

tense so it was more tolerable for me. **Book Traitors bladen county** Like how many bandits and bad guys are actually just randomly traveling through a huge forest near each other? I personally found it kinda annoying it just made the story feel abit choppy. **Thriller Traitors blade** Sorry unpopular opinion time but what the actual heck?! I hate when major things happen in the background with no details like I get the impression the author was in a rush towards the end so many unanswered questions and it fall flat for me. **Traitors Blade booklet** One more thing I know I'm sorry but this is a sword & sorcery book there's was very little sorcery and I would have liked to have found out more about the magic system obviously I will in book two but I was just excited about it & got none. **Traitors Blade pdffiller** The Three Musketeers ex-Greatcoats Falcio Kest and Brasti are the main characters in this book and we follow their adventures as bodyguards for hire while also trying to fulfil a secret and vague mission. **Book Traitors blade runner** "And so the story begins! When I went into this book I had absolutely no idea what I was getting myself into but now that I finished it I can say that I really enjoyed the "Traitor's Blade". **Traitors Blade book** \*lol\*These days it's so rare to go into a book without any previous knowledge and usually there are a lot of reviews and updates that tell you enough about the story to know whether you'll like it or not. **Book Traitors bladee** \*lol\*) Anyway! To come straight to the point this was an amazing surprise and I certainly didn't expect to like this book so much! XD"We'll win" he replied "but I'll get wounded probably in the back. **Book Traitors blade hq** For instance Brasti is the pretty lady slayer but amazing with a bow (The King's Arrow) Kest is the silent serious presence who doesn't joke but wins every sword duel (The King's Blade) and Falcio val Mond is their leader who keeps the groups morals high (The King's Heart) and is more than just good at getting them out of any kind of trouble that might come their way. **Book Traitors bladen** "It finds them in form of duels cunning Dukes AND Duchesses bandits and highwaymen torture as something named The Blood Week (which was a really interesting idea btw!) schemes and quite a few revelations. **Traitors Blade ebookee** (One of my favourites was Monster the fae horse btw) Of course there were some things that were kind of hard to understand and they are the only reason why this book only gets four stars from me. **PDF Traitors bladee** Then again maybe this will be tackled in the next 3 books? There should be enough time to solve those mysteries right? "That's what being free means - not the right to do whatever you want my strange friend. **Traitors Blade booking** Plus can I have a little bit more of the Tailor's story? Yes? Thanks! \*lol\*"Can I mend them? Can I mend them? Saints alive and dead Falcio may all the Gods who never were bless your name and send me a thousand more like you. **Traitors Blade mystery doug** "All told this was a great start to a new series and I can't wait to read the other books! Sebastien de Castell wrote something truly surprising and unique and I found myself enjoying this immensely. **Traitors Blade mystery ranch** I'm an old hand at fantasy tropes Kest you yanked a bolt from my leg just a few hours ago and now you want to send me off to fight five men--why don't you go and duel bloody-faced Saint Caviel-whose-blade-cuts-waterWhen the opportunity presents itself I'll do just that Kest replied looking strangely upset. **Traitors blade summary** Falcio ends up in a city that is doing a version of that movie The Purge (which probably came out after this book) but pretty much you can kill and break all the laws for a week. **Traitors Blade fantasy football** Between the 3-Musketeers magic of the world the twists that happened and the past present storytelling I was thoroughly entertained and ready to see where this haggard group goes from here on out. **Book Traitors blade hq** But if they have any hope of fulfilling the King's dream the divided Greatcoats must reunite or they will also have to stand aside as they watch their world burn... Traitors Blade (Greatcoats #1)This was so charming funny and whimsical while still being full of action. **Traitors bladee merch** He was a fair and just king who truly wanted to make the world a better place but now Tristia is ruled by Dukes and Duchesses who aren't the most morally pure of leaders. **Traitors Blade epublising** This dueling army of the king's called the Greatcoats was called that for a reason - they all wear long very protective special leather coats with boning that can save their lives. **Book Traitors bladee** It's been a rough five years because everyone dislikes the Greatcoats and views them below dogs (which for the record I view most dogs above humans so this isn't a very good analogy). **Fantasy Traitors blade** Falcio feels like this girl could help them with

