

#Starstruck (#Lovestruck, #1) By Sariah Wilson **PDFescape** Zoe and her best friend Lexi are the biggest fans and I mean completely over the moon and creators of his fan club (well not really but you get the idea) biggest fans of Chase Covington. **Mega Millions** And let me tell you that their meeting was #heartpounding! Can I just say that the use of Twitter in this book was so stinking fun! Every time I knew a tweet was coming (or didn't) I couldn't help but instantly smile. **Barnes and noble** That's how much I love Sariah's books! If you haven't read them and enjoy fantastically written humor and romance stop reading this and do yourself a favor go get it and enjoy the real thing and not my paltry ramblings for how good it is! I want to start at the beginning and tell you EVERYTHING about this book all those funny scenes the butterfly inducing scenes the swoony scenes. **Bing** #whatwasshethinking? #thespiceisreal #needmesomecookies #sunscreenanyone #babysittingisthebestdateever #luvmesomeCHEESE #zomo #Ilovejeopardy#littlehouseontheprairie #bestfriendsarethebest #truelove #eatfishtheyareyumy I know most of those probably make no sense unless you've read the book. **Mega Millions** All I kept thinking about was that scene from Dirty Dancing where Baby was trying to act cool and impress Johnny and went to that party and blurted out I carried a watermelon! and then beat herself up afterward for saying something so stupid. **Bookmarks** I don't ever want to get you out of my system I have so many more quotes but I just can't bring myself to share them because they'll spoil all the fun surprises you have waiting for you within the pages of this book. **LinkedIn** None of these arguments are new and pretending that there's no answer to I don't want to risk my child having no father like my mom endured or my teacher suffered a life-changing STD is a form of cheating. **Pittsburgh Steelers** My problem was that after establishing that Zoe wouldn't have sex outside of marriage and Chase wouldn't get married because marriages just hurt people (which is also lazy characterization but whatever) I honestly don't get why they are continuing this whole relationship thing. **Epub converter** But that's where the characterization problem started draining me because I lost trust that the author would handle the dynamic well and I disliked being along while Zoe strung her best friend along with the inevitable blow-up put off so that it'd achieve maximum pain when it finally hit. **Try the new Copilot** Will they be able to hold on to their Hollywood love story? #Starstruck (#Lovestruck #1)#BookLove #BookHangOver #FavoriteCouple #SwoonyRomance #AmazingWriting #StayedUpTooLate #BookBoyfriend #MustRecommendToAllMyFriends #zogood My first book of the new year and the bar has been set. **LinkedIn** Okay I'll stop #gushing now and just insist that you mark your calendars for January 16th and cancel any plans you have for the day and maybe plan on staying up a little late too. **Excel** Zoe Miller an introverted college senior (somehow she manages to read as younger most of the time) makes a smartaleck but (brutally) honest comment on Twitter to the hot Hollywood actor she and her best friend have idolized for years. **Jeep** Because of Reasons Zoe keeps their relationship secret from everyone including her mother and her best friend who's been crushing on Chase Covington for many years (notwithstanding she has a boyfriend). **Kate middleton news** So it was quite a disappointment for me to find myself constantly irritated with Zoe who decides to keep her relationship with Chase a secret from everyone she loves based on her insecurities. **LinkedIn** What bothered me most is that she kept lying to everyone for months and her rationalizations for her lies showed how little she thought of herself and the people she claimed she loved: including Chase her mother and her best friend. **PDF combiner** I've read books before that featured a main character who gets caught up in their lies where I loved both the plot and the heroine (shout-out to The Fill-In Boyfriend by Kasie West). **Blender** Was what they shared strong enough to withstand it? Or was the fairy tale too good to be true? This book was just one of those sigh inducing warm and fuzzy romances that we all need from time to time.

