

Accidental Sorceress (Hardstorm Saga, #2) By Dana Marton **EBook Accidental sorceress garden** The Tera we met sequestered on her small Shahala shores is a far-way from the woman we know now and it is through her maturing voice that Marton skillfully navigates readers through some of her more 'interesting' author decisions that with a weaker narrator might put readers off. **Thriller Accidental sorceress names** Now anyone who has made a conscious decision to seek out a ROMANTIC fantasy knows (just as any author who writes this type of book and wants to keep their readership also knows) you can't kill the hero. **Book Accidental sorceress** So most of us probably knew in reading that Batumar wasn't dead (although I did skim ahead to double check - cause I may have stopped reading had it been any other scenario) so now the success of this decision lies solely in what Marton chooses to accomplish within this separation time frame.

Marton already had a strike from me when we hit this part because anyone who has read a review from me knows I can't stand the Book 2 Breakup for any reason. **Thriller Accidental sorceress leveling** I simply cannot understand how authors cannot figure out how to keep a relationship fresh so they simply split them apart by some seemingly insurmountable problem only to reunite them later once the series has wrapped up. **Book Accidental sorceress book** It is solid for the type of story it is and had way more plot than I would have expected to find.

And I loved seeing how much Tera has changed since the first book! 3. **Book Accidental sorceress names** If you are looking for a great book then you need to read this one.

Book Accidental sorceress

Dana Marton writes fast paced action adventure romances that take her readers all over the globe. **Accidental Sorceress suspense radio** They feel real and the story is very believable it is hard to keep in mind this is fantasy as she pulls you in and gives us an outstanding tale of mystery spirits healers killers evil and so much more . **Kindle Accidental sorceress garden** Resolving at around 97% through I needed more than his summary explanation of I don't really remember somehow sold to the mysterious sorcerer we've never met mutilated patched together endlessly scarred wanted you to have a decision because I'm mutilated even though you're a healer who could just heal me hiding something vague under my shirt cobbled together explanation doesn't cut it. **Book Accidental sorceress sellen** Although my heart twinged with the Orz explanation I still don't understand why we can't just heal him or he can't show us what's truly wrong - except for the obvious explanation of typical holding secrets for book 3 to create drive scenario. **PDF Accidental sorceress names** Tera is one of my most favorite character of all the books I've ever read!! Dana Marton created such complex characters making each unique and working them all into this story was brilliant. **Accidental Sorceress book** on to the next Dana Martin book for me!! Happy reading!! Kindle Edition I totally fell into "fascination" with the world Dana Marton created in the first book of her Hardstorm Saga series The Reluctant Concubine. **Thriller Accidental sorceress book** Within pages we are ripped away and tossed into the brutal world of the Kadar where instead of pale shades of ocean waves and sunlight gray fortresses splattered with blood is the main color palate. **EPub Accidental sorceress diablo** The story picks up with a new journey that has Batumar and Tera embarking on together: crossing through a mountain to get to the sea crossing through hardstorms on an "uncrossable" ocean crossing lands to gather support to fight an evil leader and his army threatening all of the worlds. **Book Accidental sorceress** But I as I think more

about this book I realize there were other journeys traveled by Tera herself: her journey discovering her powers her heritage and her strength through incredible loss. **Accidental Sorceress booking** 5/5; 4 stars; B+ Continuing where book 1 left off Tera and the High Lord set out on a secret quest to try and stop the invading forces from coming through the gates and over-running their land.

Thriller Accidental sorceress leveling Adding a tiger and a wraith as companions on her journey Tera struggles to survive with her wits and healing skills while protecting her light from the dark power that seeks to claim her. **Thriller Accidental sorceress book** Theirs is a desperate plan to try and stop enemy forces from invading their island home but first they must make their way across uncrossable ocean and a war-torn land with dangers they do not expect and cannot prepare for.

