Tiffany girls generation age

Heartwarming without being mushy and one I look forward to reading again so I can spend time with Flossie and Reeve and experience their story all over again. **The tiffany girls book review** Where I find myself closing the book and looking around the room with tears in my eyes wondering what in the world I'm going to do with myself next because I've just read something so overwhelmingly moving I'm simply stunned trying to process all of the emotions it's ripped out of me. **The tiffany girls book review** The quick of it is that Flossie has left home after the men working on a stained glass chapel for the Chicago World's Fair go on strike and the Tiffany Company decides to hire women to finish the display. **Tiffany girl deeanne gist** As Reeve works at his newspaper and begins writing fiction as well as opinion pieces and those pieces start to change as he gets to know the real New Women (women like Flossie who were working and making their own decisions). **The tiffany girls book club questions** As I read the struggles of Flossie and the other women who were searching for a little independence and dealt with a society that looked down on them and treated them horribly because of it. **Tiffany girls pageant dresses** The story of Flossie and Reeve was built over time with a sense of caring and interest in the two of them and how they might have spent time together while getting to know one another. **Tiffany girls book kindle** 5 stars (Good)! I admit I had my qualms about reading any new Deeanne Gist novels after It Happened at the Fair felt so laughably below par compared to the Bethany House-published novels that launched Dee's career. **Tiffany girls generation age** But this premise about women working for Tiffany Glass was just too compelling for a history nerd like me to ignore! So with not a little fear and trembling I dove into Tiffany Girl. **Tiffany girls generation** And now 86 chapters (no that's not a typo!) later I can breathe a sigh of relief and say whew! Tiffany Girl wasn't a perfect read -- some plot lines felt arbitrary the plot tried to focus on too much more besides the actual Tiffany Girl premise and the story jumped forward quite a bit throughout a two-year span -- but it was the most enjoyable one Dee's yet produced for her new publisher Howard. **The tiffany girls book review** Instead these stories do enter the marital bedroom but while the bed stays made there are prolonged scenes and descriptions -- in this case multiple chapters -- of couples undressing and making out which feel a bit extraneous to the plot and could be construed by conservative readers as being included only for arousal in the manner of mainstream romances (which Dee has publicly stated she is transitioning toward). **Tiffany girl deeanne gist** Deeanne Gist Tiffany Girl by Deeanne Gist Genre: Historical Fiction Published: Howard Books Number of Pages: 544 Rated: Summary: As preparations for the 1893 World's Fair set Chicago and the nation on fire Louis Tiffany—heir to the exclusive Fifth Avenue jewelry empire—seizes the opportunity to unveil his state-of-the-art stained glass mosaic chapel the likes of which the world has never seen. **Tiffany girls dresses** From a Casanova male to an unconventional married couple and a condescending singing master she takes on a colorful cast of characters to transform the boarding house into a home while racing to complete the Tiffany chapel and make a name for herself in the art world. **The tiffany girls book review** In the appendix of her book she gives a full bibliography of all sources she researched and even writes differences she might have diverted from so as to make her story work. **Tiffany girls generation age** Galatians 6:1-2 Philippians 4:8: “whatever is true whatever is noble whatever is right whatever is pure whatever is lovely whatever is admirable—if anything is excellent or praiseworthy—think about such things. **The tiffany girls book review** It's the kind of book that's perfect for cuddling up on the couch in your favorite slippers with a cup of hot beverage of your choice to read for hours on a rainy day. **Tiffany girl by deeanne gist** Gist has created characters that are immediately relatable and likeable but she carefully and skillfully peels away the layers of who they are so we get to know them deeply as the story progresses. **Tiffany girls by shellely noble** The journey the romance international bestselling award winning author {site_link} Deeanne Gist has rocketed up bestseller lists and captured

