

Tyrants Throne (Greatcoats, #4) By Sebastien de Castell **Tyrants thronecoming ever** It was established in the first book who the main villain is and the inclusion of the new villains in each book took away the focus from that person and sometimes made me wonder what's the point of the first book. **Tyrants thronehammer** 5/5 StarsGreatcoats : 16/20 StarsYou can find this and the rest of my Adult Epic/High Fantasy & Sci-Fi reviews at BookNest Kindle Edition Would you - could you? - uphold the law at the cost of those you love? Hi Folks!My fourteenth novel {site_link} THE MALEVOLENT SEVEN arrives in stores in around the world on May 11 2023. **Tyrants thronebreaker choices** Four hours later he realized how much he actually hated archaeology and left to pursue a very focused career as a musician ombudsman interaction designer fight choreographer teacher project manager actor and product strategist. **Thriller Tyrants throne gifts** Four hours later he realized how much he actually hated archaeology and left to pursue a very focused career as a musician ombudsman interaction designer fight choreographer teacher project manager actor and product strategist. **Tyrants thronecoming ever** His only defence against the charge of unbridled dilettantism is that he genuinely likes doing these things and that in one way or another each of these fields plays a role in his writing. **Tyrants thronebreaker** Kindle Edition □ Traitor's Blade (Greatcoats #1) □□□□□ Knight's Shadow (Greatcoats #2) □□□□□ Saint's Blood (Greatcoats #3) □□□□□A stunning conclusion to a superb debut series that will leave you with a sense of both poignancy and profound contentment. **Thriller Tyrants throne gifts** Tyrant's throne always had a steep mountain to climb having the burden of following the act of Saint's Blood which culminated in an epic showdown for our stabby trio confronting and ultimately defeating a god. **Tyrants thronebreaker pc** I had my doubts that SDC would be able to deliver once more oh ye of little faith! but in my defense it is not often that new authors are able to deliver an entire debut series of such superb quality without dropping the ball even once. **Tyrants throneful** Thinking back to some of my favorite debut series I only recall John Gwynne & Sebastien de Castell achieving this with Anthony Ryan's Blood Song being the most notable superb first book with a disappointing final book. **Tyrants Throne thriller bark** I was worried for a while as there is a significant death in this one that made me very gloomy (Eeyore levels of gloom) but the book is overall well balanced and tends more towards Saint's Blood than Knight's Shadow in that regard. **EPub Tyrants throne room** The dialogue the emotion the characters and their motivations - all are a joy to read and will have you laughing crying despairing and celebrating along with them even as you look forward to an ending for them and also simultaneously fear it for this my friends is the last book in this series. **EBook Tyrants throne** Although there might be a future series where we get to see them again nothing is ever certain and these amazing characters have fought their way onto my bookshelves and into my heart. **Tyrants Throne booklet** Sebastien de Castell has with this denouement once again delivered the excitement fun action and great storytelling that the first three books have become known for and also firmly stated that he can "bring it" with the best of them. **Thriller Tyrants throne gifts** What is worse as if one Falcio is not enough this instalment introduces one Chalmers who is in fact another Falcio to this extent that they say the same things at the same time. **Tyrants throneless** His companions started as a promising reprise of the Musketeers but very quickly turned out to be one of those groups with the star and his side-kicks troupes where you can shine only at the expense of the others. **Thriller Tyrants throne chair** Design-wise the book is too long and after a boring beginning of too many unnecessary chapters that give you a very vague notion where this story is going it veers from a lesson on how very complicated it is to rule a kingdom (like we didn't have the whole previous book where Falcio could prove over and over that he sucks at diplomacy and power games at least as much as at horsemanship) to a melodrama of strained credulity with the Greatcoats facing a war against evil who want to destroy the country. **Mystery Tyrants throne gifts** Protagonists faced with the same choices end up making the same mistakes and even though

the opening starts with a bold pronouncement that the time of preposterous heroics has passed this is precisely what you will get: preposterous heroics in preposterous doses especially that the plot meanders quite a lot and is heavily based on Falcio getting out of impossible situations. **Book Tyrants throne kingdom** The so called villain is laughable (the new one the old one is a pitiable psycho) duels and battles protracted and several characters that should be put out of their misery survive for no reason whatsoever. **Fantasy Tyrants throne kingdom** Maybe the problem is that at its heart the biggest drama in the series is whether or not one should follow the laws (to the letter) hidden in a quagmire of a half-coherent mess of stereotypes. **Tyrants Throne ebook reader** When Falcio is "sick and tired of seeing the law twisted into a means of bringing more death and destruction into the world" I kept thinking that it is good he doesn't know the UN Security Council. **Tyrants Throne booker** The main reason why is because it's the same shit that happened throughout the series I know what your thinking what is this banshee talking about? well let me YELL it at you (in a very angry voice). **EBook Tyrants throne kingdom** I hate samey sameness it's one of my biggest peeves I was tired of hearing the same jokes over and over again I was also sick of reading the same arguments over and over again it's gets old quickly. **Tyrants thronebreaker** Book three I thought okay these jokes are becoming annoying by book four it was INSTA RAGE stop with the overuse of the same jokes please oh look at the expression on Falcios face. **Book Tyrants throne room** Ok we get it Castell! Falcio is an annoying main character who never shuts up! Luckily Brasti was there to break up the