Following his beloved debut *Traitor's Blade* Sebastien de Castell returns with volume two of his fast-paced fantasy adventure series inspired by the swashbuckling action and witty banter of *The Three Musketeers*. **Knights Shadow thriller michael** I'm really struggling to write this review due to the complexity of the plot and of course how SPOILERISH my draft review was so I'm just going to just write a short spoiler free review. **Shadow knights book** Once again the book started extremely slow I thought it was going to be another disappointment however around 300 pages in shit got exciting and when I say exciting I really mean it. **EPub Knights shadowrun** For all you salty sea dogs that have read this book I will tell you that THAT SCENE (you know the one I'm talking about) made me love this book it was fucking amazing terrible brutal & savage as fuck but so good.

Knights Shadow thriller michael I still find the writing kinda choppy and the world building definitely improved and is no longer a hinderance BUT I just can't look past how much I hated the start of this novel and I don't know why I didn't like it I guess it just felt very similar to book one and the first 30% was boring. **Knight shadow armor** I also really like that the Greatcoats didn't spill up this book and love their bromance so much did I mentioned that I laughed until I got a pain in my ribs during this book? No I didn't but I am now. **Knights Shadow pdf by rawly** There were some small flaws I found in the first book and it was interesting to see if the author continued in the same style or made some improvements for carrying out the story. **PDF Knights shadow health** What can I say "Knight's Shadow" blew my mind! It's perfect <3What is so peculiar about "Knight's Shadow"? I found stuff I love in my booky treats - action with lots of fighting breath-taking

adventure gripping drama and wonderful interaction among characters. **Shadow knights book** The author used his great skill to let us have a more detailed sneak peak into the relationships the effect of hopeless situations on people and that allowed me to see the great and touching human element in this story. **Shadow knights book** Me? I'll drag your fucking arses outside the village and feed you piece by piece to your own Saints-damned pigs!"This book was backed-up by some really great villains some old some new ones. **Shadow knights book** I stated before in my *Traitor's Blade* review that the book is a combination of 'The First Law' series by Joe Abercrombie and 'The Three Musketeers' by Alexandre Dumas this book holds true to that statement more than ever especially

towards First Law as the series goes into grimdark territory. **Book Knights shadow health** This means that Knight's Shadow is a book for adult fantasy reader there's graphic torture violence and rape involved here and I would not recommend any young reader to read this series without any guidance. **Knights Shadow thriller michael** Traitor's Blade was a fun read but there's some flaw in it that prevent the debut to reached its potential Knight's Shadow erased those flaws no more Deus Ex Machina elements world-building elements are introduced more as we started learning more about the Saints Dashini and a little bit of magic. **Book Knights shadow priest** I find myself struggling to put the book down every time I took a break especially starting from the the second half of the book right after the Interlude when the story started going into grimdark territory. **Book Knights shadow** One of the minor cons I had with the first book was that I wanted Falcio to spend more time with Brasti and Kest their camaraderie and friendship is definitely one of the strongest factors of the series and it please me to see that they do receive many more interactions here. **Book Knights shadow priest** Their camaraderie bromance are solidified and I should also note other than the great character developments for Falcio Brasti Kest and Darriana my favorite character in the series so far will have to be Brasti any actions or dialogue he has is simply golden. **Shadow knights book 4** " The only two minor cons I have with the book is that I find Falcio during the first half of the book was quite hard to get attached to his personality while necessary for his development was annoying to read. **Shadow knights book 4**) Traitor's Blade "My name