

The Makeover Mistake (What Happens in Vegas, #2) By Kathy Lyons **The Makeover mistaked definition** Why didn't they just went to Thea to listen to what she had to offer and maybe even bargain? They would've notice immediately that both offers were the same and get to the bottom of this in two seconds. **The Makeover mistakeable** It was just weird to me that they accepted the Ass' offer without hearing Thea as well kwim? If you only get one offer on your book ok I get it but they were also getting interest from Thea. **The Makeover mistaked definition** It was also never explained why did the Ass target Thea? Did he come across one of her presentations and thought it was a good idea to steal the rest? It was weird that he went for someone that wasn't even that known (which I guess was the point so she wouldn't notice) but how did he think of her?This just wasn't for me. **The Makeover mistaked definition** It's a novella clocking in at only a little over 100 pages but it's so much fun! (If anything- I'd say it was too short since I adored these characters and could really get into a meatier storyline with the two of them involved. **The Makeover mistakecom** I think the biggest problem with this story is that the title isn't really fitting for the story as a makeover was a very small part of the story and didn't really have an impact on it. **The Makeover mistakecom** I'm not against an insta-lust-then-I-realize-I'm-in-love theme I actually like those stories but I can't quite put my finger on what's my issue here yet just that it was an Ok read for me. **The Makeover mistaked** When Editor in Chief Anthea (Thea) Danelle catches the eye of the piano player at a publishing conference in Vegas it isn't long before they're making music of a different kind. **The Makeover mistakeable** What is this meant to mean? If Thea is one of those dumpy women and I'm intrigued as to what the those part of this sentence means I'm curious as to why Michael decided to sleep with her. **The Makeover mistakeable** I apologise if this is stating the obvious but I fear the definition of dumpy has been misunderstood somewhere along the way and I believe it is the same both sides of the pond because I'm pretty certain that it doesn't involve fit shoulders or narrow waist anywhere in there. **The Makeover mistaked definition** But alas my joy came crashing down to earth with a rather large thud because if Thea doesn't see herself as dowdy then why the need for a makeover? For someone who was painted as a fairly strong-willed independent intelligent woman the reasonings behind her choices were weak. **The Makeover mistakecapper** Where was Thea's fight because her putting up virtually no fight wasn't in keeping with her nature and in her returning to frumpsville when it all blew up between them it simply reinforced this fact. **The Makeover mistakeable** I'm not one to review to criticise; generally it serves little purpose and doesn't sit right with me but these are matters I feel strongly about and I received this book in exchange for an honest/unbiased review. **The Makeover mistakeful** I know it's fiction I don't expect it to depict real-life perfectly but I need to feel invested and I have to be completely honest in saying this flicked all the wrong switches in me and is memorable for the wrong reasons. **The Makeover mistaked** But what I definitely didn't need after all I have ranted over was a reference to particular terrorist agents ones on the news daily; that was insensitive and there were other ways to show Michael was a safe guy. **The Makeover mistakecapper** These characters could have been so much more; they were actually sexy together they had chemistry and some sweet moments Michael had his moments but he wasn't a hero I hated it all boils down to a flawed storyline; I thought we had moved away from those times where how the woman feels about herself centres around a guy's discretion. **The Makeover mistakecom** He offers his help which she accepts without knowing that she's actually part of a plan that Michael already has in place and that she is actually in bed with the competition. **The Makeover mistakecapper** I don't think this novella will blow anybody's socks off in relation to the storyline characters or in terms of general development but it was entertaining enough for an hour or two,

The Makeover mistakeable

Librarian Note: Also writes under the pen name Jade Lee. **The Makeover mistakeful** She loves the faster pace of contemporary books and that her humor can shine through: **The Makeover mistakeable** Plus the shifter books are really fun!She leaves the dark tortured love stories to her