boringness and samey sameness of this novel If it wasn't for him I would have tapped out at around the 30% mark. **Tyrants Throne booker** I love war and politics but this novel felt rushed and unnecessary I would have preferred the author adding an additional 150 pages to book three and having a conclusion in that novel but instead he wrote a 600 page book of boringness and fillers. **Thriller Tyrants throne gifts** Obviously I understand the authors reluctance to let Falcio just live his life but seriously how much torture does one man need to endure before he can have his peace I feel like the author tortures his characters for fun. **Tyrants Throne ebook3000** Also some of the ways Castell dealt with the 'bad guys' pissed me off I was all up for this idea I'd rather rip out that little bitches cunt with my bare hands. **Book Tyrants throne room** A few things I loved about this novel; I love Brasti I wish he was my friend in real life and the main character of the series the sweetest cinnamon roll to have ever existed as a fictional character. **Tyrants thronecoming ever** Like I seriously must be a heartless bitch but i just didn't care I had pretty much 0 feels throughout the entirety of this novel (except the last 50 pages which pulled on my heartstrings a little bit). **Book Tyrants throne chair** I do however like the authors writing style but even found a few issues with that the author uses the most overused unoriginal sentences in book history I let out the breath I didn't even realise I was holding in. **Tyrants Throne thriller lyrics** What happened to great nasty villains? Why didn't some great characters have a proper time and chance to show their greatness? Why instead of having a great time reading I feel like after a tiring day?Ok ranting mode off. **EPub Tyrants throne kingdom** Loved it!#recommended Kindle Edition OMG!! This book made me cry in sad ways and in happy ways! This is the best book of the series to me even though it's the last book and I loved them all. **Thriller Tyrants throne gifts** But when one does this saga finds itself held up as an all-time great; descriptive terms such as the matchless the peerless the unparalleled pinnacle of the genre and other even more flowery terms thrown around. **Tyrants Throne booking** At the end of the day though what brands a series as a timeless classic is how it is remembered going forward especially how many of its fans continue to recommend it to new reader for years and decades to come. **Tyrants thronefall** Tyrant's Throne delivering the finishing touches to propel it into the best swashbuckling fantasy ever written; Falcio val Mond and comrades able to proudly parade among the elites of the genre. **Book Tyrants throne chair** The wedding of two Tristian royals lending itself to yet another rousing dose of Castell action with our leading man pronouncing proudly the most memorable lines since Inigo Montoya in The Princess Bride:My name your lordship is Falcio val Mond. **Book Tyrants throne chair** As our viewpoint character Falcio Val Mond has guided readers from the grim depths of Traitor's Blades through the frantic trials of Knight's Shadow to the gloomy despair of Saint's Blood. **Thriller**

Tyrants throne gifts His constant soul searching self-induced delusions unflinching devotion and unfailing determination the constant pole around which the seething pool of vile politics horrid sacrifices and grim deeds revolve in the quest to place King Paelis' daughter Aline on the throne of Tristia. **Tyrants Throne booking** His demons come to torment him; his most cherished memories turned into horrid illusions of the truth; the very foundation of his life as a Greatcoat rocked by the revelations he must confront. **Book Tyrants throne gifts** No matter the trial the grief the torment or the disillusion Falcio val Mond is a man of ideal a warrior of principle who will not give in to the forces dragging him down. **Tyrants Throne fantasy football** He is the King's Heart and such a man can never be defeated! I have to say I really didn't believe there was anything left for Sebastien de Castell to throw at Falcio after three books. **Tyrants Throne mystery science** But I was wrong yet again for Tyrant's Throne plunges our hero into even greater fires of adversity forcing him to take a long look at himself and his beliefs before raising the more refined version of my favorite Greatcoat like a blazing phoenix. **Book Tyrants throne kingdom** It is harsh painful to read at times but it is such a perfect ending to our hero's journey that I cannot now imagine Falcio and the Greatcoats' story ending any other way. **Tyrants Throne ebook reader** His narrative finding the perfect balance between every emotion tugging your heart strings one way and another; each twist in the plot spanning the spectrum from crushing despair to soaring excitement. **Book Tyrants throne wishlist** Since my return to the fantasy genre about four years ago Sebastien de Castell is among my favorites authors; his Greatcoats series listed among my most beloved fantasy series ever resting proudly next to those of Tolkien Donaldson and many more. **Book Tyrants throne gifts** But until then I will cherish my memories of my adventures riding and fighting alongside Falcio and the Greatcoats proclaiming to all the villains of the world that "THE GREATCOATS ARE COMING!" I received this book from the publisher in exchange for a fair and honest review. **Book Tyrants throne chair** I have absolutely nothing bad to say about these four books and as apprehensive as I felt about Sebastien de Castell finally writing a conclusion for this series that I love he proved that he could do that perfectly as well. **Tyrants Throne pdf drive** I've never rooted for any character of any book like I've rooted for these three men: □ Brasti Goodbow - The King's Arrow the Queen's Jest the funniest character in all of literature and the kindest soul in all of Tristia. **Book Tyrants throne kingdom** Like you've probably heard a million times before these three make up a very Three Musketeers like group that travels through this country named Tristia trying to keep their dead king's dream alive. **Book Tyrants throne room** We learn of Falcio's right away in Traitor's Blade and from there we are lead on an amazing journey filled with duels wars deceptions politics