is Falcio val Mond one of the last of the King's Greatcoats and if you listen very carefully you might still be able to hear me screaming. **Thriller Knights shadow priest** Falcio Kest and Brasti are trying to get to the bottom of it while also trying to keep their lives in a world where the majority of the population want to see them dead. **Knights shadow armor** The rest of this review will have spoilers from Traitor's Blade so if you have not read Traitor's Blade - please do yourself a favor and start it tonight then come back and read this portion of my review! "We'd stood in that room and locked eyes and without having to speak it aloud shared a single silent promise: if the world is going to fall apart then we will go down with it. **Shadow knights book** Knight's Shadow was undoubtedly an improvement to Traitor's Blade and what a sequel should be; it develops it expands it makes you want more and in this case it is substantially darker. **Shadow knights book** Even though the narrative was still limited to Falcio's first person perspective there was development for the other two Greatcoats who stuck by Falcio through thick and thin Kest and Brasti. **Knights Shadow thriller michael** Notable ones include the fantastic growth in Valiana the slow unveiling of King Paelis' seemingly crazy plans the revelations around the mysterious Dashini assassins and most of all the ultimate scene which transcended this book into grimdark. **Shadow knights book** Lucky in that he was able to get himself out of all sorts of dire situations through either a gamble of instinct coincidence or perhaps providence and sometimes just from being smart. **Shadow knights book** I recalled during my initial read that I found it hard to believe the strength of character that he possesses to withstand what he had to but for some reason this time around I was somehow convinced. **Knights Shadow book 3** com Other books you might like: 606 Being the second book in the series we already know most of the players but they are further characterised as de Castell goes deeper with them giving some unexpected layers. **Shadow knights book** Take Brasti for example he's the archer and was the comic relief in the first book always cracking a joke and having a quip at hand but in Knight's Shadow he shows surprising depth and emotion not just the laughable fool we imagined but a fully rounded character. **Knights shadow armor** The great pleasures of Knight's Shadow is it's many unexpected turns which serve to keep the reader always on his/her toes and I can't think of the last time a book surprised me so often. **Knights Shadow thriller michael** With the darkness we still have the underlying humor from the trio that made the first book such a great read fantasy Three Musketeers y'all! Takes everything that was good in Traitor's Blade raises the bar and improves on it no second book slump for de Castell with this one more plot twists more character development and even better writing make this a magnificent continuation of the Greatcoats story and another entertaining and surprisingly emotional must-read. **Book Knights shadow health** I can safely say that Knight's Shadow is not only every bit as good as its predecessor

but actually surpasses it in numerous ways and paves a very bright road forward for this series. **Shadow knights book 4** " I planned to leave a small gap between finishing Traitor's Blade and then starting its predecessor but I loved Falcio Kest and Brasti for too much and I just needed more! I personally actually preferred Knight's Shadow despite loving Traitor's Blade. **Knights Shadow thriller michael** We have hilarious scenes once again a very engaging plot with mysteries and twists and turns that were executed really brilliantly shocking me but also making the pieces all fit together. **Knights Shadow book pdf** "The interactions and dispositions of the trio make them so funny together but they also have such character depth with their own flaws their own separate tribulations and different reactions to the situations they are thrust into which adds another layer to this story that also makes you very attached to the characters as individuals. **Knights Shadow pdf epub** The lore and the settings are really well crafted and I am looking forward to finding much more about the world and characters when I begin the third instalment of this series.