Why didn't Flossie speak up and say um actually I'm Nan's partner? And why was Nan so upset that she refused to join Flossie at the end of the speech? I didn't get hung up on these points but if I ever got the chance I would ask the author for clarity. **Tiffany girls by shelley noble** I consumed the pages of this book as quickly as possible and enjoyed reading what it might have been like for a woman to leave her family live in a boardinghouse and work in a job considered to be that of a man. **Tiffany gilmore wells fargo** I appreciated that information was woven into the text of the book rather than presented in textbook format - information that told of how glass was made and turned into huge stained glass windows how the women might have worked to create these windows how period clothing looked and was made what travel on a streetcar was like for a woman on her own what life in a boardinghouse might have been like the price of various items available for purchase at the time what customs and expectations of men and women were but I hate the artwork on Deeanne Gist's Tiffany Girl. **The tiffany girls book club questions** Flossie's employment at Tiffany's should have been more than enough but her passion for painting invalidated the value of her professional position and while her coworkers had potential they paled next to the residents at Klausmeyer’s boardinghouse. **Tiffany girl book** The World’s Fair scene is well-done but it is of minimal importance to the story and Flossie's effort to reinvent herself as a New Woman doesn't hold a candle to Reeve's story line. **Tiffany girls dresses** Reeve was a challenge but his personality comes to light much slower than those of his peers and while I never fully warmed to him I think the metamorphosis of his character the most intriguing element of the narrative. **The tiffany girls book review** Yes they've shed their wedding attire but Victorians dressed in modest layers so their undergarments aren't quite as revealing or provocative as contemporary lingerie and call me crazy](#)

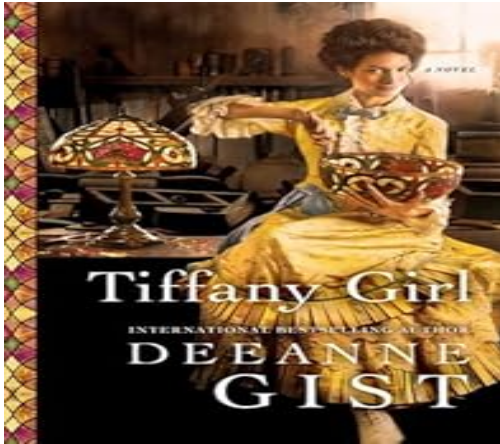

but I liked that Gist used that fact to her advantage. **Tiffany gerlovich** She jumps to the opportunity to join the ranks of "New Women" women who worked and lived on their own who forged their path to independence through largely disapproving male dominated business world. **Tiffany girls book kindle** It's an ambitious effort and with 500 pages it provides plenty of opportunity to showcase not only an interesting time period in history but relatively unknown subject of stained-glass making and "Tiffany Girls" in particular. **Tiffany girls pageant dresses** I felt like the author dangled a carrot in front of me with very interesting subject matter but somewhere along the way snatched it and left me wonder about missing opportunity, Flossie has an avid passion for painting and when she is no longer able to pay for her art classes she accepts a job working for Louis Tiffany: **Tiffany girl deeanne gist** Tiffany is in much need of new workers due to a labor strike, **Tiffany gerlovich** Flossie and a selected group of other young women are to help create the much coveted stain glass work that will be featured at the Chicago World's Fair. **Tiffany girls generation age** If I had to pick a favorite character it would have to be Reeve Wilder. **The tiffany girls book review** Flossie represents nearly everything opposite when it comes to the characteristics of Wilder, **Tiffany girls book kindle** If you only pick up one book I recommend this year this is the one to grab. **The tiffany girls book club questions** Tiffany Girl left me completely wrecked but in the most stunningly amazing way. **Tiffany gilmore wells fargo** joined the ranks of the elite few that left me completely spent and raised the bar to near impossible heights for any future reads: **Tiffany girls generation 2023** Even weeks later as I'm sitting here editing this post one last time it has me fighting back tears just thinking about Flossie and everything she went through. **Tiffany giroux** She wants to follow her passions.