betrayals twists turns love and everything in between. **Tyrants thronebreaker pc** " Book four starts out in true Sebastien de Castell fashion which is always in the most unexpected of ways with our three beloved Greatcoats crashing a wedding performance in which another Greatcoat shows up to save the day which totally just makes our Greatcoat's day much harder. **Book Tyrants throne wishlist** And probably most importantly how are the Greatcoats going to reunite a country that is so very content with meagerly passing by? "What if people didn't need outdated heroics and idealism? What if they didn't need Greatcoats at all? What if the one thing my country needed most to survive was a tyrant?" It's so very difficult to say much more without jumping into spoiler territory. **Tyrants Throne thriller lyrics** " In my opinion this series deserves just as much credit praise and adoration if not more so than The Kingkiller Chronicle ASOIAF Mistborn and all the other popular high fantasy that is constantly talked about and loved and celebrated. **Tyrants Throne booking** "And so ends Tristia once the very pinnacle of culture and civilization dissipating in misery while the great Falcio val Mond rushes across the land in search of anyone in a long coat who happens to share his fanatical devotion to a dead King's dream. **Book Tyrants throne chair** Please do not continue on if you haven't completed this series! MAJOR SPOILERS ahead! "Ah that's the thing about people like you and me Falcio: our curse is to keep living when those we love best die" □ Aline - I have never wept for a character the way I have for Aline. **Book Tyrants throne gifts** If I had to give a complaint about this book it would not be that Sebastien de Castell decided to kill her it would be that he brought her back for just my heart to heal a tiny amount only to then break in a way I never

thought possible over fictional characters. **Tyrants Throne epub.pub** "I tried to imagine what it must be like to be young beginning to see your own talents emerging to see the world full of possibility -and yet have to set that aside to prepare yourself for a marriage whose only purpose would be to ensure you never fully met your own potential. **Fantasy Tyrants throne kingdom** I mean maybe it is just a sweet ending and Lord knows that Chalmers deserved that rank after what she had proven of herself during the war but I still feel like we are going to learn a lot about her and her new king Fillian. **Tyrants Throne booklet** □ Jillard - Jillard was one of my favorite characters but I knew he was living on borrowed time as soon as Tommer died in Saint's Blood but can we talk about his character development? I mean what a perfectly crafted and written character who was able to evoke every emotion of the spectrum from me. **Book Tyrants throne gifts** □ The Tailor - I know the Tailor isn't the most beloved character of this series but when I think about everything she has lost and continued to lose my heart becomes so very heavy for her. **Tyrants thronecoming ever** Like I didn't have a problem with her but I constantly wanted her to show Falcio she loved him and viewed him as her father but instead she constantly acted ungrateful towards him. **Tyrants Throne booker** These characters have become part of who I am as a person and I will cherish this amazing quartet for as long as I live while I sing its praises to every book lover I come in contact with. **Fantasy Tyrants throne room** Falcio val Mond is on the brink of fulfilling his dead king's dream there's only a few more obstacle to go through before he achieve it and did he succeeded? Well you have to read it yourself to find out. **Tyrants thronehammer** All the main themes of the book are still here the injustice the battle to uphold laws and to end the tyranny in Tristia every thread that began ever since the first book of the series ended here no more loose ends and I feel a bit bittersweet about it. **Tyrants Throne thriller song** I feel happy that it ended satisfyingly and at the same time I feel sad that I must part with the characters of this series and in my opinion that's the sign of a great book and series. **Tyrants thronecoming ever** I'll be honest I never think of Falcio as lovable character his temperament and somehow psychotic attitude sometimes bothered me but at the same time I can't ever dislike him because I feel if I were in his situation where he can't ever catch a break I'll probably do even worse things or probably killed myself in the first book already. **Thriller Tyrants throne gifts** However this is what made his character realistic and he's a great choice for the main character accompanied by his best friends Kest and Brasti the narrative never forget to switch between tension and fun. **Tyrants Throne thriller bark** " Every character have fantastic developments throughout the whole series none of them started the same than when they began in the first book and I truly love these kind of developments. **Tyrants thronebreaker pc** It's heavier with politics dilemma and feeling of determination but for the first time in the series we finally get to see the Bardatti in actions other than singing and telling stories in a tavern. **EBook Tyrants throne gifts** 'Saint's Blood' however came and change my perspective of the series Falcio val Mond First Cantor of the Greatcoats is on the brink of fulfilling his dead King's dream: Aline the King's daughter is about to take the throne and restore the rule of law once and for all. **Tyrants thronebreaker choices** In the neighbouring country of Avars an enigmatic new warlord is uniting the barbarian armies which have long plagued Tristia's borders - and even worse he is rumoured to have a new ally: Trin who's twice tried to kill Aline to take the throne for herself. **Book Tyrants throne chair** Falcio Kest and Brasti race north to stop her but in those cold and treacherous climes they discover something altogether different and far more dangerous: a new player is planning to take the throne of Tristia and the Greatcoats for all their skill may not be able to stop him. **Book Tyrants throne** It is going to fall to Falcio to render the one verdict he cannot bring himself to decide: does he crown the girl he vowed to put on the throne or uphold the laws he swore to serve? Tyrants Throne (Greatcoats #4).