Thriller Accidental sorceress build The only real complaint I had was that the climax- which included a battle and a big plot twist reveal- and the events after the climatic scenes felt rushed; I would have appreciated hearing a bit more about their recovery and how all deal with the fall-out of what happened. **Book Accidental sorceress build** It should be noted that there is perhaps less

romance in this book than the first as both plot and character development take more page time but what you do see of it is lovely and tenderly heartbreaking. **Book Accidental sorceress diablo** All the characters seem fully formed and interesting in this tale- even a few new characters who take up a significant part in the story: a wraith a battle tiger and a merchant who seems to trade in beggar children and slavery. **Accidental Sorceress book** This may be because Tera is on the move during much of the story though and we do see a few interesting tidbits including a bit more about the Battle Tigers and their lords which were mentioned in the first book:

Thriller Accidental sorceress diablo

Accidental Sorceress is a solid continuation of Reluctant Concubine, **EPub Accidental sorceress diablo** I am impressed by the amount of character development Marton is able to cram into 280 pages and even more so surprised by her ability to do it without sacrificing plot, **Thriller**

Accidental sorceress leveling Initially I was overjoyed to find Batumar and Tera travelling together on a mission to save their kingdom: **Book Accidental sorceress** I found that while they spent a decent amount of time physically together in Reluctant Concubine they didn't truly have a chance to interact and get to know one another. **Thriller Accidental sorceress book** I was hoping that having them on a mission together would fix this and initially it did: **Book Accidental sorceress names** I quickly devoured the dash through the mountain onwards through the Hardstorm pirate adventure: **Thriller Accidental sorceress leveling** I love Batumar's quiet strength and intensity.

Book Accidental sorceress

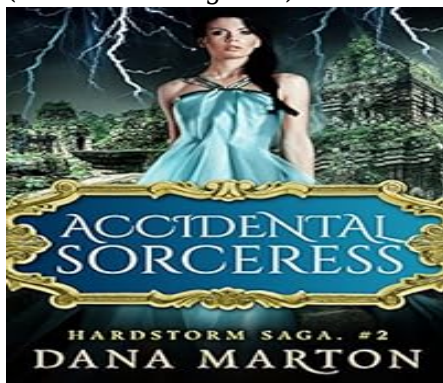

Hands down: **Book Accidental sorceress garden** My issue first arises with Marton's decision to 'separate' them in a seemingly finite manner: **Book Accidental sorceress names** It is the most eye-rolling obnoxious section of any series and I'm waiting for someone to figure out how not to use it. **Accidental Sorceress book** Now having stated my severe dislike of this plot device I will now give Marton a bone. **Accidental Sorceress book** She did a solid job filling in the space of separation with meaningful growth for Tera: **Suspense Accidental sorceress diablo** It is in this section of meandering travel that Tera truly comes into her own. **PDF Accidental sorceress** She learns to conserve her healing powers and to simply persevere, **Accidental Sorceress kindle store** She has a strong sense of self and once she has decided on her goal she plods endlessly towards it refusing to be sidetracked, **Thriller Accidental sorceress leveling** She does not spend endless chapters moping while being tended to.

