

The Billionaires Son (The Rookie Files #1) By Sharon Hartley **Billionaire song download** Trey is a windowed (& divorced) billionaire with a child who is grieving for his dead mother and now after being kidnapped his mind is confused as he thinks Kelly is his mommy because she looks exactly like his dead wife. **The billionaire's son** So after Kelly saves his son's life and seeing how attached his son is to the woman who saved him he asks her to move in temporarily to give his beloved child time to recover & remember because he is too traumatized between the kidnapping and his mother's death. **Billionaire song download** As the story progresses H & h start to get close but up until the last page there is a reservedness of getting attached to one another and I felt that Kelley's bond with Jason was more out of duty than true love. **Billionaires submarine** I didn't buy into the romance or love as there were too many mentions on how much she looked like his dead wife and how different they were in terms of class (he rich she not so much). **The billionaire's son** English First of the Rookie Files series in which we meet rookie cop Kelly Jenkins who's minding her own business while jogging when a terrified little boy knocks her down declaring she's his Mommy. **The billionaire synopsis** What an introduction! Turns out the little boy was kidnapped and Kelly kicks the gun out of the hands of one of the perpetrators and threatens to arrest both men but they race off. **The billionaire's son** How else could the child have been secreted off the island when a security firm checks everyone who comes onto the island? As Kelly acts to calm the child Trey becomes more and more attracted to Kelly who initially refuses to accept his advances but each step forward romantically is counterposed against threats to Kelly's life to her career as a cop and to Trey's relationship with his father,

also a billionaire who has no job other than to attend parties so that he is the face for his family business. **Billionaires soft serve ice cream** That there turned me off immediately as I couldn't understand how he was a billionaire yet when he didn't have a job or any say how the family business was run, **The billionaires vinegar** Also there was a mention by the media and herself that she was the replacement wife & mother and that is how I felt throughout the book. **Billionaire song lyrics** So all in all I did not really enjoy this book but maybe others will. **Billionaires submarine** The father of the child is the billionaire Trey Wentworth currently living on a private island: **Billionaires sports arena** Not only is his father starting to lose it but the board of the Wentworth company wants Trey to be more than handsome window dressing for the company: **The billionaires on the submarine** However to keep his father from terrorizing his mother Trey has agreed to keep his hands off, **Billionaire song otilia** Then his wife dies in an accident that might have killed his little boy too, **Billionaires senate meeting** With the child now declaring that Kelly is his mother Trey insists that Kelly move in to keep the child from becoming hysterical whenever she disappears. **Billionaire song lyrics bruno mars** But she has a career to think of and is convinced at first glance that she doesn't belong in the estate Trey maintains on the island: **The billionaire's son** How it all works out places Kelly directly in the cross hairs of the kidnappers' attempt to take her down. **The billionaires virgin** Trey Wentworth is billionaire single father to a four year old son Jason: **The billionaires on the submarine** Due to a previous trauma and the kidnapping Jason has convinced himself that Kelly is mother, **Billionaires senate meeting** Kelly reluctantly agrees to stay with Trey to help Jason and catch the kidnappers.