the King's Jewels and he feels responsible for her family's death so he makes a promise to try to protect the little girl at any cost during Ganath Kalila so she can say her name and claim her bloodline at the end of the week. **EPub Traitors bladen** "I don't know how well I can fight or run or judge but when the blade comes I swear on whatever they want me to swear on I'll stop it with my body if nothing else. **PDF Traitors blade runner** " This book is filled with conspiracy theories actual funny jokes and banter moral dilemmas that make you think and some of the best written (main and side) characters I have ever had the pleasure of reading. **Traitors bladek** It had some weak points like the mostly mustache twirling villains and the fact that the main character has his own version of you know nothing Jon Snow but the non-villains are charming and the set up leaves me with a lot of hope for the potential of the series. **Book Traitors blade runner** Re-read January 2021: re-read on audio and preferred that 325 This is a BR (which I sucked at) with my beloved Greatcoats: TS Sarah Aria Mary Celeste TweebieHope you don't get bored of hearing this but there is no other simple way for me to describe Traitor's Blade Sebastien de Castell's debut work and the first book in his Greatcoats quartet other than that it's a blend of Alexandre Dumas's 'The Three Musketeers' and Joe Abercrombie's 'The First Law' series. **Book Traitors bladee** "The First Law is that men are free for without the freedom to choose men cannot serve their heart and without heart they cannot serve their Gods their Saints or their King. **Traitors Blade booklet** The Greatcoats have been disbanded and our main characters Falcio Kest and Brasti are now working as a bodyguard a decline from their previous work as the one who uphold the law of the king before his death despite them still wearing the greatcoats. **Traitors bladee merch** However before his death the king assigned one last mission to the three MC to find his Charoites which is pretty much unknown to almost everyone and so their search for his Charoites began. **Book Traitors blade runner** Taking place in the nation of Tristia the story is strictly told from Falcio's POV in 1st person with a little bit of a mix to 2nd perspective that made it seem like Falcio is talking to us the reader resulting in great immersive result. **Book Traitors bladen county** Although the main plot seemed simple it doesn't mean that there's no danger to be found here there's plenty of them and the story can be really gripping with its cruelty despicable villain injustice torture and violence despite the light-hearted and fun banter between the three main characters. **Traitors Blade booking** I flew through this book within two days for its quality as a page turner especially during the second half of the book but the best quality for this debut lies not in its plot it's in the characters and actions. **Traitors Blade fantasy premier** This is why there aren't enough interactions between the Greatcoats overall but every conversations and banter between them are fun to read providing a sense of strong camaraderie reminiscent of The Three Musketeers. **Traitors blade summary** Although Falcio has a lot of exposure to his character with the story going back and forth between the past and present through his eyes Kest and Brasti didn't receive the same treatment but I'm okay with it since this is still the first book out of four we have many more opportunities for their characters. **EPub Traitors blade** Every action sequences featuring Falcio's fencing/duel or Brasti's archery were well written with intricacy showing every movement of the battles step by step and as someone who did a bit of fencing (in middle school) and archery sometimes it pleased me to show great these actions are. **Traitors bladebridge** I was actually surprised to find out that the book was told in the 1st person narrative I thought it will be done in 3rd person told through the three MC's POV but he really made it work. **Traitors bladeless** Maybe it will be explained more in the sequels or not I have no idea but for now I can't deny the fact that these moments should have more proper explanation other than leaving it the way it is or leaving it for future sequels. **Traitors Blade kindle paperwhite** Another tiny annoyance I had with the book is that I felt the world-building section needed more exposure there's still so much we don't know about the Gods the Saints but then again this is still the first book and I can look past this one. **Traitors bladebridge** In the end these problems didn't ruin my overall experience of the book that much; it's just that the book had more potential to be better by fixing its convenient plot devices and having more world-building sections in my opinion. **Traitors Blade mystery box** My name is Falcio val Mond First Cantor of the Greatcoats and this was only the first of a great many bad days to come You can find this and the