Book of enoch

Love love love this one!!! From the well-developed characters to the fun storyline to the perfect ending: **Chat gpt** I started it this afternoon and stayed up way too late finishing it. **Chat gpt**

#Starstruck is that kind of book! Content: no language some innuendo and talk of sex lots of kissing: **Ebooks free** I would still label this as clean but it's not squeaky clean there's definitely some steam, **Delta air lines** Sariah Wilson Have you ever experienced a book hangover? I have a few times and this book right here? Major book hangover, **Ebook publishing services** I have to say that the lead up anticipation to that first kiss was killing me, **Linkedin** Chase is so sweet and tries so hard you cannot help but love him for it, **Epubs** This book will probably go down as one of my favorites this year and it's only two weeks into January! I really want to go read it again right now, **Anydesk** Content: steamy kissing talk about intimate relations and waiting until marriage for sex some innuendo- I received a complimentary copy of this book in conjunction with this blog tour. **Excel** Sariah Wilson If you've ever wanted to read a book that puts a big ol' smile on your face aka PERMAGRIN this is the one you should grab right now: **Jeep** She always has great characters who are witty and spunky down to earth sassy loving forgiving a good friend and so much more: **Acc men's basketball tournament 2024** They know everything about him and have promised they would meet him someday. **Nfl free agency 2024 tracker** Zoe follows him on Twitter and even has her handle as a shout out to him. **Excel** So when he tweets and asks for everyone's opinion on his latest movie (which by the way according to Zoe was awful) she can't help but lay the honest truth at his feet: **Fedex** OUCH! Well little did Zoe know that her complete honesty would lead to the most #amazing and #surreal experience of her life. **Nfl free agency 2024 tracker** #happy I kept reading reviews from friends who had an advanced copy and knowing that our tastes were pretty similar it really made me very excited to read this book: **Jeep** I searched NetGalley and found it was available instantly requested it and waited and waited and waited: **Kate middleton news** I don't usually go snag books on release day unless it's one I've been anticipating or a sequel in a series that I absolutely love: **Acc men's basketball tournament 2024** Well I'm here to say that the night before I had pretty much decided I was going to go use the magical one click button and read this book: **Fedex** Woke up started to clear out my email and gave a little squeal, **Best buy** I won the Goodreads giveaway for a kindle copy of this book!!!! *commence Carlton dance* The permagrinn started long before I started reading the book my friends long before: **Jeep** Then to make it even better later that day I was granted a copy from NetGalley, **Delta air lines** Ha! As another friend said I guess it was meant to be that I read this book, **Kindle login** But even if I hadn't won or been given a copy I would have snagged my own: **Acc men's basketball tournament 2024** All of it! But I won't because the book is so much better than me trying to tell you all about it: **Jeep** He's like the most eligible bachelor and mega movie star of the world, **Ebook hunter** Pssshhh like he'd even notice her especially after her tweet. **Try the new Copilot** If you have I am so calling you out on the smile I see on your face right now, **Try the new Copilot** #PERMAGRIN This is definitely one of those books that I want to go back and reread right away and again and again. **Sophia leon** Here's a couple quotes for your enjoyment and to pique your interest, **Brightness** If only she knew how on the nose her proclamation was given that Chase and I had met on Twitter. **Mega Millions** Seriously go read it you'll thank me but most importantly you'll thank Sariah Wilson (and then quite possibly be hooked on her writing): **Bookshelf** Last thing before I end my review I love Jeopardy and will never watch it again without #Starstruck running through my mind! #happycontentedsigh Content: Clean, **Delta air lines** Zoe has a women's rights class and they talk about abstinence verses being free and having sex, **Linkedin** Throughout the book Zoe talks about her choice to be abstinent until marriage while a couple other characters are not, **Delta air lines** Nothing graphic is discussed but there are some very mild innuendos