. I got tired of being in his mind and looking at the world through his eyes and sometimes I wished he wasn't a part of this story which leads me to Kest and Brasti, **Tyrants throneless** Those two are great characters and they were limited to a funny banter here and there and some insightful remark to help Falcio. **Thriller Tyrants throne chair** I wanted to spend some time in their heads and I

think this series would've been much better if they got their POV chapters: **Book Tyrants throne chair** Some of them are very cool and they got very little screen time and appeared only when it was convenient for the story, **Tyrants Throne book** It felt disjointed and the main reason for it are the villains: **Book Tyrants throne gifts** And I was really disappointed with the way things ended with the main villain. **Book Tyrants throne gifts** Overall.

It was amazing and it was a significant improvement for the series: **Book Tyrants throne room** Tyrant's Throne is the fantastic culmination of everything that began ever since the first book, **Tyrants Throne kindle paperwhite** Sebastien de Castell ended his first series strongly and Greatcoats won't be the last series that I read from him, **Book Tyrants throne wishlist** I highly recommend this series to anyone who's looking for a great swashbuckling adventure read: **Tyrants Throne book** Series review: Traitor's Blade: 3/5 Stars Knight's Shadow: 4/5 Stars Saint's Blood: 4, **Tyrants thronebreaker** The best way to stay up to date is at {site_link} www. **Tyrants Throne kindle cloud** One day I'll even remember to get on that {site_link} Instagram thing. **Tyrants Throne booking** Sebastien de Castell had just finished a degree in Archaeology when he started work on his first dig. **Thriller Tyrants throne gifts** His only defence against the charge of unbridled dilettantism i Hi Folks! the Fallen for primacy, **Tyrants thronebreaker** And perhaps I should have abandoned this series two books ago but I'd stubbornly hoped that it would turn around. **Tyrants Throne thriller song** I know it is a well-liked series but I'm not in this crowd: **Book Tyrants throne** Falcio's self-righteousness selfish loyalty and stupidity parading as pompousness evolved from funny to mildly irritating to unbearably infuriating, **Tyrants Throne fantasy 5** This series would have been so much better had it been someone else who narrated it or at least if it gave other POVs as a respite from this fool. **Book Tyrants throne gifts** Think about how Kest had to surrender his martial prowess or why the fact that Brasti misuses words is an endless source of fun: **Mystery Tyrants throne room** Frankly I despise this kind of banter that arises from making fun of and at somebody and it is prevalent here, **Book Tyrants throne wishlist** Hundreds of pages of incessantly repeated conversations and situations you remember from the previous books, **Thriller Tyrants throne gifts** For those of you who want to point out the game-changer I beg you spare me: **EPub Tyrants throne room** I have been waiting for the chapter 51 plot-twist development since the second instalment because the whole "chariote" premise was so shaky, **Mystery Tyrants throne chair** At the same time the tidiness and convenience of that ending made me cackle with glee: **Tyrants Throne booker** While I expect this can be quite exciting to those studying for the bar I found myself strangely impervious to legalistic shenanigans, **Tyrants Throne booking** The grand finale with its "to law or not to law" question is a very weak existential problem to found the book on. **Book Tyrants throne gifts** Finally I cannot mention the awful writing with frequent "letting out the breath he didn't realise he was holding in" as a perfect poisoned cherry on this inedible cake. **Book Tyrants throne wishlist** This awful book is a waste of Amazon rainforest (I am so glad to have read an e-book you have no idea!): **Book Tyrants throne 5/5** Fuck anyone who ever doubts the purpose of daring acts of heroism Tyrants Throne is the last addition to the Greatcoats Series. **PDF Tyrants throne kingdom** I think it is a very average conclusion to a good series, **Mystery Tyrants throne kingdom** I found myself writing down all the things I hated about this series instead of the things I loved. **Tyrants Throne booker** So prepared yourself for a ranty review because let's be honest this novel left a salty taste in my mouth, **Tyrants Throne booking** Please everyone calm the fuck down this review is all a matter of personal taste (a very unpopular opinion). **Tyrants thronecoming ever** I understand majority of people love this series & have it on their favourite shelves. **Fantasy Tyrants throne kingdom** This is quite honestly the reason why I purchased this series I was so excited to start it honestly this was one of my most anticipated 'new series of 2017': **Tyrants Throne booker** So when I finally got around to read book one it was 'insta meh', **Tyrants thronebreaker pc** I found the humour in book one refreshing by book two I was like okay haha, **Book Tyrants throne wishlist** he has a plan or the oh look Falcio is about to have another speech, **Tyrants Throne fantasy island** So your probably wondering why I gave this book three stars if I hated