

Dante's Twins (Expecting!) By Catherine Spencer English It would have been higher if the story did not jump all over the place!!! Omg I did not know what day it was what was going on who was sleeping with who and the flash back forward stuff has to be done better. **Book Dante's twinstar credit** He wants it all to be perfect but when he listen to the wrong people and let other dictate what he should do and forces her to marry him.

Dante's twinshock

Really hated the way hero kept taunting and treated cruelly the heroin and blackmailed her for the wedding but the thing i liked was heroin grew a back bone on the wedding day she did'nt go ahead with the marriage decided to leave and not by running but she told clearly to hero she was not giving in to such a wedding and she went away after few months hero comes and she accepts him back they have their HEA which was hard for me to digest The part i so disliked about the story was though hero has 3 sisters way he keeps calling names and treats heroin so badly when she is carrying his children instead of taking care he keeps taunting and insulting her and lackmailes her for wedding does'nt listens to what he has to say just judges her Worst part no grovelling Okay read English In the past.