scattered throughout the book. **Try the new Copilot** A couple spends the night together in the same room but nothing happens. **Pdffiller** Kissing and a couple make out scenes but again nothing further than kissing: **Bookshelf** My own personal copy I won through a Goodreads giveaway and a copy from the publisher Montlake Romance via NetGalley: **Kindle store** Happy Reading!!! Sariah Wilson This is a wish-fulfillment fantasy and I do have a partiality for those: **Kate middleton news** It didn't pan out for me but I can see why others might like it. **Book bolt** I have two problems with the story that turned out to be fundamental though it took me a while to realize it. **Book stores near me** The first issue felt like

something that would smooth out if I could just get the first chunk out of the way, **Delta air lines** The motivations for the leads just didn't engage me at all, **Dallas Cowboys** For Chase it was that his attachment made no kind of sense. **Eric Carmen** He latches onto Zoe out of the clear blue sky and keeps pursuing her because well because. **Kindle fire** Now I expect that at least a little bit in a wish-fulfillment fantasy so I put my initial qualms aside. **Epubs air force** But it kept going with him pursuing her despite a rather major barrier and a lot of extra effort on his part, **Pdf to excel** That has mostly to do with the treatment of her supposed friend: **Fedex** And believes will take Chase away from her once she knows that's who she's dating, **Dallas Cowboys** Her friend is kind and seems honestly enthusiastic about Zoe's successes and every time Zoe maintained her deception made me respect her less, **Bbc news** But the biggest problem of the story is actually what probably draws a lot of readers in. **Imdb** And by that I mean Zoe's deliberate chastity and her advocacy for same, **Kindle cloud reader** This comes off as a bit too articulate at times and a lot of the responses were a bit too inarticulate: **Fedex** Seriously they are at an impasse and pursuing more emotional intimacy after establishing those lines is just stupid. **Chrome** I kept going for a good chunk after that point because they're young and young people make stupid mistakes. **Mega Millions** Eventually my enthusiasm for the characters just wound down until I decided to quit. **Excel** Zoe's articulate choice for celibacy and Chase's charm coupled with that wish-fulfillment magic is probably enough to propel most readers along. **Excel** I just found that I couldn't go along though because to much didn't hold together or make sense under scrutiny, **Kindle unlimited** Sariah Wilson As you know I am very weary picking up YA/ NA romance. **Book 1** I choose it carefully because I do not want to roll my eyes from the silliness of the story. **Nfl free agency 2024 tracker** And yet I feel it bit dragging with their dates and their banter: **Pdf** I know Miss Wilson probably needs to adding so much sweetness so the story can be more relatable. **Imdb** In the future 3 stars Sariah Wilson

"You've done better, **Sophia leon** " With one uncharacteristically sassy tweet to her longtime celebrity crush Zoe Miller's life turns upside down: **Linkedin** Ultrahot A-lister Chase Covington doesn't just respond to Zoe's tweet he does the unthinkable: he messages Zoe directly, **Book 1** Now she must decide between walking away or meeting her crush in person, **Sophia leon** Chase knows better than to trust anyone from the Internet but Zoe's saucy challenge has totally caught his interest—and her girl-next-door personality is keeping it, **Kindle scribe** He's been burned enough to know he needs to keep his heart close, **Dallas Cowboys** But his feelings for Zoe might be a lot more than just an online flirtation. **Book 1** He just has to convince her... When the press gets wind of Zoe and Chase's secret relationship their romance turns into tabloid headlines: **Cnn** I already had a book hangover before I even finished reading and I'm seriously contemplating reading it again when I finish writing this review, **Ebooks online** #ReadAgain #JustDoItNot sure if it's clear or not but I really enjoyed this one. **Mega Millions** I can't remember the last time I read a book and had a #dopeygrin on my face for pretty much the whole thing. **Ebook publishing** I was sucked into the story right from the start and just couldn't put it down: **Acc men's basketball tournament 2024** Seriously I was #sneakinginpages while helping the kids get ready for bed brushing my teeth or pretending to watch a TV show with the hubs, **Acc men's basketball tournament 2024**

