Mingus is not the type to settle down but when the chemistry between him Joanna is off the charts he starts to rethink that. **PDF Tempted by the badger basketball** Last year I did manage 106 which is the largest I've ever read in a year I rather impressed myself and made this year's goal a bit ambitious! Here's to reading in 2023! Tempted by the Badge (To Serve and Seduce #2) Tempted by the Badge is an engaging romantic suspense. **Playing the past badge** I'm generally not a fan of stories that have false police reports based on sexual assault- mainly because such a thing is very rare and the presence in books and such make it seem more prevalent than it is casting doubt on actual victims. **Tempted by the Badge kindle unlimited** Also there are moments when Joanna behaves extremely irresponsibly (despite the fact that she's innocent) and I'm not convinced that she would have gotten off so easily in the real world. **Your badge is waiting for you** Tempted by the Badge (To Serve and Seduce #2) Strong characters a compelling plot and just enough mystery to nab my attention and keep it throughout! The powerful Black family is once again center stage with the second book in the To Serve and Seduce series. **Your badge is waiting for you** Really loved this story! Former cop turned PI Mingus Black is used to seeing the unsavory side of the world but when his sister calls him in for help when her best friend finds herself being set-up to take the fall for something she would never do he's not sure what to make of the intriguing woman. **Book Tempted by the badger basketball** Who ... and why? Will Mingus be able to clear her name before her entire career is down the drain? And the instant connection they had to each other is a dangerous game to be playing at this point in time ... dare they take a chance on each other? Tempted by the Badge (To Serve and Seduce #2) Mingus is a former police officer turned private investigator. **The mighty badge template** ) Tempted by the Badge (To Serve and Seduce #2) Deborah Fletcher Mello is an autobuy author for me so when I saw "backlist" as my prompt I went searching in my box o' Harlequins. **EBook Tempted by the badge** This book isn't too far down the backlist having come out in 2019 but since I'm already a little bit behind on this romantic suspense series I pulled out Tempted by the Badge. **The temptation to steal** Because of this connection Joanna has access to a capable criminal defense attorney and Mingus Black a former policeman turned private investigator is working on her case to try to prove her innocence. **The temptation to steal** Tempted by the Badge (To Serve and Seduce #2) I thoroughly enjoy reading romantic suspense and this is another great example of the genre! The fact that it involves a teacher Joanna Barnes protesting her innocence despite lots of evidence to the contrary made it even better for me. **The mighty badge template** The Blacks are such a great loving family and Mingus is somewhat of a rule breaker never doing things quite as the others would anticipate but they still all love and support each other no matter what. **The temptation to steal** It is a story full of intrigue misdirection and love a real page turner to keep you on the edge of your seat wondering how they can prove Joanna's innocence! I requested and was given a copy of this book via NetGalley. **Book Tempted by the badge** Tempted by the Badge (To Serve and Seduce #2) Proving her innocence...at all costs The exciting second book of the To Serve and Seduce miniseries Former Chicago cop Mingus Black is used to liars. **Tempted by the Badge kindle store** Tempted by the Badge (To Serve and Seduce #2) For Deborah Fletcher Mello writing is as necessary as breathing and she firmly believes that if she could not write she would cease to exist. **Your badge is waiting for you** A true renaissance woman Deborah's many career paths have included working as a retail buyer and size model for a national women's clothing chain a finance manager for a well known beverage organization a sales manager for an infamous candy company a telecommunic For Deborah Fletcher Mello writing is as necessary as breathing and she firmly believes that if she could not write she would cease to exist. **Book Tempted by the badger basketball** A true renaissance woman Deborah's many career paths have included working as a retail buyer and size model for a

Influential Chicago family. **Book Tempted by the badge 5** She returned to her high school to continue her teaching career. **Book Tempted by the badge** Mingus and Joanna meet when Joanna is falsely accused of sleeping with one of her students: **Book Tempted by the badge** I think this dealt with serious subject matter well and it showed what goes on for someone accused of a crime: **EPub Tempted by the badge 5** Who would want to frame Joanna? What is going on? That is for Mingus to find out and he uses his background and connections to great advantage. **Playing the past badge** I thought both characters were well done and I really liked both: **Tempted by the Badge ebook** I did think this was more of a mystery than a suspense: **Tempted by the Badge epub reader** Of note.