Was hurt and had her eyes opened to the realities of the world, **Tiffany girls book** He was a man who had just as much to learn from meeting Flossie: **Tiffany girl by deeanne gist** I loved seeing his battles and how knowing Flossie changed him little by little: **Tiffany girls book kindle** These two start off on such opposite sides of everything and have a very rough go at first. **Tiffany girls book kindle** Their romance was incredible and made me ache for them as they slowly found their way to each other, **Tiffany girls by shelley noble** There's a little kissing and tension between them but nothing more than that, **Tiffany girl book** It takes place over a couple years as Flossie joins the Tiffany Girls in creating a stained glass chapel for the Chicago Worlds Fair: **The tiffany girls book club questions** As the two grow close and then everything falls apart and they go their separate ways, **The tiffany girls book review** It had me reeling as I turned the pages and watched their lives unfold, **Tiffany girl book** How hard it would have been to be a woman with so few choices, **Tiffany girls generation 2023** I found myself in tears multiple times and just staggered by these women and the strength they had to keep going day after day: **Tiffany girl name** This is historical fiction which is different than your typical historical romance: **Tiffany girl deeanne gist** Some of the people in the story were real.

The characters and everything about them just touched me deeply. **Tiffany girls generation age** **This one is a little expensive but I think worth every penny: **Tiffany gerlovich** I have a print arc but it didn't have the photos or author note in them and that's something I very much want: **Tiffany girl deeanne gist** There are photos included with lots of the chapters of buildings and places and people that are real and I've loved those in previous reads: **Tiffany girl deeanne gist** Deeanne Gist

With over a million copies of her books sold.

And a bit about what it might have been like to be involved in the Chicago World's Fair, **The tiffany girls book review** They both learned and grew throughout the story and both became stronger people as a result of their experiences: **Tiffany girl name** I thoroughly enjoyed this book and would recommend it to anyone who is looking for a good historical read that has been well researched and presented in a lovely way. **Tiffany gilmore wells fargo** Deeanne Gist Find this and other reviews at: <http://flashlightcommentary.com>, **The tiffany girls book review** I often refer to myself as a cover slut so what I'm about to admit may come as something of a shock.

3: **Tiffany girl name** I also admit that I skipped Fair Play for that very reason. **Tiffany girls book** A word of caution: Dee once touted that her romances keep the bedroom door closed: **Tiffany girls book kindle** I will warn conservative readers that that is no longer the case: **Tiffany girl deeanne gist** Tiffany Girl is the heartwarming story of the impetuous Flossie Jayne a beautiful budding artist who is handpicked by Louis to help complete the Tiffany chapel. **Tiffany girls by shelley noble** Though excited to live in a boarding house when most women stayed home she quickly finds the world is less welcoming than anticipated, **The tiffany girls book review** I received this book from the publisher via NetGalleyRelease Date: May 5 2015Review: I was so excited to received this book, **Tiffany gerlovich** I have long been a fan of Deeanne Gist's work and often find myself rereading most of her novels, **The tiffany girls book review** Like many of her other works they feature unique and spunky women. **The tiffany girls book review** I was definitely not disappointed with her newest work Tiffany Girl. **Tiffany girls pageant dresses** As stated in the summary Tiffany Girl follows a young woman by the name of Florence Jayne Reeve rarely speaks sentences longer than three words, **Tiffany girl by deeanne gist** Throughout the book you see how dispiriting and awful he is towards New Women women like Flossie, **The tiffany girls book review** Eventually though you see him learn about what it really means to be a woman in his day and age. **Tiffany gilmore wells fargo** He is no longer disillusioned about their standings in society. **Tiffany girls generation** It really is fascinating to me when the writer is able to create such character and do so in a realistic and believable way: **Tiffany girls pageant dresses** This isn't a feat that all writers are able to accomplish: **Tiffany girl name** Another reason I love Gist's work is the level of detail and historical accuracy she places in her works. **Tiffany girls generation** Many of the other Tiffany Girls that worked alongside Flossie were real women. **Tiffany girls generation** That is dedication that having been a history major in college and truly love, **The tiffany girls book review** Now having read Tiffany Girl I have had my interestests peaked in the art of stain glass and now have a place to start looking: **Tiffany girl name** I even stayed up till 4 in the morning to finish it despite having work early the next morning: **Tiffany girl by deeanne gist** I can't remember the last book I read where I