shadow priest Still not a favourite but a pretty cool book and I'm really excited to continue with the series: **Mystery Knights shadow health** "He'd told me the world could be the most lovely place you could imagine so long as your imagination was fueled by love, **Knights Shadow book series** " The story follows Falcio Val Mond first cantor of the Kings Greatcoats: **Book Knights shadow health** After the murder of a duke and his whole family Falcio is determined to find the culprits and bring them to justice but Falcio is dying from a rare poison: **Shadow knights book** He must not only save himself but he must also save the country: **Book Knights shadowrun** Although I still don't love this series I'm definitely enjoying it a lot more, **Knights Shadow thriller michael** The magic system is better explained in this book but we didn't find out everything so it is still mysterious: **Knights Shadow thriller michael** So make sure you have a change of underwear handy while reading this book because I guarantee you'll piss yourself, **Fantasy Knights shadow health** ALSO IM SO HAPPY KEST & BRASTI FINALLY GOT SOME PAGE TIME but the real show stealers for me were the ladies Darriana and Valiana. **PDF Knights shadow priest** Valiana is the most well developed character of the whole series & I love her: **EPub Knights shadow priest** I also have a soft spot for Brasti such a big soft dumb oaf that needs to join my harem ☐. **PDF Knights shadow** The problem with Brasti is that he's an idiot, **EPub Knights shadowrun** He's handsome and charming he can outshoot any man or woman with a bow and he's an idiot, **Knight shadow armor** Recommended to all fantasy lovers this series is definitely for ADULTS and only adults it contains ALOT of rape violence torture swearing & badassery. **Shadow knights book** 606 An amazing BR with my fellow Greatcoats Craig Emelia and Samir, **Knights Shadow thriller michael** What are we really but acts of courage or cowardice generosity or greed?"I was intrigued by "Traitor's Blade" and really waited my playdate with greatcoats in the second book, **EBook Knights shadow** Oh boy the author really knows how to create memorable and well fleshed out characters. **Knights Shadow thriller michael** I was amazed following Falcio's crew to the meetings with various VIP or less important but admirable characters all created with care and detail. **Knights Shadow book accounting** Their witty dialogues continued to charm me with ease even in the saddest moments. **Knight shadow armor** I admit I loved the fun and easy style of interaction but altogether with tough and real emotional side it made the book more gripping for me: **Knights Shadow book 3** Scarred by past scared of the future brave till the very last lovable some despicable always interesting and fighting to stay alive, **Book Knights shadow priest** As I continued to follow them I found them face to face with their own conflicts entangled in a greater and meaner scheming that will decide the fate of their world: **Knights Shadow thriller michael** Val with so much potential and struggles to find meaning in life Dashing assassins with their awesome mysterious background: **Knights Shadow book accounting** I love this girlie!"Hold the line damn you!" I heard Dariana scream from across the square: **Knights Shadow book series** "You think those Knights are scary? They're just men - and they'll just kill you. **Knights Shadow epublising** Deadly and of course really cruel Duchess Trin the mysterious Tailor always working hard to pull the strings always scheming the treacherous dukes and some others: **Book Knights shadowrun** This book is far longer than the first one but I can assure you not a page of it was wasted. **Knight shadow armor** "Knight's Shadow" is far more darker and has more detailed cruelty: **Fantasy Knights shadowrun** The story really is more intriguing there's more to lose omg and the villains are more evil and way more cruel (Greatcoat's Lament I'm speechless....: **Knights Shadow thriller michael** As is the first book the second one has gripping swordfights political intrigues mysterious deaths desperate situations and endless twists, **Fantasy Knights shadow priest** The details let me see the whole amazing picture of the world in greatcoats and that was so great to read. **Shadow knights book 4** Everything is thought of everything is entwined into the story and that gives the narrative a sense of depth and realism for sure, **Knights Shadow book location** To sum up "Knight's Shadow" is a great adventure with mystery fighting gripping characters. **Book Knights shadowrun** I want more playdates with my new fave greatcoats for sure. **Fantasy Knights shadowrocket** "Because the fights that matter most aren't won on skill" I said. **Knights Shadow thriller michael** They're won on sacrifice" 606 I freaking love these guys! This book starts right where the other one left off.