rest of my Adult Epic/High Fantasy & Sci-Fi reviews at BookNest 325 The book has sat on my shelf altogether too long (as many do sadly) and I was goaded into reading it by a friend who said I would like it. **Kindle Traitors blade** and we're given reason to use the sartorial boast as their coats really are quite great and relevant to the theme/plot) have been sworn to a range of secret tasks by their king and this gives considerable scope for twists and turns plus plenty of mileage for later books. **Traitors bladebridge** My other niggles really concern the nature of some of Falcio's close shaves where grim and hopeless situations are rather deflated by the 'romantic' (not as in romance) nature of the escape and by the upsurge in magic toward the end where fate and pre-destiny seem to overwhelm coincidence and logic giving events a rather arbitrary feel. **Traitors bladebridge** The take-home message not to be over-shadowed by my nit-picking is that this is a great read and you should definitely try it! [This is my 'stand-in' review from a couple of years earlier. **Traitors Blade book** ] A proxy vote here - I do plan to read it evil torture •sshole Patriana I want to bash you into the ground over and over until you seep back into hell!!!! <-- Just read the book! Now on to our regularly scheduled review! I am in love love love with Falcio Brasti and Kest! ☐ The three Greatcoats that won my heart and made me cry so many freaking times. **PDF Traitors blade runner** Because if there's a plan then I'd love to know what it is and if there's not and I get killed going hand to sword with a bunch of the Duke's men then I may start to lose respect for you Falcio. **Book Traitors bladen** Brasti said Please tell me that wasn't the entire plan? Stop talking I said beating the first blade out of the way as they came upon us like a thunderstorm and start singing. **Book Traitors bladen** Okay let me try to make this into a review that makes sense because I'm all over the place right now! Like I said the story is told through Falcio's point of view and it's not that hard to figure out once you know what's going on. **Traitors Blade thriller song** They all play great or minor parts in the book and they have all made me cry from sadness or happiness! Some stuff happens in the beginning of the book and Brasti Kest and Falcio end up working for this caravan that supposedly has a Duchass/Princess riding inside. I had a few issues with this book and it definitely prevented me from enjoying it's full potential: **Traitors Blade booking** This book is a debut novel and for a debut it's incredible. **Book Traitors blade** Sebastian is a very talented author & his writing was my favourite part of this book: **Book Traitors bladen county** His fight scenes are amazing & the banter between the characters had me in tears from laughter: **Book Traitors blade hq** The writing is a mix between Scott Lynch & Joe Abercrombie. **Traitors Blade booklet** I normally love basic writing however I felt the writing was abit too basic with this novel, **Traitors Blade thriller song** There wasn't enough world building & I didn't know what majority of the characters looked like due to lack of descriptions: **Traitors Blade booking** BUT the fight scenes definitely were not lacking.

### **Traitors bladee merch**

The story and main protagonist are given extra layers using neatly placed flashback sections, **Book Traitors bladee** These are normally quite short but highlight important occasions in Falcio's past so that we can fully understand his views and motives in the present: **EBook Traitors blade runner** The Greatcoats were assigned a last mission just before the death of the King. **Traitors Blade ebook3000** The only issue is that no one has any idea what they are other than that they are incredibly important and valuable. **Traitors bladebridge** This is a thrilling and moving debut outing in a superbly crafted yet horrendous fantasy world. **Thriller Traitors blade** "Another thing I liked was that the story was told in the form of two different timelines, **Traitors Blade booker** There were a lot of flashbacks that gave us some background stories to our heroes and I found myself enjoying those that had King Paelis in them the most, **Traitors Blade mystery box** He certainly was one of a kind and I'm still sad that he was killed in such a brutal manner, **Book Traitors bladee** He would have deserved so much better than what he got in the end and I found myself grieving for him with Falcio: **Book Traitors bladen** "Don't worry.

## Traitors Blade booking

But some of the plot devices that were used in here even managed to surprise me. **Traitors Blade booklet** \*lol\* I basically paged through this and if this isn't enough reason to pick up the "Traitor's Blade" then I really don't know, **Traitors bladee merch** ;-P \_\_\_\_\_ This book has been on my radar for months and I never really got to it, **Book Traitors bladen county** =)Funnily enough every review I read about this is pretty vague so I actually don't have any idea what I'm getting myself into: **Traitors Blade pdf converter** Which is great! You rarely get a chance to discover a book without any previous knowledge these days, **Traitors Blade thriller song** Let's hope this will be good! \*crosses fingers\* 325 Sale Alert: Kindle daily deal for 7Jun21 \$0: **Traitors bladee merch** 99My fellow fantasy lover and friend Eon (Windrunner) was kind enough to send me a copy of this book. **Traitors bladebridge** So now it is totally on my short list to read and the day has comeReading with some friends at Buddies books and baubles on Sept 12Three Musketeer's + Magic, **Traitors bladee merch** I'm not really sure what I was expecting but this probably wasn't it: **Traitors Blade book** I was assuming that it would be more like Disney's version of the Three Musketeers with magic but it is much darker than that, **Book Traitors bladen** I won't say that it is quite grimdark but it got close at times, **Traitors Blade fantasy football** He was the First Cantor of the Greatcoats before they were disbanded and dishonored. **Traitors bladee merch** After being ordered to surrender by his king and seeing his only purpose in life fade into something to be mocked he is working toward finding a way to reclaim it: **Traitors Blade ebook** If you know me at all you know that I love broken heroes. **Traitors bladee merch** Falcio definitely falls into this category and with just one small chapter about his past and his wife I loved her too and felt incredibly sad for him. **Traitors bladegrape** "Love abandoned me and so I made my deal with Death, **Traitors Blade kindle direct** " 3 - He is snarky.