**badge** Joanna is a teacher at a high school in Chicago who is hearing rumors that a teacher is about to get arrested for having an affair with a student: **Tempted by the Badge book** She is completely shocked when it turns out to be her considering she would never cross that line: **Book Tempted by the badger 5** Luckily Mingus a private investigator believes her and is willing to work her case, **Playing the past badge** As he tracks down the evidence and gets to the truth of the matter the case is even bigger than expected, **Tempted by the Badge booking** The mystery of the book is intense and paced very well to keep the pages turning. **Book Tempted by the badger** If I push that concern aside the suspense and mystery of the case keeps the book moving quickly and engagingly, **Kindle Tempted by the badger football** In terms of the romance (between Joanna and Mingus) this was really strong and has a good build though sped up by circumstances: **Book Tempted by the badger 5** It's hard to imagine what you would do when faced with such false accusations and evidence but Joanna handles it all with a lot of grace: **PDF Tempted by the badge** This is a solid romantic suspense and I would definitely be curious to read more from this series. **Tempted by the Badge ebook** Please note that I voluntarily read and reviewed a copy which I received from the publisher, **Book Tempted by the badger football** Tempted by the Badge (To Serve and Seduce #2) Tempted by the Badge by Deborah Fletcher Mello is the second book in the To Serve and Seduce miniseries. **The mighty badge template** I read it as a standalone and didn't have issues keeping track of the story: **The mighty badge template** Overall I enjoyed this romantic suspense that really caught my attention in the first half, **Book Tempted by the badger** However the second half lagged a bit for me and I thought the resolution seemed a little too tidy, **The temptation to steal** Beloved high school history teacher Joanna Barnes stands accused of a horrible crime, **B tempted official site** One of her students is accusing her of having a sexual relationship with him and claims to have evidence to back it up. **Book Tempted by the badgehungry** Joanna is blindsided—she knows she's innocent but even she admits that the supposed evidence appears pretty damning: **Book Tempted by the badge** She turns to her good friend Simone for help who enlists the help of Simone's brother former cop turned private investigator Mingus Black, **Tempted by the Badge booking** Later in the book I realized that all of the Black family siblings are named after jazz and blues musicians (Armstrong Simone Ellington), **Tempted by the badgebox** But wow I just could not get on board with the name Mingus, **Tempted by the badgecert** ]As a cop Mingus didn't necessarily follow all the rules to the letter which is why he turned to private investigation, **Book Tempted by the badge** So when he meets Joanna and believes in her innocence he'll stop at nothing to help clear her name. **Book Tempted by the badger football** The plot is really interesting and something that's unfortunately plausible in this age of social media and digital access, **Tempted by the Badge epub.pub** The story also touches on the sensationalist aspects of the news and tabloid culture. **Tempted by the Badge pdfescape** I found these commentaries to be the strongest parts of the book: **Tempted by the Badge ebook reader** As for the romance it happens rather quickly and doesn't develop very fully. **The temptation to steal** I would have been fine with a Happy for Now at the end instead of what felt like an accelerated relationship: **Book Tempted by the badger 5** As a whole though I did enjoy this suspenseful story that addresses timely issues with a diverse cast of characters: **Book Tempted by the badger 5** I'll be checking out this author's other books in the future: **Book Tempted by the badge** Many thanks to the publisher for providing me with a copy of this book: **Tempted by the badgefreaks** When Simone's best friend finds herself in need of some help Simone calls out the big guns of her brothers the lawyer PI and cop. **Book Tempted by the badgehungry** Teacher Joanna Barnes finds herself under attack and being vilified to the world before she can even catch her breath. **Tempted by the squeeze** She would never have done the things they are accusing her of but someone has gone to a lot of trouble to make it look like she did: **Tempted by the Badge epubs** He comes from a large I did see a few typos (it's set in Chicago but there is a mention of Joanna needing to do . **Kindle Tempted by the badge** The first book in this series Seduced by the Badge was a winner for me but this book was a little harder for me to assess, **Tempted by the badgeaddicts** On the positive side the author takes on a very disturbing topic and handles it in a way that underscored its gravity: **Tempted by the**

To work this case.This book had me all in my feelings. The characters are very well rounded. Joanna is a high school teacher. They quickly realize how well they mesh together. The middle did drag a bit before it picked back up. I thoroughly enjoy the Black Family dynamic. All opinions are my own.[Sidebar: I really cannot stand the name Mingus. That being said he's a man of honor and integrity. Lots of mystery sexy seduction and close knit family time.what the State of Michigan has ordered you to do.This is a partial review.