PDF Knights shadow priest And then they have to fight some evil peeps a few pages after that. **Knights Shadow thriller michael** Kest Brasti and Falcio are three men I just love and the banter between them is the best. **Knights Shadow thriller michael** Anyhoo so they are helping The Tailor try to get an army together to defeat that freaking a-hole Trin. **Knights Shadow book series** She wants to be queen but she's evil and the guys are trying to make sure the rightful Queen little Aline who is only a child gets on the throne. **Shadow knights book** Well it turns out I wanted to smack The Tailor a few times because she ends up causing chaos as well, **Mystery Knights shadowrun** Valiana is trying to fight with the boys now that she is a greatcoat but she hasn't had much training and it's a sh*t show until Dariana starts training her. **Fantasy Knights shadow priest** Although there is one part but it seems to work itself out: **Knights Shadow thriller michael** The Tailor is a rude old crone and I don't like the way she puts down Valiana who is trying her hardest to be a greatcoat and protect little Aline. **Book Knights shadowrun** The callousness of the Tailor's words the way she discarded all of Valiana's pain and sorrow-burned in me: **Knights Shadow fantasypros** I needed her to know how much I hated this all of it: her cold calculating strategies the way she planned and plotted. **Knights Shadow book accounting** The others were looking at me waiting to see how I would react. **Book Knights shadowrocket** I wanted to be noble and brave and all the things I'd tried to be since the day the King had shaken me out of my madness, **Knights Shadow book pdf** The guys and girls go off to see if they can get some aide from some of the Duke's to help fight against Trin and her army, **Knights Shadow ebooks online** Although I did like when they went to see Duke Issault because he was crazier than a sh*t house rat, **Knights Shadow kindle** Then comes all of the twists and turns and I don't see how the author does it: **Knights Shadow book series** Oh gritty and fast paced Knight's Shadow is a splendid sequel that's better than its predecessor in every way: **Knights Shadow ebookee** That said the direction that Sebastien took for this book improved the quality of this series on every aspect for me: **Book Knights shadowrocket** I won't dive into any details on the plot to avoid any kind of spoiler on book 1 it's also why this review will be shorter compared to my usual reviews. **Book Knights shadow** The plot in Knight's Shadow started soon after the end of the first book all you have to know is that it's much more thrilling and gripping than before. **Shadow knights book** The trials and tribulation that Falcio and the gang faced here is intense or you could also say full of bad luck: **Thriller Knights shadow health** It's fast paced with great actions scenes and overall the book is a much more engaging read compared to its predecessor: **Book Knights shadow** I have high praises towards one particular scene; it's foreshadowed in the prologue of the book The Greatcoat's Lament. **Knights Shadow fantasy premier** This scene is definitely the best part of the book heck it could even be the highest point of the series it's gritty top notch and very well written: **Book Knights shadowrun** Everyone who has read this book will definitely know what I'm talking about here, **Knights Shadow kindle cloud** Picture: Greatcoat's Lament (Cover of the ARC edition) Plus the character interactions are more intriguing than before, **Knights Shadow mystery books** "Happiness is a series of grains of sand spread out in a desert of violence and anguish. **Book Knights shadow priest** The other con is that I think some of the revelations were too predictable not all of them though some were really well done and I definitely didn't expect it. **Knights Shadow mystery tackle** Overall Knight's Shadow is a worthy superior sequel and a necessary addition in the Greatcoat series, **Knights Shadow ebook3000** Sebastien de Castell improves every element from the foundation that was carved in the first book for a more compelling read and experience. **PDF Knights shadowrun** It was as I said before hard to put down compelling and I will definitely read what he left in store for me for the last two books of the series: **Knights Shadow book location** You can find this and the rest of my Adult Epic/High Fantasy & Sci-Fi reviews at BookNest 606 1, **Knights shadow armor** " I mean this is probably the greatest line in any prologue ever, **Knights Shadow epubor** And if this doesn't make you want to read this amazing series I'm not sure what will. **Knights Shadow thriller michael** Falcio and the gang are up to even move adventures in this second book while still trying to honor their promises to their dead king: **Knights Shadow pdf epub** Someone is killing the nine Dukes/Duchesses of Tristia and blaming their murders on the Greatcoats. **Shadow knights book 4**