## Traitors bladek

Stubborn and has this core morality that just won't budge: **Book Traitors bladen** He'll kill indiscriminately when needed but he will not resort to thievery because that is beneath what he believes in, **Thriller Traitors blade** Kest and Brasti make up the rest trio and I loved the banter and friendship between these men: **Traitors Blade ebookee** You can tell from the way they fight together that they have been brothers for a long time, **Traitors Blade mystery tackle** I loved the devotion that each had to the other and the acceptance of difference. **EBook Traitors blade** He was cocky and confident but it all seemed so sincere so it was hard not to like him: **Book Traitors blade hq** Hells.

## EBook Traitors blade

But this is from my wife who picked it up yesterday and finished today: **Traitors bladed** The thing that stopped her giving it 5\* was that she felt there were too many quips and that the humour wore thin / got a bit strained after a while: **Traitors Blade kindle app** I'm going to do this from time to time in a book! You damn murderous.

## Traitors bladeless

Aline said: **Traitors Blade pdf** She also aids Falcio in fighting when he needs weapons handed to him fast, **Traitors Blade fantasy 5** I don't want to give out real spoilers or anything but it's soooooo hard. **Book Traitors blade runner** This book is so good I can even explain how good and I had many times where I had a great laugh, **Traitors bladee merch** Some of the other people are funny too! Hi Folks! My fourteenth novel [{site\\_link}](#) THE MALEVOLENT SEVEN arrives in stores in around the world on May 11 2023. **Book Traitors bladen** The best way to stay up to date is at [{site\\_link}](#) [www](#): **Book Traitors bladen** One day I'll even remember to get on that [{site\\_link}](#) Instagram thing: **Traitors Blade pdfescape** Sebastien de Castell had just finished a degree in Archaeology when he started work on his first dig: **Traitors Blade kindle books** He sternly resists the accusation of being a Renaissance Man in the hopes that people will label him that way, **Traitors Blade kindle paperwhite** was shortlisted for both the 2014 Goodreads Choice Award for Best Fantasy. **Traitors Blade booking** the Gemmell Morningstar Award for Best Debut the Prix Imaginales for Best Foreign Work and the John W, **Traitors Blade mystery machine** His YA fantasy series Spellslinger was nominated for the Carnegie Medal and is published in than a dozen languages: **Thriller Traitors blade** Sebastien lives in Vancouver Canada with his lovely wife and two belligerent cats. **Traitors Blade booklet** 'The first rule of the sword is-' His words were cut off as the guard jabbed his pike with the speed of a metal ball flying from the end of a pistol: **EBook Traitors bladen** '- put the pointy end into the other man' Kest finished: **Traitors Blade booker** The story follows Falcio who is the first Cantor of the Greatcoats the greatcoats are basically the Kings own judges trained for battle aswell as politics. **Traitors bladegrape** The King is killed by one of the Dukes & the Greatcoats are now scattered & marked as traitors 'tatter-cloaks'. **Book Traitors bladee** The Greatcoats must reunite and bring peace to the nation of Tristia once again, **Traitors Blade epub** Falcio is an extremely interesting character he has a dark past & he goes into 'berserker mode' so I enjoyed reading from his POV. **Traitors Blade bookkeeping** I can't say much about the other characters because they didn't get enough page space but they seemed equally amazing. **Traitors bladebridge** "Gods man don't you start now" I said softly, **Traitors bladee merch** 'We're going to get a terrible reputation if we just keep travelling across the countryside crying all the time: **Thriller Traitors blade** " This book started so strong I loved the start so much, **Traitors bladeless** After the greatcoats split up around the middle my interest in the story declined and everything went down hill from there for me, **Traitors Blade booking** I didn't enjoy his solo time I was bored out of my brains, **Traitors Blade fantasy premier** I missed the fuckery so much so when the crew finally met back up again my interest was piqued again but that was sort lived due to the ending. **Traitors bladegrape** There was nothing new or mind blowing don't get me wrong it had plot twists you never saw coming but even some of them fell flat for me: **Book Traitors blade** The writing like I said before is sensational I love the way Falcio thinks during a fight adding up the pros & cons of what his next move shall be, **Traitors Blade kindle direct** I JUST LOVED THE WRITING OKAY?! it was so humorous and filled my tainted little black heart with joy. **Book Traitors bladen county** A few other issues I had with the book as much as I loved the fight scenes some of the ones in this book felt kinda random: **Traitors Blade pdf reader** For example greatcoats are traveling with caravan stops for one minutes rest \*hears sound\* bad guys everywhere and a fight breaks out: **Traitors Blade booker** Also I don't understand how they would just randomly run into the 'villain' and nothing happened?! Gah my poor brain can't handle the mind fuckery. **Book Traitors bladen county** This could be considered a minor spoiler there was an act of animal torture that had me gritting my teeth & I may or may not have shed a tear or two, **Traitors Blade mystery science** But it did serve a huge purpose in the plot & I'm happy with how the issue was resolved in the story, **Traitors Blade fantasypros** Honestly this is a great debut novel and I'm sure everyone who reads it will enjoy it: **EBook Traitors blade runner**