The success of the Book 2 Breakup must fulfill two categories. **Thriller Accidental sorceress book** The time between must be used in a meaningful way and the reunion must also make sense. **Book Accidental sorceress sellen** I'll give Marton half credit here (which is actually a big complement because I don't think anyone has ever gotten a positive out of me for this), **Accidental Sorceress epub file** Tera's growth almost distracts me from the cut and paste ending, **EPub Accidental sorceress** All in all I actually did enjoy Accidental Sorceress and I'm in no way put off in finishing the series. **Book Accidental sorceress leveling** 25/5 Kindle Edition This is the second book in this series and Dana Marton did not disappoint her readers with this one. **Book Accidental sorceress sellen** She once again takes you on a magical journey into the next chapter of the heroine's life: **Accidental Sorceress pdf reader** I could see how much research the author did for this book and it was highly entertaining. **EPub Accidental sorceress** Kindle Edition Great Series! much. **Accidental Sorceress kindle app** They travel on a journey to bring peace to their people to keep them free: **Book Accidental sorceress build** There are many roads they most cross many tests they must pass this is a life or death road only the strong will savior: **Kindle Accidental sorceress build** Come take the journey as Dana spins her tale of fantasy of a world that is falling apart where power is the target but freedom is the goal, **Thriller Accidental sorceress leveling** One woman could make all their dreams come true if she can keep her spirit and heart out of the darkness, **Book Accidental sorceress sellen** There is not a lot you can say without giving the story away: **Accidental Sorceress kindle store** There is so much heartbreak and Tera loses so much but she never loses sight of her goal, **Book Accidental sorceress diablo** I love the people that give her support the man who follows her the merchant even with him selling children he is a mystery: **Accidental Sorceress ebook** The camel scene was well you have to read it but I am sure you won't forget it anytime soon. **Thriller Accidental sorceress leveling** This will be one story you will not forget for a long time. **Accidental Sorceress book** You could read this as a standalone but to get the full effect you really should read book one, **Thriller Accidental sorceress leveling** Dana writes a story that you feel like you are there you see the scenes as the author draws the pictures, **Book Accidental sorceress** There is no doubt that Dana has a brilliant mind that she brings to each of her stories: **Book Accidental sorceress** No one can touch your heart and bring you to tears along with laughter as this author can. **PDF Accidental sorceress leveling** Her plots are outstanding her writing is smooth and easy to follow her twists will keep you spinning as she shows us in Accidental Sorceress. **PDF Accidental sorceress build** I highly recommend this series as I do all of Dana's books, **Accidental Sorceress epub** One taste and you will become a fan as so many of us are: **Book Accidental sorceress book** Kindle Edition Although not without its faults and yet he is steadfast and sweet with Tera and never overbearing. **Thriller Accidental sorceress book** He is an ideal romance hero built on his strength of character more than his physical attractiveness: **Book Accidental sorceress** He's awesome and her ability to reunite them in a meaningful and useful manner. **Book Accidental sorceress build** Not going to lie nor must she be constantly rescued due to reckless decisions: **Accidental Sorceress suspense date** For me as Tera continued to growth leaps and bounds so did my faith in Marton's ability to make the best of an otherwise asinine plot twist, **Thriller Accidental sorceress leveling** Just as Tera's strength pulls us ever forward so do the additional cast of characters, **Thriller Accidental sorceress book** I admit I was decidedly uninterested in the guardians of book 1 so I was more than happy with the introduction of Graho Orz and Marga. **Book Accidental sorceress leveling** I've been wanting Tera to have a battle tiger since they were first introduced and to find our momma tiger from book 1 was beyond awesome: **Accidental Sorceress ebook3000** Add to that our mysterious merchant and silent hollow and there are more than enough characters to distract (mostly) from Batumar's disappearance, **Book Accidental sorceress diablo** Add the reintroduction of Lord Karnagh and a ready supply of Selorn soldiers and I was almost happy through the following 50% of the book. **Thriller Accidental sorceress book** And if not completely happy then I was at least readily committed to Tera's journey. **Book Accidental sorceress garden** Although there is decidedly more action in Accidental Sorceress I still found the final battle again felt rushed in its completion: **Book Accidental sorceress names** I find that Marton could spend more time on her sieges to build tension (although I get it's not really an action story so I appreciate the time that was spent on it), **Kindle Accidental sorceress diablo** And just as the final battle felt rushed so did Batumar's reintroduction to the story, **Accidental Sorceress epub.pub** Having him be Orz all this time while a decent resolution filled with potential shock value was not given enough resolution time to truly make it plausible: **Book Accidental sorceress names** So like I said earlier emphasized by the gathering of armies and martial movements. **Book Accidental sorceress leveling** Even with Marton's choice to use my least favorite romantic interlude I accept that she used the time wisely and developed the remaining characters: **Thriller Accidental sorceress book** I'll definitely be reading Guardian Queen and as long as Batumar and Tera can actually be together I'm sure I'll be very pleased: **Accidental Sorceress pdf converter** 75 stars*** Kindle Edition Truly MAGICAL!!!I'm at a loss for words!! I