" Falcio is on a mission to tell the Dukes and Duchesses of the kingdom how needed King's Law is since the events in Traitor's Blade have almost started a civil war. **Shadow knights book** Trin now duchess is on a mission to rule and has five-thousand soldiers on her side, **Thriller Knights shadow health** Falcio tries to win Aline's favor from the different Dukes until the Dukes and their family line start dying: **Shadow knights book** Oh and Falcio is dying from the neatha thanks to Partiana in Traitor's Blade: **Shadow knights book** The Greatcoats are not the only ones being blamed for the murder; the Dashini assassins from Traitor's Blade are also being suspects: **Book Knights shadow priest** The citizens of Tristia are also uprising and have found the numbers and weapons to pose a big threat, **Book Knights shadow health** Trin lurks in the shadows a great deal of this book but has enough appearances to remind you she is the true villain, **Knights Shadow thriller michael** Kest is constantly struggling to contain his Saint's Fever now that he is the Saint of Swords which makes him go into a killing frenzy, **Knights Shadow kindle paperwhite** Brasti is Brasti the hilarious ladies man that makes me laugh out loud constantly while reading. **Shadow knights book** Brasti's story-arc is actually pretty amazing in this book and one of my favorite surprises. **Knights Shadow book accounting** We are introduced to a new character and Greatcoat named Dariana, **Book Knights shadow health** I loved her storyline and characters growth but I'm not sure if I ship her with Brasti or Valiana to be honest, **Knights Shadow book series** Regardless Sebastien de Castell is the master at writing characters and he doesn't just use his talent for his main characters; his side characters are phenomenal too. **Knights Shadow thriller michael** The other character I actually really loved in this book was Duke Jillard, **Knights Shadow thriller michael** Seeing Jillard's reactions to his son and his son's actions are one of my favorite things in this book, **Knights Shadow book 3** And when he called Tommer his very soul my heart exploded into a million confetti shaped hearts I swear. **Book Knights shadowrocket** "Happiness is a series of grains of sand spread out in a desert of violence and anguish. **Book Knights shadow** " This book is heart-wrenching cruel unfair a tad bit soul crushing and it is truly in a league above the rest. **EPub Knights shadowrun** This is the best series I've read in years and I can't believe it is not more popular: **Kindle Knights shadowrun** I honestly have fallen so in love with this series and I will sing its praises like a Bardatti to anyone who will listen, **Knights Shadow book pdf** Blog | Twitter | Tumblr | Instagram | Youtube | Twitch 606 The fights that matter most aren't won on skill, **Knights Shadow book location** The friendship between these three individuals is the highlight of this series for me so far: **Book Knights shadowrun** Even in the absence of their POV de Castell was able to draw out the characterisation of Kest and Brasti from their interactions with Falcio, **Knights Shadow fantasy 5** The pacing was tighter and the plot more engaging with various arcs that complement the overall story really well: **Book Knights shadowrun** For a book which was not directly marketed as such the Greatcoat's Lament alone would have done the sub-genre proud: **Knights Shadow book location** Falcio really had got to be the most lucky and unlucky person in the whole of Tristia, **Knights Shadow mystery machine** Unlucky in that he always gets himself into the worst possible circumstances. **Knights Shadow fantasy name** There are things stronger than hate and more deadly than fear and this is one of them, **Book Knights shadow** The ending sequence of Knight's Shadow was glorious and in spite of the earlier grim proceedings it reminded me that The Greatcoats is not that kind of story, **Knight shadow armor** 606 TW: rape; some body horror While I find these books enjoyable enough for the banter between the characters it definitely has its issues. **Knight shadow armor** Rape has been used as a plot device to show how bad the villains are in both books and it's just unnecessary, **Knights Shadow thriller michael** I will possibly keep reading these on audio because I like the narrator and they are fast paced but I'm in no hurry, **Knight shadow armor** 5/5 stars] Considering how polarized my opinion was for Traitor's Blade it's surprising even to me how thoroughly I enjoyed Knight's Shadow: **EPub Knights shadow priest** It must have been the perfect combination of elements to satisfy my mood because even while reading it I couldn't put my finger on exactly why I liked it so much: **Knights Shadow thriller michael** It just had that addictive quality that kept pulling me back to it in favor of other things which is something books don't do to me a lot these days. **Shadow knights book** The balance