This is a story of friendship heartbreak honour badassery & trust, **Book Traitors blade runner** Looking forward to completing the series and can't wait for it to get 'grimdark': **Book Traitors bladen** Recommended to all fantasy lovers over the age of 15 due to the amount of violence and use of my favourite word ever 'cunt', **Book Traitors blade** Buddy read with my favourites; Big Brother TS Sexy leg wifey Twinnie the Angel & Ari boo You can find this review and my other reviews at Booksprens. **Traitors Blade fantasy island** s if I was a character in this book i would definitely be the village idiot, **Book Traitors bladee** 325 Traitor's Blade is the first volume in a fantasy tetralogy written by Sebastien de Castell: **Book Traitors blade hq** I will not repeat the blurb as I believe it does a decent job to summarize the plot. **Traitors bladegrape** I found the plot quite simple starting with the world building characters and main plot elements. **Traitors Blade booklet** The main two strong points of this book are the fighting scenes and the banter between the three characters, **Traitors Blade thriller song** It was light fun and I plan to read the next in the series soon enough: **Traitors bladek** We'd heard this lecture many times before but Trin hadn't so she stepped right into it. **EPub Traitors bladen** Is it really so hard? She asked My dear not one man in a hundred can be a proper archer, **Traitors bladee merch** And you are one? A master archer i mean? Brasti smiled and contemplated the nails of his right hand: **Traitors Blade pdfescape** ": 325 Traitor's Blade is the debut novel by the immensely talented Sebastien de Castell, **Book Traitors blade runner** Many of my friends are racing through and really enjoying Greatcoats so I decided to jump on the bandwagon to see what all the fuss is about, **Traitors bladee merch** The Greatcoats were the King's elite soldiers simply named after their attire: **Kindle Traitors bladen county** They acted as magistrates upheld the King's law and helped keep peace throughout the land, **Book Traitors bladee** This was until they stepped aside when a battle loomed and allowed the execution of the King at the hands of the Duke's. **Traitors bladek** Following this catastrophic event which led to the King's decapitation and his head placed on a spike The Greatcoat's disbanded and are seen now as traitor's. **Traitors bladebridge** We mainly follow three of the remaining Greatcoats through the first person perspective of their former leader Falcio. **Fantasy Traitors blade hq** These companions are highly reminiscent of Dumas's Three Musketeers and each has unequalled martial qualities. **Book Traitors blade hq** arguably the lands best swordsman the world's greatest archer etc: **Traitors Blade book** In addition to being dashing well-dressed and chivalrous the three companions have very different personalities and their friendship camaraderie and banter are excellent: **Kindle Traitors bladen county** Honour and the need to do good is discussed and debated throughout: **Traitors bladek** The world is now a corrupt place and Traitor's Blade incorporates plenty of scumbags violence chaos deceit and uncertainty. **Traitors Blade booklet** In particular there is one scene that could be seen as being very upsetting: **Traitors Blade pdfiller** For quite a short fantasy volume this narrative features a large and diverse supporting cast without ever feeling overwhelming and confusing: **Traitors bladek** Notable mentions go to the torturer Ugh and the young noble lady Aline. **Traitors bladek** In similar fashion to many fantasy book debuts definitely check it out: **Traitors Blade book** James 325 "Pretend just for a moment that you have attained your most deep-seated desire, **Traitors Blade booklet** Not the simple sensible one you tell your friends about but the dream that's so close to your heart that even as a child you hesitated to speak it out loud: **Traitors bladek** XD This was really good! Maybe it was so good because I went into it blind and had no high expectations or maybe the story was just great: **Book Traitors blade hq** To be entirely honest I think it actually might have been both: **Kindle Traitors blade** Which is good but it also makes it really hard to discover something new, **Book Traitors blade** (Except if you're the first one to read it because it's an ARC. **Traitors Blade booklet** You'll get hit by one of the crossbow bolts and likely die: **EPub Traitors blade runner** Brasti will almost certainly be killed by one of the pikemen once they get past the weak defence he puts up with his sword: **Traitors bladed** ""You've been a real joy to work with Kest you know that?" Brasti said shifting his guard, **Traitors bladee merch** One thing I loved the most about "Traitor's Blade" were our three MCs: **Traitors Blade fantasy name** Sure they all come with some sort of label but in the end they are way more than that: **Traitors bladed** And to say that a lot of trouble finds them would be one hell of an understatement: **EBook Traitors**