#ShhhDontTell I thought this was (obviously) a really cute and fun book. **Kindle login** Zoe and Chase were both very well developed had amazing #chemistry and the sweetest romance, **Dallas Cowboys** #Sparks fly right from the start even before they meet and the anticipation of that first meeting was exciting and swoony. **Bluetooth** I love that she was witty smart and really stuck to her morals, **Hi** And yeah I am a total introvert so I totally got her. **Acc men's basketball tournament 2024** Their relationship builds at a believable pace I liked how they're really able to get to know each other. **Try the new Copilot** I liked that everything wasn't smooth sailing and they had their own obstacles to get over. **Cnn** I liked that his celebrity status plays a big part of the story and seeing behind the scenes type stuff was fun. **Bath and body works** I loved how the #Tweets and #Texts were done and looked amazing, **Linkedin** #WhoNeedsSleepAnyway#Content#Romance: Clean swoony kissing and making out nothing too far or graphic: **Cnn** #TrueLove#Language: None #Violence: None#Religious: None Sariah Wilson 3: **Acc men's basketball tournament 2024** Pure wish-fulfillment celebrity romance times (I picked it up as an Amazon prime freebie) but it's cute and fun if you like that kind of read. **Mega Millions** Clearly those chickens are going to come home to roost sooner or later, **Linkedin** #Starstruck advocates strongly for Zoe's choice to be abstinent from sex until marriage for reasons other than religion: **Eric Carmen** It does seem really unlikely that Chase the Hollywood star suddenly starts chasing Zoe even when she's a little standoffish and awkward: **Apple** Even more so when they realize she's waiting for marriage to have sex and he doesn't plan on ever getting married, **Sophia leon** But hey it's wish-fulfillment reading and I was able to just roll with it, **Try the new Copilot** Content notes: Some pretty intense makeout scenes notwithstanding the celibacy theme. **Ebooker** It's a clean read about a fan girl winning over her attractive celebrity crush: **Acc men's basketball tournament 2024** I mean yes please! It promised to be a fun flirty and light read. **Nfl free agency 2024 tracker** And throughout the book there was humor great chemistry and sweet romantic moments between Zoe and Chase, **Try the new Copilot** Unfortunately I struggled to enjoy the book because Zoe's actions completely soured the plot for me, **Sophia leon** Her constant lies sucked the joy out of this book for me and her weak excuses to uphold her lies continually annoyed me: **Bookkeeping** When she keeps lying it's clear that those consequences would be featured in the climax but the fallout was relatively minor in scale overall. **Booking.com** Worse I'm not exactly sure if all of Zoe's insecurities changed in the end, **Dallas Cowboys** If she did evolve the disappearance of her insecurities hinged on her relationship and HEA with Chase (aside from her newfound perception of her mother), **Kindle reader** If so it wasn't properly addressed and still implies that most of her insecurities she experienced throughout the novel would rear their ugly head into their future, **Dallas Cowboys** So I believe it's not just the lies that bothered me about this book but the lack of character evolution that accompanied it. **Pittsburgh Steelers** Sariah Wilson Starstruck is book one in the new series Lovestruck by Sariah Wilson. **Nfl free agency 2024 tracker** This is one of those books that keeps all of our fairy tale fantasies alive: **Fedex** This book made me smile and had plenty of warm and fuzzies: **Cnn** She's now in her final semester of college about to get her accounting degree and shares an apartment with her childhood best friend Lexi: **Jeep** Lexi was really her only friend had been since they were kids, **Hi** The biggest thing they had always shared was their love of the movie star Chase Covington, **Bath and body works** Going from a child actor to now a mega movie star they had grown right along with him never altering from love for him. **Nfl free agency 2024 tracker** Lexi didn't use twitter but Zoe did and she followed Chase Covington, **Airbnb** When she responded to one of his tweets she couldn't believe it when he replied directly to her: **Jeep** Chase Covington had tweeted her! Then he private messaged her and their friendship began, **Dallas Cowboys** "Every time Chase deliberately substituted a Z for an S it was a special tweet meant just for me, **Delta air lines** "Somehow Lexi had met Chase's publicist and found out where he was going to be doing an interview so he got them in, **Dallas Cowboys** And now she was going to be seeing him face to face! "People always said "Don't meet your idols, **Bbc news** Because real-life Chase was a million times better than on-screen Chase, **Try the new Copilot** "Zoe and Chase begin dating first just as friends and slowly evolving into more, **Acc men's basketball tournament 2024** Zoe for many reasons has made the decision to