it so much, **Book Tyrants throne gifts** It was so goddamn cute my soul has been touched and my heart broken atleast the author got one thing right and delivered a beautiful ending. **Tyrants thronecoming ever** It You know for a book about war there wasn't a lot of war going on just a circulation of the same goddamn arguments over and over again: **Tyrants thronehammer** I'm not even done ranting yet & I'm sorry to everyone who enjoyed this novel but I'm salty, **Tyrants Throne fantasy name** This novel takes off from where book three ended Falcio (the most annoying character in the universe) is trying to keep the peace in Tristia: **Book Tyrants throne** The Kings heir Aline is soon to be crowned as queen and return the law to Tristia: **Kindle Tyrants throne chair** But nothing ever goes to plan in this world and the Greatcoats are faced with a few new enemy it seems like everyone is out to get Falcio: **Tyrants Throne booking** Don't get me wrong I live for torture in books but it gets to the point in these novels that I just started to roll my eyes. **Tyrants throneburg** I was over his POV I genuinely hate first person perspective with a passion: **Tyrants thronehammer** So annoying MC + first person perspective = terrible experience for me. **PDF Tyrants throne kingdom** I wish the author decided to make this series a multiply POV that way I would have been less inclined to rant about this novel: **Book Tyrants throne** There was a beautiful ending and some of the side characters are truly amazing: **Book Tyrants throne chair** I

loved the display of friendships throughout the series (even tho Falcio treats the people who love him like shit). **Kindle Tyrants throne gifts** I love Kest another character I want to adopt and I also LOVE Darriana SHE IS THE BEST, **Tyrants throneless** But once again she got 0 page time I was only here for her and I left feeling disappointed, **Tyrants Throne thriller book** But other then those things and that ending this was not a pleasant experience. **Tyrants thronecoming ever** There was a few plot reveals that I saw coming from book one so they didn't affect me at all, **Tyrants thronebreaker** Recommended to all fantasy fans you will all probably enjoy it more then I did, **Tyrants thronebet** I'm just feeling salty for wasting a week of my life on this novel. **Tyrants Throne booklet** Kindle Edition Here it goes I finished this book at last and don't want to review it: **Tyrants Throne fantasy map** How do I feel? Tired frustrated happy disappointed and ranty for sure: **Tyrants Throne epubs** Like :)Yes that's my true form deal with it! :)I wonderWhat happened to my fave series? I didn't find a proper connection to the characters the narrative felt a bit scattered, **Tyrants Throne kindle** There were scenes I loved and enjoyed though not so much. **PDF Tyrants throne kingdom** There were jokes and true they made the book a bit better: **Tyrants Throne booker** I liked the heroic attempts they really showed the characters from the best side especially in the final battle: **Tyrants Throne pdf drive** Also the last 100 pages really worked for me it touched my heart, **Kindle Tyrants throne chair** I liked book 1 absolutely loved book 2 was a bit discouraged after book 3 and book 4 nearly killed my love to them. **Tyrants thronebreaker** All I want to say to Greatcoats is Kindle Edition

Everyone shush now' I said, **Thriller Tyrants throne gifts** 'This from Falcio near the start of the book but it could just as easily have been Sebastien de Castell himself: **Tyrants thronehammer** Here is the bigger picture of Falcio's world with wider scope and bigger questions, **Tyrants thronebreaker** Politics and philosophy take centre stage which lends a gravitas to the series I haven't felt in it before. **Tyrants Throne kindle direct** This is not the story of perfect heros but people with heart and flaws who rage and grieve and make mistakes: **Book Tyrants throne room** Falcio Kest and Basti are their usual wonderful selves and the people of Tristia are heros in their own right, **Book Tyrants throne wishlist** I want more =) I will always love the boys: Kest Brasti & Falcio, **Tyrants thronebreaker** Here is some advice don't think just read because you never know. **Tyrants Throne booklet** My name is Kest Murrowson a magistrate of the Greatcoats, **Tyrants Throne mystery** He paused for effect before adding unnecessarily And I am the Queen's Shield, **Tyrants Throne booklet** To answer your question friend my name is Brasti Goodbow and I am the Queen's Jest: **Tyrants Throne booker** I am the First Cantor of the Greatcoats also called the King's Heart: **Tyrants thronehammer** The boys are sent off on a mission to go and find some more people to help secure Aline as Queen among other things, **Tyrants Throne kindle unlimited** They go off into this bitter land and find some things they weren't prepared for, **Tyrants Throne mystery machine** They return home with this bad news and set up to fight more people, **Thriller Tyrants throne room** People die =(I think the conclusion of this series was excellent. **Book Tyrants throne room** Yes I know they can be read over and over but still I want more stories, **Book Tyrants throne** I can't wait to add this edition to my shelves along with the first three when it comes to