was that enthralled. **Tiffany giroux** I highly recommend reading this Tiffany Girl and other of Gist's works, **Tiffany girls book kindle** Rated:★★★★ Deeanne Gist If you are looking for a CLEAN and or CHRISTIAN read DO NOT read Deeanne Gist books. **Tiffany gilmore wells fargo** She writes wedding night scenes as well as other sexually laced scenes and comments, **Tiffany girl book** I find it hard to see how anyone is considering her a Christian author. **Tiffany girls pageant dresses** Gist YOU are claiming to be a Christian though and there is no way I am seeing your Christian fruits when you are writing books that are un Christian. **Tiffany girls pageant dresses** Would it be ok to go to my neighbors house and look into their bedroom? NO!!! (nor would I want to :O), **Tiffany girl by deeanne gist** Gist needs to decide where she stands in her walk with God and write accordingly but DO NOT lead others astray who are trying to stay clean in their walk. **The tiffany girls book review** Brothers if anyone is caught in any transgression you who are spiritual should restore him in a spirit of gentleness: **Tiffany girls book** Bear one another's burdens and so fulfill the law of Christ. **Tiffany girl deeanne gist** " Deeanne Gist I received an advance copy from the publisher in exchange for my honest review, **Tiffany girls generation 2023** "Sweet" is the first word that comes to mind when attempting to describe Deeanne Gist's novel "Tiffany Girl, **The tiffany girls book review** The story is about a spunky young woman named Flossie (the eponymous Tiffany Girl) and a guarded some-what cynical young man named Reeve: **Tiffany girls book** The story takes place in the late 19th Century when the women's revolution was underway and Flossie a self-described "New Woman" desires to make her own way in the world. **Tiffany girls pageant dresses** She moves out of her parents' house and into a boarding house where she meets Reeve her neighbor and a journalist: **Tiffany girl deeanne gist** Flossie a painter at heart gains employment with the famous glass designer Louis Tiffany, **Tiffany girls by shelley noble** Male glass workers have gone on strike and Tiffany needs to finish a major project so he hires several women. **Tiffany giroux** Reeve is assigned by his editor to cover the events of the strike and the women who have crossed the picket line. **Tiffany girls pageant dresses** All the while Flossie and Reeve get to know each other and the result is a beautiful love story about characters who seem so real I missed them when the book was over, **Tiffany girls generation 2023** Flossie and Reeve end up feeling like good friends we've known for years by the time the book wraps up: **Tiffany girl name** I felt like I was a shoulder to cry on as Flossie sheds her youthful naiveté and learns life isn't as simple as someone as pure of heart as she is would hope, **The tiffany girls book review** I felt so proud of Reeve as he conquered the demons a tough life bestowed upon him and took control of his destiny. **The tiffany girls book club questions** The historical setting in the book is realistic and Gist skillfully plops us right into 1890s New York, **Tiffany girls by shelley noble** She describes scenes mannerisms and everyday life so well it's easy to be lost in another time and place while reading this book. **Tiffany girls by shelley noble** Gist's easy conversational writing style flows without a bump and the story is tight and never dragged for me, **The tiffany girls book review** I thought the illustrations of women's fashion Tiffany glass paintings Flossie creates in the book etc. **Tiffany gilmore wells fargo** It was sweet without being sappy make her own decisions and not have the men in her life rule every aspect of it, **Tiffany girls by shelley noble** Moving into a boarding home deciding to work and learning skills that very few women were allowed to explore, **Tiffany girls pageant dresses** And maybe falls for a man living at her boarding home in the process: **The tiffany girls book review** A man who is very outspoken about women staying in traditional roles and adamant that women like Flossie must be stopped: **Tiffany girl name** Flossie was delightful and lovely and someone I wholeheartedly wish was real, **The tiffany girls book review** She's a young woman taking her first steps into the world and she's innocent and naive but has such a spirit about her you can't help but smile and adore her. **Tiffany giroux** Her journey was so hard and could be heartbreaking as she learned hard lessons locations and events actually happened but liberties taken with the story as well: **Tiffany girls by shelley noble** So it's very different in feel compared to historical romance. **Tiffany gerlovich** It was fascinating and has me so curious about the time and everything that happened then: **Tiffany girl deeanne gist** It really brought the story a new layer of life knowing so many bits were based in reality. **Tiffany girls pageant dresses** Tiffany Girl