save herself for marriage, **Pdf editor** She's sure that when she shares this fact with Chase it will run him off as well: **Mega Millions** His words and tweets say one thing but his actions say another: **Kate middleton news** She can't believe someone like him would really be truly interested in someone like her, **Ebook3000** So she doesn't share the fact that they are dating with anyone even Lexi: **Cnn** Plus it is all so new they both are kind of just enjoying being in their own little bubble, **Pittsburgh Steelers** "There was just something about being with him that felt right. **Try the new Copilot** "But of course with someone as famous as Chase their bubble would eventually burst, **Try the new Copilot** I fell in love with him right along with Zoe from the start: **Eric Carmen** I completely understood why they wanted to keep things a secret but do wish she might have trusted Lexi with it sooner. **Book of enoch** The dates he planned for Zoe were so amazing and over the top, **Pdfescape** And realized I was smiling big! There is no sex in this book so it can be read by all ages, **Kindle scribe** Though her resolve is tested Zoe sticks to what she believes is the right decision for herself. this is my kind of book. The kind of book I didn't want to put down. I love a good book that I can't put down. I literally couldn't pick up another book after this one. It took me a whole day (*gasp*) to recover. This book was so yummy. It was nuts. I loved it. The flirting the banter the texts. All of it. . All opinions expressed are my own. I absolutely LOVE Sariah Wilson's books. This book had it all with these characters. #you'vedonebetter. Meeting Chase Covington. Instant reaction because every single one was so fun. Eeeeeeeeeeeeeeeee. Their first meeting. Zoe's disbelief that it could even be real. I mean come on she's just an average (awesome) girl. Don't try to hide it it's real. You get the idea. I'm sorry I broke your friend I told Chase. That was how I felt. It was my I carried a watermelon moment. Careful! Don't brand me with [the curling iron]. You must really like this guy. I've never seen you so clumsy. You are completely and totally twitterpated. All thoughts and opinions in the review are my own. So I gave this a shot. Zoe makes more internal sense but I just didn't like her. The one she lies to over and over again. But whatever that's over quickly and we move on. I can see why others might find this engaging. #starstruck is not what I expected. It is an OK read. The romance is sweet and innocent but not stupid. I wish it can be speed forward. Overall I am OK with #starstruck. I definitely want to explore more books from Miss Wilson. Very high. And hello that first kiss. #WOW. Zoe was such a likable and relatable character. Chase was swoony sweet and charming. 5 stars. Out of the blue he contacts her back online. Improbably but heartwarmingly they start seeing each other. If you're game for that it's a cute romance. Sariah Wilson I wanted to love this book. I usually love book heroines. Clearly I'm in the minority where this book is concerned. So to put it simply it wasn't for me. And I have to say it has the best ending ever. Zoe Miller had a slightly unconventional upbringing. Zoe never told Lexi about the tweets. It was her secret." But they were wrong. Zoe and Chase both have secrets that they eventually share. This fact has run off many previous dates. But it doesn't. Still he hasn't even kissed her yet. Zoe is constantly second guessing her relationship. She's so unsure about everything. Made me feel safe. As if I had figured out where I really belonged. Chase wasn't perfect he was in fact human. And the ending was perfect. I actually heard myself sigh. And I loved that Chase respected her choice. This is the second book I've read by this author. I most definitely look forward to more in the future. Sariah Wilson DNF @ 51%. Sariah Wilson.