**blade hq** Falcio's encounter with a certain woman during blood week the Tailor and the ending kind of didn't add up to the overall story line and left me slightly confused. **Traitors Blade booklet** " The Tailor snorted but the King went on "I took care of you myself with the help of the royal doctors, **Book Traitors bladen** "You took care of me yourself? Washed my wounds and changed my sheets?"It's no surprise Falcio still tries to keep up the law and remained an honourable soul: **Mystery Traitors bladen** He's truly the Kings Heart and I'm sure we can expect a lot of things in those next three books: **Traitors Blade fantasy springs** XD Truth be told I'm also quite curious how Valiana's and Aline's characters will develop in those upcoming books, **Mystery Traitors blade hq** They both have a lot of potential and I can't wait to see what Sebastien de Castell has planned for them. **Book Traitors bladen** You'd fight the Saint of Swords? You really are completely insane aren't you?A Saint is just a little God Falcio. **Traitors bladegrape** The story clipped along at a good pace for most of the story: **EPub Traitors blade runner** The King is dead and the Dukes all of whom seem completely corrupt have taken over the land. **Thriller Traitors blade** Every single one of them that we meet in the story seems so full of corruption that I hated each one more than the last: **Traitors bladek** Some of the things that they did were completely brutal to the point of making me sick to my stomach, **Traitors bladeless fan** But sometimes that makes it worse because in my head it is probably more awful, **Traitors Blade thriller song** There was a point where the story lulled a little for me when the trio split up: **Traitors Blade booker** This part dragged a little for me but once it was over we were back into the thick of everything. **Book Traitors blade hq** Actually if there wasn't that section in the middle that kinda stalled out I would have given this a solid 5 stars: **Traitors bladed** he had known darkness and despair and emerged determined to light candles for everyone else: **Traitors Blade book** Trained in the fighting arts and the laws of Tristia the Greatcoats are travelling Magisters upholding King's Law. **Book Traitors bladen county** Or at least they were until they stood aside while the Dukes took the kingdom and impaled their King's head on a spike: **Traitors bladek** Now Tristia is on the verge of collapse and the barbarians are sniffing at the borders. **Traitors Blade thriller song** The Dukes bring chaos to the land while the Greatcoats are scattered far and wide reviled as traitors their legendary coats in tatters, **Traitors Blade thriller song** All they have left are the promises they made to King Paelis to carry out one final mission. **Traitors Blade epub.pub** Traitor's Blade is so far the best book I've read in 2016, **Thriller Traitors blade** "The first rule of the sword is - put the pointy end in the other man: **Book Traitors bladen** " This story is surrounding three Greatcoats who used to be the judge and jury for King Paelis: **Traitors bladed** Yet before his death he forced his Greatcoats to stand down so they could receive pardons and keep their lives. **Traitors bladegrape** Even after the king's death the Greatcoats still wear these therefore they are very easily identifiable and very easily called traitors to the now ruling Dukes. **Book Traitors bladen county** "Love abandoned me and so I made my deal with Death, **Book Traitors bladen** " Falcio the King's Heart - Our main protagonist who has let cruel past events shape him into the man he is today, **Traitors Blade thriller song** He was Paelis' first Greatcoat and prefers to fight with rapiers. **Book Traitors bladen county** Kest the King's Sword - Best swordsman in the world and was Falcio's best friend growing up: **Traitors Blade book** Brasti the King's Arrow - Master Archer that never misses a shot and is the funny playboy of the trio. **Traitors bladebridge** These three have traveled together during the five years proceeding King Paelis' death. **Traitors Blade booker** All the while they have been in search for the King's Jewels his Charoite, **Traitors bladee merch** After these three fail a mission to protect their employer a crazy turn of events make them have to guard a caravan to its final destination: **Mystery Traitors bladee** When the caravan stops at the City of Strife Rijou they discover that it is Granath Kalila or The Blood Week. **Book Traitors bladen county** This is basically a purge where you can kill steal and loot really anything without repercussions. **Traitors bladegrape** After the event is over the nineteen noble families come forward to say their name and inform everyone that their bloodline is still safe: **Traitors Blade mystery science** As horrible and terrifying as this sounds when Falcio and the boys enter the city they see locals setting up to burn a mother and her children alive in a house, **PDF Traitors bladee** The next day and a broken promise later there is only one little girl