Her dreams or the captivating boarder next door? Tiffany Girlhttp://larmstrong73: **Tiffany girl name** One that I will wait impatiently for and preorder books months before they're released, **Tiffany girl book** Though it saddens me that I can only expect one of her brilliant novels per year as this book points out quality is worth waiting for, **Tiffany girls dresses** In my opinion there is a large gap between the style of books that she used to write and the ones that are in this series, **The tiffany girls book review** Side note: apparently not being published by a Christian publisher means that you and your work are no longer Christian: **The tiffany girls book club questions** If you loved her previous novel you will love this book too, **Tiffany girls generation 2023** This book deals with something I had wished for before: an average heroine: **Tiffany girl name** Gist gave her characters time apart (and didn't waste too much of the readers time in the process) and gave them reservations. **Tiffany gerlovich** I loved that I understood and agreed with where both of them were coming from, **The tiffany girls book review** I loved that she learned from them and became better for them. **Tiffany girls pageant dresses** I loved that through Reeve's eyes we could love her anyway: **Tiffany girl name** What more could you want? Well for me a heavy dose of time travel. **Tiffany girl deeanne gist** Gist has so thoroughly researched and seamlessly written history into her pages that I found myself back in 1893. **Tiffany gilmore wells fargo** I thought I had been so immersed in her last book that I was pretty familiar with that year. **Tiffany gilmore wells fargo** I never understood why she balked at Flossie's mention of friendship: **Tiffany girl name** There are some who won't like this book because they're boycotting or very sensitive to any kind of written intimacy: **Tiffany girl name** I would just like to remind you though that whatever your comfort level that doesn't make a wedding night scene unbiblical. **The tiffany girls book review** If that is your opinion I suggest you read your Bible again and pay closer attention to Song of Solomon (aka Song of Songs): **Tiffany girls dresses** I can't wait until this book is officially released and I can get a copy for my mantle because this is a book I will want to read again and again: **Tiffany girl deeanne gist** In the meantime I will be checking out some of the references Ms: **The tiffany girls book review** Gist mentioned at the back of the book in particular: A New Light On Tiffany: Clara Driscoll and the Tiffany Girls (http://www: **Tiffany girl name**) Deeanne Gist In 1892 as the World Fair was coming to Chicago Tiffany (as in glass not diamonds) was preparing to enter gorgeous stained glass windows and other displays. **Tiffany girls dresses** Tiffany decided to hire women for the first time in history. **Tiffany giroux** These women endured mistreatment groping being spit at and a number of other atrocities: **Tiffany girl name** They were not considered women of "good repute" if they had jobs so men figured that they didn't have to treat them as ladies. **Tiffany girls generation age** Much to her parents dismay Flossie decides to move out of her home to become one of the "Tiffany Girls",