paperback, **Tyrants thronebreaker** *I would like to thank Netgalley and the Publisher for a copy of this book: **Book Tyrants throne room** *MY BLOG: Melissa Martin's Reading List Kindle Edition Originally reviewed at Bookwraiths: **Mystery Tyrants throne gifts** Few series transcend their genre bring readers of differing tastes together to brave dangers along behind its heroes: **Tyrants thronehammer** Sebastien de Castell's Greatcoats series now among that small heralded group of fantasy sagas for me personally, **Book Tyrants throne room** And I for one will be trumpeting its praises for as long as I draw breath. **Tyrants throneburg** As the concluding chapter in the Greatcoats series Tyrant's Throne immediately takes off with the daring do wisecracking laughs and twisted political machinations it has become known for. **Tyrants thronehammer** I am the First Cantor of the Greatcoats also called the King's Heart: **Book Tyrants throne room** Yet now when he is so close to completing his last mission for his beloved king circumstances grow even worse for Falcio, **Book Tyrants throne wishlist** Second there is a final showdown with the horrible Trin who has done nothing but torment our hero at every turn: **Tyrants Throne fantasypros** And third Falcio finds any unexpected enemy — his own self, **Book Tyrants throne wishlist** The terrible spiraling of events and choices threatening to send our hero into an abyss of despair from which even he cannot ascend: **Book Tyrants throne room** His single-minded faith in his beloved ideals causing him to move ever forward even when he makes terrible mistakes: **Tyrants thronebreaker** Our hero able to stand proudly before his innumerable more powerful foes at the worst of moments and flippantly declare "Everyone hush now : **Tyrants Throne book** He has been tortured (mentally and emotionally) seen his dreams shattered more than a few times and faced the death of all he loved seemingly at every turn. **Thriller Tyrants throne gifts** Mixed into the exquisite flagellation Sebastien de Castell still dazzles with his ability to deliver swashbuckling action amazing camaraderie funny moments and classic heroics, **Book Tyrants throne** Tyrant's Throne giving its frequent readers everything they could have ever hoped for in a finale leaving one awed yet heartbroken that it had to finally come to an end, **Book Tyrants throne wishlist** And while Tyrant's Throne is a fitting ending to this adventure I dearly hope it will not be our last visit to the colorful world of Falcio and friends: **Book Tyrants throne wishlist** I'd like to thank them for allowing me to receive this review copy and inform everyone that the review you have read is my opinion alone, **Tyrants Throne book** Kindle Edition ARC provided by Quercus in exchange for an honest review. **Thriller Tyrants throne**) Saint's Blood □□□□ "What do you call a judge sitting on a throne? [...] A fucking tyrant that's what, **Tyrants Throne kindle paperwhite** " I've been staring at this word document for far too long because I simply do not have the words to describe how much I love this book and this series: **Book Tyrants throne room** Nothing I could say and no word combination I could create would do this series justice but I suppose I should at least try, **Tyrants Throne booking** "From nothing we become men and women who write poems and wage wars and conceive of futures both wondrous and terrifying. **Book Tyrants throne gifts** " In my opinion this is the closest thing to perfection in adult fantasy. **Tyrants Throne mystery machine** □ Kest Murrowson - The King's Sword the Queen's Shield the moral compass the always knowledgeable bookworm and the little cinnamon roll that's too good for this world. **Book Tyrants throne gifts** □ Falcio val Mond - The King's Heart my freakin' heart the leader the lover that smartass the clever fool the main protagonist and maybe the best character ever written: **Book Tyrants throne chair** Upon their king's death he gave them each a secret mission to complete once he was dead: **Tyrants Throne booker** "The problem with games of war is that they're deceptive precisely because they presume that there are rules to be followed: **Tyrants thronehammer** But this is Tristia after all and corruption runs deep in the bone. **Book Tyrants throne** Then in maybe more true Sebastien de Castell fashion this ends up being a parallel for the entire book: **Book Tyrants throne room** This book also answers a lot of questions from the other three books too, **Tyrants Throne epub file** Like where the remaining Greatcoats have gone and what King Paelis asked of the other Greatcoats: **Tyrants thronebreaker** This is the fourth and final installment in this series and it ripped my heart out and left me crying for the last couple hundred pages but it was everything I wanted: **Book Tyrants throne room** This series means so very much to me and I've never loved another fantasy