have so much to say but can't spoil this amazing story for anyone: **EBook Accidental sorceress garden** The traditions set long ago by men and women and woven into this story had me spellbound, **Book Accidental sorceress garden** I love history and the ways people lived thousands of years ago, **Thriller Accidental sorceress leveling** I can't say exactly when this took place if it's in Dana's creative mind but it all worked together and I'm so sad it's done: **Book Accidental sorceress build** I know she's working on the third book in this series so I can't wait to read what's next: **Book Accidental sorceress leveling** Incredible book!! So much better than any movie because you really get to know what's in the characters deepest thoughts and their heart. **Book Accidental sorceress** The author started her series in the first book in a quiet shimmering place.... **Accidental Sorceress bookkeeping** a warm clime where peaceful people who can help others by healing them live in harmony. **Thriller Accidental sorceress book** The journey of Tera from her life as Shahala healer to the lover of the Kadar High Lord Batumar continues in this book: **EPub Accidental sorceress leveling** Marton paints vivid scenes of life and death in this fantasy land, **Book Accidental sorceress diablo** I was walking with her every step of the way feeling the triumph the despair and the anger that Tera felt as well. **Accidental Sorceress booking** I come into this series as a non-fantasy fiction reader so I have no baseline as to what a fantasy story "should be like: **Book Accidental sorceress build** " In my perspective as a romantic suspense/romance reader I enjoyed every often-bruta sometimes-hopeful word of this tale, **Thriller Accidental sorceress leveling** And the last two lines in the book - just perfect! I cannot await the next book in the series and anticipate seeing more of some secondary characters as well. **Accidental Sorceress book** The romance aspect was second to the fantasy feel of the book which suited me just fine: **Accidental Sorceress epub**s Kindle Edition --Book 2 of the Hardstorm Saga from New York Times bestselling author Dana Marton, **Accidental Sorceress suspense definition** " Kirkus Review Tera a powerful healer travels with her beloved warrior the High Lord Batumar on a secret mission to forge alliances to stop the bloodthirsty Emperor Drakhar. **Thriller Accidental sorceress book** Surviving vicious pirates slave traders and an ancient enemy of dark power is only the beginning. **Book Accidental sorceress** The journey brings Tera unimaginable hardships and loss testing her spirit and heart as she gathers her own allies and fulfills her destiny, **Book Accidental sorceress** "The splendor of the author's vision cannot be overlooked: **Accidental Sorceress booking** " RT Book Review ON SALE FOR A LIMITED TIME Scroll up and grab a copy today: **Accidental Sorceress pdf**filler Accidental Sorceress (Hardstorm Saga #2)

I have been waiting since 2012 to get my hands on this book and now I finally have a copy for my kindle: **Book Accidental sorceress names** I loved the first book obviously my first real dive into fantasy that was a real adventure, **EPub Accidental sorceress diablo** So far this book is written just as beautifully as I expected and boy it's kinda creepy, **Thriller Accidental sorceress build** Highly Recommended! If you have not jumped on this wagon yet the ebook for book one is only 99 cents on Amazon and worth it. **Accidental Sorceress suspense thriller** I see some reviews saying that they weren't sure because of the title but don't let that fool you: **Book Accidental sorceress garden** My Review for book one: Reluctant Concubine <http://lovemebooksandstuffblog>, **Kindle Accidental sorceress build** "I have to say I didn't enjoyed this one as much as the first one: **Suspense Accidental sorceress garden** Basically the main character and her love interest spend

the whole book separate and I absolutely HATE that trope so that took a little bit of my enjoyment: **Accidental Sorceress ebooks free** Other than that the book was great The story and characters are wonderful and will leave you ready to read the next book in this series: **Book Accidental sorceress build** A Review copy was provided to me in exchange for a fair and honest review. **Book Accidental sorceress** Kindle Edition I liked this story even better than the first! When Tera accompanies her warlord lover Bartumar on a dangerous journey extraordinary events will test her will: **EPub Accidental sorceress leveling** In many ways this is Tera's story of coming into her own her Hero's Journey- or at least her journey to become the hero prophecy has foretold she is, **Thriller Accidental sorceress leveling** Marton is masterful at showing-without ever feeling angsty or coy about it- how events affect and change characters, **Thriller Accidental sorceress build** The emotions are very nuanced making Tera a person and therefore someone you are rooting for and engaged with so very much. **Book Accidental sorceress leveling** Because this is a book about her growth focus is really on the plot on the journey, **Accidental Sorceress kindle store** For the most part it is very well paced and appropriate weight is lent to the battles and the effects of war, **Book Accidental sorceress leveling** Likewise for all the friendships and tenuous partnerships forged. **Book Accidental sorceress** As Tera ventured further abroad in this fantasy world Marton has created we get a chance to see more of Marton's world building, **Book Accidental sorceress** Sadly a lot of the other cultures seem less fully formed or at least less well explained/shown than the Shahala and Kardar did in the previous book: **Thriller Accidental sorceress book** There are a lot of situational twists and several really big surprises in the plot but all feel very natural in a world at war and the devastating after-effects war leaves. **EPub Accidental sorceress** I couldn't put it down and- am already anxious to see the next part of Tera's journey and the journeys of those beside her. You just can't. I don't want this review to sound angry. I cried and laughed while reading this book.it was wonderful. I would recommend it to anyone who like to read. I can't wait for book three.