alter ego Jade Lee. **The Makeover mistakecapper** She loves the faster pace of contemporary books and that her humor can shine through. **The Makeover mistaken definition** Plus the shifter books are really fun! She leaves the dark tortured love stories to her alter ego Jade Lee: **The Makeover mistakeable** The story started good enough but then it got ... I don't know. **The Makeover mistakeful** Things just happened way too fast which I get considering it was a novella but I'm not a fan of ILYs after just two or three days, **The Makeover mistaken definition** They didn't tell each other until much later but to feel THAT powerfully over someone you really don't know? Yeah that's a big no-no for me: **The Makeover mistakeable** In those days they didn't really get to know each other they just had a lot of sex and Michael pretending the entire time to be someone he wasn't. **The Makeover mistakecom** How is that love? In a way I liked Thea she was really smart and freaking awesome at her job but I wasn't a fan of her self-deprecating issues: **The Makeover mistakecapper** A makeover does help you feel better about yourself and more confident but it's not everything she just gave too much importance to the fact she dressed older than her age. **The Makeover mistakecapper** I did love how she called Michael out on his lying he had plenty of chances to tell her the truth considering a big part involved her: **The Makeover mistakeable** What I didn't get was why did the authors not shop around for proposals. **The Makeover mistakeable** I mean at least the last two authors had offers from the Ass and from Thea. **The Makeover mistakecapper** The chemistry wasn't there in my opinion; and too many whys in my mind: **The Makeover mistakeable** *Thank you to Entangled Publishing for providing an ARC in exchange of my honest opinion* Romance Paranormal Contemporary Not a particularly interesting read for me. **The Makeover mistakeful** Our hero is 'undercover' playing piano in a Vegas bar whilst spying on one of his employees. **The Makeover mistakecapper** The heroine is a frumpy editor who's clients keep ditching her and jumping ship to the hero's company: **The Makeover mistakeful** Our hero gives her a makeover finds out what his dodgy employee has been up to and upsets the h when his identity is revealed, **The Makeover mistakeable** I didn't really like any of the characters and the premise makes it sound much better than it was. **The Makeover mistakecapper** Romance Paranormal Contemporary This was another really adorable read from Entangled's Lovestruck line: **The Makeover mistakeable** Is it too much to ask for a sequel??) I'm a big fan of ugly duckling stories and I loved seeing Thea's transformation in this book, **The Makeover mistakecapper** She might very well start of the story with no style but that doesn't mean she has no smarts and that's what makes her so endearing. **The Makeover mistakecom** She's whip smart and focused on her career making her easily likable and fun to root for: **The Makeover mistakecapper** Who doesn't love a smart heroine? I also love a good mistaken identity story and this one is cute in every way, **The Makeover mistaken definition** Michael Chang is masquerading as a lounge singer in Vegas covering up his true identity as a powerhouse publishing mogul. **The Makeover mistakeful** The chemistry between him and Thea is immediate and convincing right up through the big reveal, **The Makeover mistakeable** Oh and bonus points to the author for writing a smoking hot yet incredibly diverse leading man. **The Makeover mistakeful** Michael is not your "Typical" leading man and I loved him to pieces, **The Makeover mistakeable** If you're looking for a sizzling romance and a fun ride grab a copy of The Makeover Mistake, **The Makeover mistakeable** It's got everything you could ask for in a romance all wrapped up in a short easy read: **The Makeover mistakeful** It is a novella best for those who are looking for light-hearted romance, **The Makeover mistaken definition** I really loved this book and I think it is very well written and extremely entertaining, **The Makeover mistaken definition** Romance Paranormal Contemporary If you are chasing a quick read this is the book for you: **The Makeover mistaken** Thea's life is under upside down when she loses another author to another company: **The Makeover mistaken** Michael is the CEO of the Chang Publishing and is wanting to investigate one of his employees: **The Makeover mistakeable** I would like to read a follow up story to see what the future held for them. **The Makeover mistakeable** Romance Paranormal Contemporary

This was a cute quick read, **The Makeover mistakeable** It's what I call an in-between read or a book that you read in between really angsty emotional or dark reads for pure entertainment purposes, **The Makeover mistakeful** This isn't a book that will leave you with a hangover but it's a good read non-the-less: **The Makeover mistakeable** It's a bit of an insta-love story but I'm totally okay with it: **The Makeover mistaked** If you're looking for a book that will leave an impact on your heart this probably isn't it. **The Makeover mistakecom** If you enjoy a quick sweet story now and again this is definitely worth picking up. **The Makeover mistaked** Romance Paranormal Contemporary ARC generously provided by entangled publishing in exchange for an honest review. **The Makeover mistakeful 2** Let Me Be Your Hero stars Operating in the world of publishing Michael Chang finds himself fake playing a piano in Vegas with the intention of being Mr Eagle Eye, **The Makeover mistakeable** Someone within his company has been up to no good in their attempts to win business and Michael and his brother Jonathan intend to get to the bottom of it, **The Makeover mistaked definition** Thea Danelle is a smart editor who has been experiencing a weird sense of being pipped at the post lately: **The Makeover mistakeable** She's attending a publishing event and finds herself disillusioned by the attendees especially a certain bombastic competitor, **The Makeover mistakecom** So she takes solace in Mr piano man and finds his wily flirting skills most enticing: **The Makeover mistakeable** I must say I struggled with the flow of this story It appeared a little disjointed to me and as a consequence caused me to lack any connection to either character. **The Makeover mistakecapper** It set a rapid pace as this couple threw themselves at each other with insta love and a promise of dominance: **The Makeover mistakeable** I thought the title was a tad misleading given it formed such a small part of the story: **The Makeover mistaked** Note: I've increased my rating by one due to the mention of Enrique: **The Makeover mistakeable 5** I was not entirely convinced StarsOk I must confess that after finishing this book I'm confused by the title, **The Makeover mistaked definition** Was the makeover the mistake? Or was it the H actions behind it? Or the h feelings about it? Although well written and pretty hot it didn't work for me, **The Makeover mistaked definition** The main characters may have lacked a little depth and maybe the whole "we're in Vegas so let's pretend be something we're not" wasn't completely believable to me. **The Makeover mistaked** *I received a complimentary copy from the Publisher in exchange for an honest review* Romance Paranormal Contemporary I have to be completely honest and say I didn't enjoy this, **The Makeover mistakecapper** I have no issue with the ugly duckling theme at all; it's one of my favourite tropes as I tend to relate to the ugly duckling: **The Makeover mistakecapper** But there were several points in this storyline I very much struggled with, **The Makeover mistakeful** For a book entitled The Makeover Mistake I actually don't feel that this was the crux of the story, **The Makeover mistakeful** Yet it was the makeover aspect that had a huge impact as it was this element that brought all that was wrong along with it: **The Makeover mistaked** But what she doesn't know is that rather than lounge pianist Michael Chang is the owner of a publishing house disguising himself to keep his eye on a less-than-worthy employee. **The Makeover mistakeable** When he'd first seen Thea she'd been one of those dumpy women who didn't care about fashion, **The Makeover mistaked definition** But then she'd removed a couple of layers and

