Abuse of History for lifeway** On the Use and Abuse of History for Life On the Usefulness and Disadvantage of History for Life Between 1872 when his first book Die Geburt der Tragödie appeared and 1876 when he left the University of Basel to write in Italy Friedrich Nietzsche (1844-1900) wrote an enormous amount of prose most of which he did not bring to a satisfactory completion. **Book On the Use and Abuse of History for lifelock** However he did publish singly a series of short books/pamphlets he called Unzeitgemässe Betrachtungen (Untimely Considerations) which at one point he had projected to include as many as 21 parts. **Psychology On the Use and Abuse of History for lifeline** It is of note that during the manic phases of his manic-depressive

cycles he viewed these publications as a process of tearing down the many aspects of 19th century life he hated a clearing away of encrustations to enable him to see clearly the visions he knew were going to come (he already had intimations of them but these he kept in his notebooks and did not publish). **On the Use and Abuse of History for Life book** As one of my esteemed GRamazon friends has pointed out in a review of this book in the early 21st century almost nobody knows or gives a damn about (historians') history so now Nietzsche would be preaching to the choir.

Psychology On the Use and Abuse of History for life In view of the fact that the word historicism has been used in a dozen mutually contradictory ways since Karl Popper took up the word (and incorrectly ascribed his meaning of the word to Hegel) I won't use it. **PDF On the Use and Abuse of History for lifetime** Why remembering the right things at the right times is necessary is clear; but he sees forgetting the past and entering fully into the moment are necessary both to experience happiness and to act. **Book On the Use and Abuse of History for life**

insurance Nietzsche sees in this kind of history something eternal and über-historical (manifestations of Greatness of Genius) and this almost immediately after distancing himself from über-historical thinkers who see the eternal in every moment (a point of view he seems to associate with Eastern thought).

On the Use and Abuse of History for Life kindle app This is curious because it is evident from the longing in his description of these mighty doers (and from his other writings) that he wants to be among them; he also uses almost the same language in describing the disdain both feel for their own bodies. **Philosophy On the Use and Abuse of History for life** However a focus on this one kind of history while good for the small number of powerful doers is bad for history and most everyone else - it reduces history to a few special cases surrounding a few special men and leads to illusions and false analogies. **On the Use and Abuse of History for Life book**

This is the history for almost everyone (for the less gifted as he says); this is the history of Blut und Boden; this is the history which keeps most people contentedly in one place preventing dissatisfied searches for greener pastures which would lead to conflict. **On the Use and Abuse of History for lifegift** It is the critical judging history of life itself which right or wrong just or not puts an end to everything that emerges into existence whether it be an individual a mountain or the Roman Empire. **On the Use and Abuse of History for Life booking**

Here Nietzsche is revisiting in some detail a thesis he already touched upon in Die Geburt der Tragödie : science and its concomitant abstraction have sucked the lifeblood the instincts out of modern man. **EPub On the Use and Abuse of History for lifelock** He details five ways this history is inimical and dangerous to life: it weakens personality through overexposure to foreign cultures and history (I should have about zero personality by now if this thesis is correct); it gives the illusion that the current culture has the greatest virtue and justice; the instincts are destroyed and both the individual and the whole cannot fully ripen; it gives the illusion that one is late-born that one is an epigone; it leads mankind into self-irony cynicism and egotism. **On the Use and Abuse of History for Life artificial (**)** He gives a lengthy discussion of each of these points taking the opportunity to knee many of his most despised objects - bureaucrats functionaries contemporary philosophers historians' pretensions to objectivity etc.

Book On the Use and Abuse of History for lifeway But then I am an early 21st century intellectual who has willingly nay gleefully saturated himself with history and foreign cultures and is disdainful of the antiquarian history into which he was born. **On the Use and Abuse of History for Life booking** A word concerning Nietzsche's prose style: In this text Nietzsche jettisons the purple Romantic prose of his previous writings and offers us something closely approximating his mature style - a fluid flexible eloquent prose strongly influenced by Greco-Roman writers. **Book On the Use and Abuse of History for lifeline**

When he starts going on about the German soul or about how his ideas are manly and those of the objects of his criticism are feminine my eyes begin to glaze over but otherwise even when I object to the content he holds my attention beautifully. **On the Use and Abuse of History for Life booking (*)** This book has been translated into English under at least two different titles: On the Advantage and Disadvantage of History for Life and On the Use and Abuse of History for Life . **On the Use and Abuse of History for lifehme (**)** Is it not the case that nearly every one of these is manifested in our age an age in which history

insofar as it is known to the general public at all is known only under the guise of monumental antiquarian or critical history? And if this is true he argues that the excessively historical man is bound to be a neurotic miserable creature—incapable of happiness and subsequently of action. **On the Use and Abuse of History for Life booking** Who better to supply proof of this hypothesis than Nietzsche himself the raving perpetually ill solitary loner of a man that he was? His admission to a mental asylum his psychosis the congeries of physical symptoms that afflicted him throughout his life who indeed better to attest to those ever fragile borders of psychosis genius and art? And too his pronouncement that no philosopher has been more a musician than he!