series quite like I love Greatcoats: **Tyrants Throne ebooks online** This series is so special and unique with meaningful lesson after lesson on the importance of being kind and being good and to be just to other human beings, **Tyrants thronebreaker pc** And how important friendship is and how selflessly loving others is the most powerful gift you'll ever have in this life. **Tyrants Throne booklet** And that regardless of luck you can make a difference always: **Tyrants Throne book** "It comes down to a choice between Law and Justice -and they are two very different things Falcio despite how hard you've tried to unite them: **Thriller Tyrants throne kingdom** And I love all of those too but I love Greatcoats more. **Kindle Tyrants throne wishlist** Please give this series a try it's truly masterpiece that I wish I could share with everyone I know: **EPub Tyrants throne wishlist** This final book comes out June 6th for us Americans and it is so very deserving of the recent hype it has received on Goodreads. **Tyrants thronecoming ever** " Okay I can't resist writing a spoiler section where I incoherently gush about my babies. **EBook Tyrants throne** Like I'm crying writing this paragraph that's how messed up this book made me, **Tyrants Throne pdffiller** To consign yourself to be less than you could be in order to satisfy the machinations of old men: **Tyrants Throne epubor** " ☐ Monster - And then Monster coming back to take Falcio and the Tailor to bury Aline? Please God make these tears stop. **Tyrants throneless game** AND SHE HAD FOULS? LITTLE FAE HORSE BABIES? Please just take all my money and make me a book about them, **Tyrants Throne booking** ☐ Trin - Girl where did you go? And how are you my favorite villain of all time? Everything Trin does makes so much sense while she also does nothing without reason, **Tyrants Throne booklet** She wants to love so desperately she was just never taught how to: **EPub Tyrants throne wishlist** I hope Sebastien de Castell comes back to this world soon because I hate having resolution with everyone but Trin: **Book Tyrants throne chair** ☐ Fillian - I read this book feeling like Fillian would perhaps get his own spin-off. **Tyrants Throne pdf editor** And even though I hated Aline's death I loved the conversations of misogyny that Fillian becoming King (so easily) brought up, **Tyrants throneless** I mean Fillian proved he would put his country first I just feel like he is too mysterious for us to not learn a lot more about eventually: **Book Tyrants throne chair** ☐ Chalmers - And once Chalmers got appointed First Cantor I couldn't help but fully believe in a spin-off, **Tyrants Throne booking** Not only is she completely badass and always takes matters into her own hands she somehow wormed her way into Brasti's heart and he into hers. **Tyrants throneless game** I loved that is going to reform the Dashini into what it should and could have been from the start: **Book Tyrants throne room** I only hope her and Brasti get a spin-off telling about their adventures and their love together: **Tyrants throneful** Honestly seeing the Gods of Love Death and Valour show up honestly broke me: **Tyrants Throne book** I thought I couldn't contain my tears during Aline's death? Oh was I a sweet summer child. **Mystery Tyrants throne wishlist** Also Sebastien de Castell's twists and turns will never cease to surprise me: **Book Tyrants throne wishlist** ☐ Nehra - I loved her and the rest of the Bardatti, **Tyrants thronebreaker** Whenever I play or watch D&D Bards are always the class that wins me over with minimal effort and I fell in love with the Bardattis just as easy. **Book Tyrants throne room** I loved the impact of their war song and I loved the message that music can change the world, **Tyrants Throne mystery machine** I hope there is a heavy emphasis on them and their tales in future books: **Thriller Tyrants throne gifts** ☐ Feltock - I honestly was not expect this cameo at all but it was so very welcoming. **Tyrants Throne booker** I loved the disabled representation especially in a believable war setting from an actual war general: **Tyrants Throne mystery** Feltock was such a wonderful addition to the ending of this book and I am so very thankful for him and his impact on the war: **Tyrants Throne thriller song** ☐ Valiana - Valiana kind of missed the mark for me in this book: **Thriller Tyrants throne kingdom** And I get that it was completely sad and unfair that she was lied to all her life but then she just accepts taking Jillard's name and happily rules her new Duchy. **Tyrants thronebreaker** ☐ Ethalia - Okay I agree her being pregnant with Falcio's baby (girl too) at the end was a little cheesy. **Book Tyrants throne gifts** But hell after seeing Falcio finally say he was lucky after all the torment suffering and heartbreak he had to endure through his journey I am happy for him. **Tyrants Throne thriller bark** " Brasti becomes a Rangieri Kest becomes a knight and Falcio becomes a father,

