I looks forward to seeing how Ms. Towe progresses as an author. The beauty of nature is ever present in her writing. She writes to give birth to love. Jute's mother married Earl in 1984. Her sister chose to try to please him. Jute chose to try to avoid him. If she could Jute would have made herself invisible. Instead she made herself repulsive even frightening. She didn't even know how to love. But if she did she would love Allie. Allie is beautiful wears vintage dresses and craves approval. She has suffered her own abuse but she blames herself