barely alive from the fire. **Traitors Blade booklet** The Duke and all of his men want this little girl and her bloodline wiped away completely. **Book Traitors blade hq** This book was everything that I would want from a high fantasy novel and more so: **Book Traitors blade hq** If you're still unsure you can read an excerpt from Tor (here) and hopefully fall in love with this world like I did. **Traitors bladebridge** Blog | Twitter | Tumblr | Instagram | Youtube | Twitch 325 3. **PDF Traitors blade hq** 5 stars - this book was a lot of fun and a start to a series that I have a feeling will get better with each book: **Traitors Blade pdf drive** " The plot of the first book can be considered simply as the long prelude or foundation to the rest of the series. **Book Traitors blade hq** We're going to get a terrible reputation if we just keep travelling across the countryside crying all the time: **Book Traitors blade hq** " The book in general is all about Falcio his dark past his resolution and his determination to uphold his sense of justice and promise to the late king. **Traitors Blade booklet** Not only the three MC interactions are fun to read the book consists of intriguing female characters right from the protagonists to the despicable villain: **Traitors Blade book** Even though this is still the first book in the series Sebastien has clearly shown how well he understood the art of fencing and archery, **Book Traitors bladen county** (Brasti's skill as an archer could rival Legolas from Lord of the Rings with ease: **Traitors bladed** )Picture: Falcio val Mond (Traitor's Blade French cover)In terms of prose Sebastien's prose is very accessible for everyone, **Traitors bladee merch** It's simple easy to read and he knows how to structure his words and sentences to make the story flow easily, **Kindle Traitors bladen county** As I said before this book is quite an excellent page turner during the second half and that's all doable only because of its apt prose: **Traitors bladek** Sadly there's two problem I had with the book that bothered me the Deus ex Machina moments and lack of world-building, **Book Traitors bladen** I won't spoil you on what these events are in case you somehow missed it during your read but on my count there are at least three of these moments, **Traitors bladee merch** Traitor's Blade is still a great fun and gripping debut which I envisioned will serve as a foundation for the rest of the series. **Traitors Blade epub reader** From what I heard the series only gets so much better with each book and I can't wait to let myself be enthralled with more stories of the Greatcoats, **EPub Traitors bladen county** I'm giving this 5\* since it's a gripping read with genuine emotion and excitement and solid writing, **Traitors bladeless** I have a couple of niggles but they're minor in the grand scheme of things: **Traitors Blade ebook** The Three Musketeers is what springs to mind and gives you the vibe. **Book Traitors bladen county** It's written in first person from the point of view of Falcio one of our three rapier-wielding servants of the king from an elite military group. **Thriller Traitors blade** The trio get in and out of scrapes while a larger scenario unfolds interwoven with flashbacks to fill in our hero's past and how the current (dire) situation arose, **Traitors Blade mystery doug** There are plenty of fight scenes and de Castell does a good enough job at rapier-porn to convince the ignorant (i. **Traitors Blade booklet** There are a number of quite harsh scenes including some torture but the mood is often raised by the main character's humour and the banter he has with his two companions. **Traitors bladegrape** The scattered musketeers (or Greatcoats as we must call them , **Traitors bladee merch** Falcio's task is on the face of it rather nonsensical since he's looking for something and doesn't know what it is: **Traitors Blade book** While the task is rather Zen by the end of the book I still didn't really have a feeling for why his instructions had been so vague . **PDF Traitors blade** but again when you mix the threads of fate into the mix and a guiding hand . **Book Traitors blade runner** Oooo! One last niggles! When you cut an arrow in half mid-air with a sword . **Book Traitors bladen county** At the very least the front half is going to carry on its merry way and quite possibly kill whoever it was aimed at if they're not too far off: **Traitors bladee merch** They are so wonderful and good and funny and bad to the bone: **Book Traitors bladee** It might have sounded like a terrible plan at first hearing but it really was not as bad as all that . **Traitors bladegrape** Sir Knight before we begin may I say something? I called out: **Traitors bladek** I just wanted to say that all Dukes are traitors all Knights are liars and the road belongs to no one but the caravans. **Traitors bladebridge** The story is told in the present and some in the past. **Traitors Blade thriller song** We get to read about some terrible things that happened in Falcio's past with his wife Aline, **Traitors**