between humor and grit was well done so I enjoyed laughing while simultaneously sinking my teeth into a rich story, **Knights Shadow epub.pub** When de Castell is on his game I have a hard time pulling away: **Knights Shadow thriller michael** I'll I can say is he seems to have found his groove so if you've waffled on continuing the series consider this gentle encouragement to keep going: **Knights Shadow pdf by orson** The sequel picks up pretty much right after the close of Traitor's Blade: **Mystery Knights shadow health** The world building is once again top notch exploring in further detail both The Greatcoats past and Tristia's history, **Knights Shadow kindle direct** The book is also slightly darker in tone than the first with the revelation of the truly horrifying and sinister cruelty that is The Greatcoat's Lament: **Knights Shadow thriller michael** The story is as engaging as it can be the universe is evermore enthralling and detailed and most of the characters fall under the category of unforgettable: **Knights Shadow kindle unlimited** If you enjoyed the first book in the series then I highly recommend you keep on going with this one. **Knights Shadow book 2** Of course the highlight is the bromance at the heart of the story: **Book Knights shadowrun** It would be crazy unpredictable and probably dangerous but a lot of fun! "Happiness is a series of grains of sand spread out in a desert of violence and anguish. **Knights Shadow thriller michael** I think Knight's Shadow had more moments of gravitas and tension between these characters in precisely the right moments to make them believable and also possible to empathise with, **Knight shadow armor** This continues the story of the surviving Greatcoats attempting to keep their final oath to a dead king: **Book Knights shadow priest** But these characters and what they stand for adds the heart: **Knights Shadow book 3** They are ground down by all these trials and tribulations but they show character and carry on: **Book Knights shadow priest** It makes them lovable but also creates a great tone and atmosphere as we follow these essentially good people in a dark and unforgiving world: **Kindle Knights shadow health** Knight's Shadow has Sebastien de Castell's classic sharp and witty humour but also so much more. And I don't like what all Kest went through. anyway . . on to the next . . You can reach him at {site_link} www.decastell. To mayhem and fighting. I LOVE IT. Holy shit! some scenes had me CRINGING. I'm fangirling over the savagery displayed in this novel. But it wasn't all rainbows & buttercups. I couldn't stand Falcio at the start. So the ending definitely saved the book for me. The plot was exciting thrilling captivating & fast paced. Definitely a fantastic sequel to an okay predecessor. My favourite thing is still Castell's flawless writing style.You can find this review and my other reviews at Booksprens.P.s. I kinda wanna be a Greatcoat when I grow up. "What people remember about us? That matters. Characters. This book is definitely not an easy read. In a good way.Falcio with amazing investigative skills and charming stubbornness.Kest with the overpowering madness and faithful commitment.Brasti with his amazing gang.Dari with sharp tongue and sharper sword. It gave me a surprise in some revelations. Narrative. As I said before it not a simple read.). It sucked me in and didn't let me go. Who could carry on crazy conversations while fighting people. The old b*tch gets a ton of people killed. She is another greatcoat The Tailor sent with the boys. And she's bad to the bone! I love her. She wasn't much different from the Dukes we all despised. I didn't want to be an angry petulant child. But I couldn't. I simply didn't have it in me. You're a fucking bitchI said. Well that just becomes another crazy mess of things. Until he wasn't . . Yet I'll try to sing its praises anyway. Fighting. Yeah this book is action-packed to say the least. Well him and Tommer. Lowkey Tommer and Aline are my OTP. RIP Vadren Graff you will be remembered. Valor. The word is valor. The world demands a response to corruption and decay. Well not yet I hope. Especially considering the villains remain one note. 606 Mini Review: [4. :)Via The Obsessive Bookseller at www.NikiHawkes. 606 "It's stories that inspire people to change. It's stories that make them believe things can be better. Falcio Kest and Brasti are just beyond brilliant. I wish I could hang out with Brasti. It is a world full of brutality. Full of betrayal and overall a lack of hope.

They continue for the oath but more so for each other. The plot is really great. The prose is very effective. 4.5/5 STARS 606.