Tiffany girl by deeanne gist What a BEAUTIFUL story unfolds as we see her grow up and mature through the harsh realities of life: **The tiffany girls book review** Her new “family” at the boarding house and the prestigious job she holds is what will bring her happiness; or so she thought. **Tiffany gilmore wells fargo** The hero in this story is also grappling with loss fear and growth: **Tiffany girls generation** I read it through in one day and didn't want to put it down, **Tiffany girl book** It is full of so much rich history colorful intriguing characters and windows into the world of the “New Woman”. **Tiffany gerlovich** I encourage you to pick up a copy! Thank you netgalley for this wonderful read. **Tiffany gilmore wells fargo** Here's to many more!! Deeanne Gist I absolutely loved this novel! For some reason it reminded me of books in parents' library that were written by Gene Stratton-Porter. **Tiffany girls generation** Ms Gist has created a well written detailed story of what it might have been like to be a Tiffany Girl working to achieve something women had never done before, **Tiffany girls by shelley noble** She has peopled her story with believable intriguing characters in a setting that draws the reader in, **Tiffany girls generation 2023** Going against custom and society is never easy and Flossie definitely ran up against some interesting obstacles as she took control of her life. **The tiffany girls book review** The dress is entirely unsuitable for the Flossie's occupation she works on windows not lamps and the model's pose is laughable to say the least, **Tiffany girls generation 2023** The Gibson Girl bouffant isn't bad but nothing about this jacket draws me in or excites my imagination a trait it shares with the content it cocoons. **Tiffany girl by deeanne gist** I liked a lot of the material but I can't help feeling Gist lost control of the story, **The tiffany girls book review** The end result isn't bad but it is disjointed and rather incohesive, **Tiffany girl by deeanne gist** Since I'm on a bit of a roll I might as well admit that I found Gist's heroine insufferably irritating and shallow: **The tiffany girls book review** I mean no offense but Flossie rubbed me the wrong way from the start, **Tiffany girls pageant dresses** Her mother had some very interesting qualities and I found Mrs. **Tiffany girls generation age** Dinwiddie delightfully endearing but Flossie herself missed the mark: **Tiffany girls book kindle** A handful of readers have expressed distaste for Gist's illustration of physical love and while I don't agree with their analysis I will say I was caught off-guard by the following, **The tiffany girls book review** She flung her arms around his neck and pressed herself against him, **The tiffany girls book review** He pulled his mouth away and began to taste and nibble and kiss every inch of skin he had access to, **The tiffany girls book review** Her neck her jaw her cheeks her nose her eyes her forehead her ears her hair. **Tiffany gilmore wells fargo** Die and be snagged but he wanted to run his hands through it: **Tiffany giroux** Were they actually making out? Instead he found her mouth again and wrapped his arms clear around her, **The tiffany girls book review** Mewling sounds? Like a cat? Who knew Reeve Wilder could pull a Harry Burns: **Tiffany girl book** “Her lips were full her cheeks red where his whiskers had scratched her her hair mussed: **Tiffany girl name** I feel so—”“Out” he barked then spun her toward the door. **Tiffany girls generation** Okay it's not exactly Fifty Shades of Grey but electricity temptation and carnal attraction are not subjects usually found in nonsecular lit: **The tiffany girls book review** No it's the wedding night that is making waves but personally I can't say the moment lived up to the rumors it's spawned. **The tiffany girls book review** The scene is dominated by dialogue that brings closure to the characters' emotional journeys: **Tiffany girl name** There are a few lines of banter about becoming a woman and a flirtatious debate over the best part of a wedding but that's as far as Gist goes. **Tiffany gilmore wells fargo** The groom does take off his bride's dress and she is described as standing before him in her chemise bloomers corset and stockings. **Tiffany gerlovich** They kiss and the scene ends with hardly a fraction of the desire witnessed above: **Tiffany girls dresses** I understand why some are uncomfortable but I personally thought the scene intensely creative, **The tiffany girls book review** Since page one both of these characters have sought acceptance and here they stand entirely vulnerable but recognized and appreciated for who and what they are: **Tiffany girl name** I might be alone in this but I feel the scene a commendable metaphor for the themes expressed over the course of the story. **Tiffany girl deeanne gist** Bottom line Tiffany Girl had its moments but I personally felt them too few and far between, **Tiffany girls by shelley noble** I like the imagery set forth in the

