

Safe by the Marshals Side (Witness Protection #1) By Shirlee McCoy **Safe by the Marshals side** But what I most hated about this book is that it ended on a cliff hanger and basically was used to set up the rest of the series (written by different authors about the same US Marshal team). **Kindle Safe by the Marshals side effects** This was not a complete story; the author dropped a plot twist about how this was bigger than the dead husband's gambling debts to the organized crime boss but would not say what it was about or how deep the dead husband's actions went to the bigger crime. **Book Safe by the Marshals sidecar** I loved the characters and Annie's protective love over her daughter Sophia (who was so cute I wished I would one day have a daughter as cute as she was - I don't think I would ever think about a cookie and not think back to this book and Sophia). **EBook Safe by the Marshals side** But there was lot of head bouncing constant irritating changes in verb tense a tendency to skip over what might have been excitement by suddenly switching to past tense telling what happened in a few short sentences. **Safe by the Marshals Side kindle store** I almost always finish a book that I start but this one was nearly discarded about two thirds through when I was nearly certain that it was going nowhere but boring predictability. **Safe by the Marshals Side book** What I liked: the hero (Hunter) was a great character both as an individual and part of the couple and I liked the other US Marshals that are on Hunter's team and their interactions with one another while doing the job. **Safe by the Marshals sideouts island** I thoroughly disliked the heroine - what a whiny but because of the way it started (with the heroine already under protection) I felt like I almost missed a big chunk of the story. **Book Safe by the Marshals sidequest** Where is the leak? Annie has to trust the marshals protecting her to keep her safe ~ only since finding out about the betrayal lies and gambling addiction of her husband trusting doesn't come too easily any more. **Safe by the Marshals sideya** I appreciated the look inside on witness protection and like Annie I know the lack of freedom to be able to go out when you want and to always be on the alert and ready to move would start to drive me nuts. **Book Safe by the Marshals sidewalk** You really do need to read these books in order as each book while a story on its own also has a plot which runs & develops through all the 6 books building up to the grand finale in book 6. **Safe by the Marshals Side pdf drive** This means that you will not only want to read this book but also the following 5 in the series! So if you are looking for a one off story to read then this is not the book for you:

Naïve idiot who is still in love with her evil dead husband: **Safe by the Marshals Side pdf converter** The religious aspect of the story was done with a deft touch for about 2/3 of the book and then it went into over load. **Book Safe by the Marshals sideshow** The I love yous came out of the thin air real quick at the end. **Safe by the Marshals Side kindle paperwhite** Safe by the Marshals Side (Witness Protection #1) Safe by the Marshal's Side was a good read.

Very clean: **Book Safe by the Marshals sideshow** I enjoyed it greatly! Safe by the Marshals Side (Witness Protection #1) This was a nice innocent story. **Safe by the Marshals sidener** It was a quick read and kept me guessing until the end: **Book Safe by the Marshals side** And the ending was very satisfying! Safe by the Marshals Side (Witness Protection #1) Such a great read. She was more like a Christian version of a NA heroine. GRRRR.S. Hunter handpicked 4 people he knew he could trust. The suspense and action was good. This is a faith based book. Both Annie and Hunter read the bible and pray. They both believe in God. The characters of the book were all likable. I loved little Sophia. The little girl loved her cookies. Annie was a good mom. She always put her daughter first. The friendship that build between Hunter and Annie was sweet. Hunter is a US Marshall and on the job. McCoy for writing a clean suspenseful story. Safe by the Marshals Side (Witness Protection #1) Rating 3.5 I enjoyed this Romantic Suspense from a new to me author. I was hoping for some interesting plot twist--none. I was hoping for suspense--none. Sex? None. I hated to be right about it but I was. All in all Safe by the Marshal's Side was a fine read. It moved at a pretty fast pace which was great. As always all thoughts and opinions expressed are my own. Angel (Now Annie Duncan) saw the murderers. Only someone doesn't want her to testify. She has been in a safe house for about a year. No one had found her. Until now. keep haunting her. Shirlee McCoy did a great job showing that side of it. I'm looking forward to finding out what happens next. 1. 2. 3. 4. 5. 6. The writing was good and the characters interesting. Annie such a strong women. Sophia is adorable and I really liked the us marshalls. Safe by the Marshals Side (Witness Protection #1).