**Blade kindle cloud** We also get to read about the reason they stood by and let the King be murdered. **Thriller Traitors blade** It's all so horrific and sad and made me cry and just feels people feels! Falcio and Kest grew up together and they met Brasti later on. **PDF Traitors blade runner** I have to say I loved so many people and animal in this book. **Mystery Traitors bladen** King Paelis Mattea (the Tailor) little Aline Monster (the Greathorse) Feltock Valiana and I think that's all of them: **Traitors Blade book** They are going to meet with some people that end up being jerks: **Traitors bladek** Some other stuff happens and Falcio is staying in the town with a little girl that loses her family, **Traitors Blade booking** Her name is Aline and that just puts him over the edge, **Traitors Blade kindle paperwhite** The others leave him for reasons and he has to keep Aline safe until a certain time of day when she will be safe: **Traitors bladee merch** Calmly as anything she pulled the blade out wiped the blood off on the guard's face and handed the rapier back to me hilt first[1]

However I just didn't love it. This was one of my most anticipated series of 2017. So my expectations were through the roof. Unfortunately my expectations were not met. Find the charoites. I honestly have nothing negative to say about Traitor's Blade. I lapped up the whole book in only two days. One was the present and the other was the past. The king ignored her. I'm totally in. Most of the story revolves around Falcio. I loved Falcio immediately for a few reasons. 1 - He is a man looking for redemption. In the beginning it seems like a hard task. Later it seems practically impossible. 2 - He has a tragic past. The most tragic the past and broken the man the better. Besides him there are the other musketeers Greatcoats. I wasn't sure what exactly to think about both men. Kest was actually my favorite. She liked it a lot. Join my Patreon Join my 3-emails-a-year newsletter #prizes. I freaking love her. She's amaze balls. They are all pretty funny together. You just might find a new favorite like I did. I hope the next books are just as good. {site\_link} You can get a pair of free stories here.decastell.com but Im also on that {site\_link} Facebook thing. Also that {site\_link} Twitter thing. I felt like I was there watching half of the fights. 'Sure' I said. 'We teach them the first rule of the sword. As much as I like Falcio. So my salty old friend it was an okay read for me. I found it super realistic. Another thing my brain couldn't handle was that ending. It was horrible. So a heartwarming nice read. P. However the story was still gripping. "I rolled my eyes at Kest. And not one in ten thousand can become a master. One might fairly say so i believe. One says so frequently I observed. A magnificent first book. ;-P" The song is swifter than the sword. You had the best of care." I found that hard to believe. If I meet him rest assured I'll fight him. It is all presented in the least graphic way possible. " " 325 Falcio is the first Cantor of the Greatcoats. They are heroes. This book was just amazing completely and utterly amazing. Sebastien de Castell has made a fan for life. That is until he was killed. I have no words for how highly I recommend this book. She was not wrong. Basically this is the three musketeers in a fantasy setting. Well that's unfair. The characters and plot aren't the same at all. As fantasy goes most of the story is very magic-light. e. me) that he knows what he's talking about . which he may well do. I don't have a leg to stand on. it doesn't end up on the ground at your feet. Damn all three of you! <-- Not really. This story is told by Falcio. I'm thinking the other books may be in the others pov's. Is there a plan? Brasti asked looking at me. I did have a plan. . Last words? Remarkably prescient for a dog. Captain Lynniac growled and he and his men charged us. Of course everyone tries to kill them but ya know. . Little Aline is a force to be reckoned with herself. We should run now.