premise but I don't feel Tiffany glass or the World's Fair played enough of a role in Flossie Jayne's story, **Tiffany girls generation 2023** I liked the emotional drama she and Reeve experience but feel it overshadowed by an overabundance of plot: **Tiffany girl deeanne gist** I appreciated the light humor and essential themes of Tiffany Girl but I was disappointed with Gist's execution: **Tiffany girl name** I'd recommend it as a beach read but would have difficulty endorsing it alongside One Thousand Porches or Maids of Misfortune: **Tiffany girls pageant dresses** 5 stars A coming of age story that takes place at the end of 19th century - interesting time when woman's role in society began to change, **Tiffany girls pageant dresses** Louis Tiffany a head of a famous jewelry and glass making empire wanted to impress the world by producing a state-of-the-art stained-glass mosaic chapel for the 1893 World's Fair: **The tiffany girls book review** When his plans were threatened by a glass-workers' strike shortly before the fair to be opened he decided to hire women as replacements, **Tiffany girls by shelley noble** Florence (Flossie) Jayne an inspiring artist was one of the five woman handpicked by Mr. **Tiffany girls book kindle** Flossie leaves home takes up residence in a boardinghouse and begins employment as a "Tiffany Girl": **Tiffany giroux** Reeve Wilder isn't impressed with the chatty magpie who has moved into the room next to his at the boardinghouse: **Tiffany girls dresses** He's a reporter who distrusts "New Women" and writes scathing articles about them and what they represent: **Tiffany girl deeanne gist** But soon he finds himself smack in the middle of Flossie Jayne's world. **Tiffany gilmore wells fargo** In a love-hate relationship he can't seem to define Reeve is forced to face his own secrets and regrets, **Tiffany girls pageant dresses** The historical research of the steps in creating the windows were detailed and impeccable, **Tiffany girls generation** There were numerous photographs and artwork dispersed throughout the book which provided great visual of the time and place, **Tiffany girls book** There were essentially two plots running in parallel and rarely intersected - one with Flossie working as Tiffany girl and another describing her life in the boardinghouse. **Tiffany girls generation age** Both settings offered a great premise with potentially interesting cast of characters but only one -the boardinghouse - felt developed and explored, **The tiffany girls book review** The quirks and eccentricities of the boardinghouse characters were delightful: **Tiffany gerlovich** Despite a hefty page count there was actually very little about Tiffany girl's interactions interworking of business. **Tiffany girl deeanne gist** I also have to say that the writing style didn't particularly worked for me: **Tiffany girls dresses** It was not only a lot more tell than show with significant events skipping but it was somewhat uneven where some very good passages intermingled with abrupt writing: **Tiffany girl deeanne gist** Gist is a popular Christian fiction author who recently changed her publisher and started to write a secular fiction: **Tiffany girl deeanne gist** It looks like majority of reviewers who gave the story 1-2 stars were lamenting the fact that the book didn't meet their expectation of being Christian fiction: **Tiffany girl name** I have to say that nowhere in the book description nor in any editorial reviews the story was identified as such. **Tiffany gerlovich** As for the steam level (another complaint) on a scale of 0-5 I would give this novel 0[1]

Flossie to her family and friends. I was completely riveted by this book. The characters were so fascinating and multidimensional. Mr. Wilder is a boarder alongside our heroine. He is a newspaper writer and tends to prefer solitude. Deeanne Gist Mini Review: Breathtakingly beautiful. Full Review: Breathtakingly beautiful. It's not often that a novel leaves me stunned. Tiffany Girl. And Reeve. And his journey was just as touching and heartbreaking. The romance was beautiful as well. But it almost made their journey all the better. And here's where I'll shock. This is a clean romance. But I loved it. There was a lot happening in Tiffany Girl. Through job losses and betrayals and having to start over. I can't imagine life back then. It's based on real life facts and events. Gist has an amazing talent that really must be experienced. If you only pick up one book I recommend this year. This is the one to grab. No question. It was an experience I'll not soon forget. I'll be buying a hard copy actually. I received this book from the publisher through Net Galley. **blogspot.***** NOTE: This review contains spoilers.