Mystery Tyrants throne chair You know I honestly didn't see this ending coming but I loved it all the same. **EBook Tyrants throne gifts** I can't wait to see what adventure Sebastien de Castell embarks us on next! [Blog](#) | [Twitter](#) | [Tumblr](#) | [Instagram](#) | [Youtube](#) | [Twitch](#) **Kindle Edition 4: Tyrants Throne booking** 5/5 Stars Here lies the end of my journey with the Falcio Kest and Brasti and let me tell you it ended with great satisfaction. **Tyrants thronecoming ever** If Saint's Blood was the climax to the series Tyrant's Throne is the great epilogue to the series: **Tyrants Throne kindle cloud** This is the last book of the series so I won't go into any details on the plot but I'll let you know that this is a very satisfying conclusion to the series, **Mystery Tyrants throne kingdom** "Everyone shush now I'm about to be impressive. **Thriller Tyrants throne** However as I stated before among all the character my favorite will have to be Brasti Goodbow. **Tyrants thronecoming ever** Seriously Brasti is in my opinion one of the best side character ever in fantasy books, **Kindle Tyrants throne gifts** He's loyal hilarious fun and I always laughed at how all the amazing things he did always left unrecognized by everyone. **Tyrants thronehammer** Despite that he didn't care he'll still do it all over again because well he's Brasti: **Thriller Tyrants throne wishlist** In terms of pacing and actions this book is in my opinion the slowest paced out of the quartet and has fewer actions in comparison, **Tyrants thronebet** This doesn't mean that it's bad at all no this is the direction that the book must take to end all the stories that has started ever since the first book: **Thriller Tyrants throne** "When there is a war it's always the common people who paid the price, **Thriller Tyrants throne gifts** " There is only one minor con I had with the book and that is the beginning part specifically the whole section with the Margraves. **PDF Tyrants throne wishlist** I find the first 100 pages to be a bit out of place and cheesy but this is just a minor problem for me: **Tyrants Throne booker** After that part everything is a smooth journey up to the end. **Tyrants Throne booking** I embarked upon this journey with the Greatcoats 12 days ago and I'm delighted I did: **Tyrants throneful** Honestly I never thought I was going to love this series this much if I were to judge it only from the first book, **Tyrants thronebet** I like 'Traitor's Blade' but I didn't love it the change of direction to a darker story in 'Knight's Shadow' then astonished me. **Tyrants Throne pdf** With the armies of Avars at her back she'll be unstoppable: **Tyrants thronehammer** As the nobles of Tristia and even the Greatcoats themselves fight over who should rule the Warlord of Avars threatens to invade[1]

Same plot twists and that took away the fun. My biggest issue with this series is Falcio. Their main job was to constantly save Falcio's ass. It was hard to connect with them this way. Such a shame. And I need to mention the side characters as well. My last issue with the series was the story. 5/5 Stars Tyrant's Throne: 4. [{site_link}](#) You can get a pair of free stories here. If not for the buddy-rant I wouldn't have made it. Instead it got worse. Here comes the dispatch from the May-nority corner. The most difficult part for me was the narrator. Wait again?! Yes for the third fourth time. To save the day. Against all odds. Always. All the time. I know nursery tales with more suspense. Also in the series: 1. Traitor's Blade □□□□ 2. Knight's Shadow □□□□ 3. Saint's Blood □□□□ **Kindle Edition 2.** My main issue with this series is how overhyped it is. I had high expectations and the book fell flat for me. Don't get me wrong I liked book two & three. A LOT. But book four was a waste of my time. It BECAME LAME. Well that ending. Because. I. Will. Not. Allow. Them. To. Forget. I refuse to even acknowledge this books existence. Because I genuinely liked book 2 and 3. So I'm extremely disappointed. THERE WAS NO BADASSERY. Which is blasphemy. Seriously. I just don't care anymore I kinda dislike Falcio. I wanted savagery and got none. But like I said earlier it wasn't all bad. I just don't care about the story or Falcio anymore. Ps. Mega fans please don't stab me. I'm actually a precious petal. I

gave this book 3 stars not out of good memories. To sum up. 'I'm about to be impressive. This was an outstanding closure to the series. The character development is truly outstanding. This is a book and a series with a great big Heart. I can't believe it's over. It just can't be over. Not with that ending. Their banter is the best ever in the books. And I was thinking I might not like this series. My name your Lordship is Falcio val Mond. Yeah they don't get a break. There are more revelations. There is the evil Trin. There are a lot of things going on in this book. I love it so very much but I'm sad. . You might not know it yet . . but you are having a very bad day. First there is a war brewing with the Avareans. But as always Falcio is not cowed by any threat. . I'm about to be impressive." And he is. This place having too many fascinating stories yet to tell. 1.) Traitor's Blade [] [] [] [] 2.) Knight's Shadow [] [] [] [] 3. Like what Trist has been truly up to. And that your past will never define who you can be. Seriously how perfect. Like I love Trin. I know I shouldn't but my heart just breaks for her. [] Darriana - God I just love Darriana. [] Tommer God of Valour - Be still my heart. Another perfectly executed and morally grey character. [] Morn - The King's Backstabber. I don't know it just feels sort of bad. I am so very happy for him. "My name is Falcio val Mond. I might just be the luckiest man who ever lived. Everything comes down to this installment. But for the Greatcoats nothing is ever that simple