he'd seen plump breasts fit shoulders and a narrow waist appear beneath her clingy white tank, **The Makeover mistakecom** Oh because she removed a couple of layers all of a sudden creating a vision of sexual perfection. **The Makeover mistakeful** If you're looking for a quiet graceful lay pick on someone else. **The Makeover mistakecapper** Here's the thing; she didn't do it to be wild and sexy. **The Makeover mistakecapper** Add in the fact that Michael paid for it well that simply exacerbated my annoyance as I felt it had no bearing other than to highlight the fact he was über-wealthy. **The Makeover mistakecom** Why would someone spend thousands on an almost stranger after only being acquainted albeit very intimately for one day other than to give him that air of power. **The Makeover mistakeful** And the icing on the cake was her miraculously leaving frumpsville behind when back in her knight-in-shining-armours arms: **The Makeover mistakeable** Yes this also irked because she was clearly good enough to bed whilst dowdy/dumpy* (*delete as applicable), **The Makeover mistakecom** I needed to see Thea's strength shine through she had it in her and I needed her to fight against Michael when he decided to play Richard Gere: **The Makeover mistakeable** Had it been a full novel it's highly unlikely I'd have finished it: **The Makeover mistakecapper** And this is why I can only give it a one star as I've been left frustrated and annoyed: **The Makeover mistakeable** Kathy Lyons is an author whose books I have enjoyed in the past. **The Makeover mistakeful** And despite all of the above I would still read her work in the future because one bad apple doesn't spoil the bunch: **The Makeover mistakeable** Copy received courtesy of Entangled Publishing for an honest and unbiased opinion: **The Makeover mistaked** Michael and Thea's relationship begins in Las Vegas with Michael being less than honest with Thea initially in telling her his reasons for actually being there, **The Makeover mistakecom** Things heat up pretty quickly between the pair of them and the sexy-times were well written: **The Makeover mistaked** "As the days (and nights) pass Thea opens up to Michael a little more about herself and the problems she is facing in relation to her career. **The Makeover mistaked** It's not a novella I would rush out and buy; and I have definitely read more enjoyable books by Kathy Lyons. **The Makeover mistakeful** ARC provided by Entangled in exchange for the above honest review. **The Makeover mistaked definition** Romance Paranormal Contemporary A satisfying category romance novella from Entangled's Lovestruck imprint... In Vegas nothing is what it seems. **The Makeover mistakecapper** After losing a bet successful publisher Michael Chang is pretending to play the piano in a Vegas lounge in order to spy on his less-than-trustworthy employee: **The Makeover mistaked** His espionage is quickly derailed after meeting Thea Danelle an editor who's been wronged by Michael's company: **The Makeover mistaked** She's smart and unpredictable...and clearly hiding a naughty side that tempts Michael to distraction, **The Makeover mistaked definition** Thea has gone from frumpy librarian to the young wild thing she used to be—all thanks to the promise of sensuous delight in the piano player's eyes: **The Makeover mistakeable** And frankly after losing yet another author to the competition Thea is ready to forget her professional problems and explore those sexy promises thoroughly.KATHY LYONS writes light funny sexy stories.Visit them both on the web at {site_link} www.kathylyons.com or {site_link} www.jadeleeauthor.com! At all. To me it wasn't the end of the world.Then there's the thing with the Ass stealing her ideas. It doesn't make sense to me. Romance Paranormal Contemporary Funny cute and interesting. I also enjoyed reading an extra chap at the end. That was brilliant and made me laugh. :)P.S. Detailed review to be added soon. So he disguise himself as the piano player. What he doesn't expect is to fall for the opposition. From there this is where the relationship/sexy times begins. Overall I did enjoy this quick read. The writing is good and the story is sweet. He did. And she did. And they did it all together.not my cuppa but one of my husband's faves. #badtasteboy Romance Paranormal Contemporary 2. The hero hiding his true identity and why was. For this reader it was indeed a mistake.21 pages in and I was let's say a little livid. I'm not a dowdy spinster piano man.I love to find a heroine with some sass and strength. It's exactly what I want. She didn't do it for herself. And there lies a problem for me. It

needed to be for her predominantly no one else. On this occasion though I've been left hugely disappointed. Romance Paranormal Contemporary 3 Bold and unexpected. I like that. Stars.The Makeover Mistake was a quick read."Strip and suit up. With Michael she can finally be herself.until the moment Thea learns who he really is. The Makeover Mistake (What Happens in Vegas #2).
