ا **Go dog go do you like my hat** She's a BIG girl now so they have to read for 15 minutes every day after school which I think is GREAT!Except for the part where I have to listen to this story and others like it for the rest of the school year. **Go dog go live** No it's not exactly comedy gold but my daughter always does this funny little high-pitched voice for the girl dog and a low (which still sounds squeaky coming from her) manly voice for the boy dog. **Go dog go cake** In their final meeting her hat is even more elaborate and finally meets the approval of the yellow dog; in this way a relationship is developed between the characters despite the simplicity of the text. **Go dog go book** Throughout the book I'm sure he'll love it (I mean which little kid doesn't enjoy colorful dogs cars and tree house parties?) even though for me – an adult who has no nostalgia attached to this book – it wasn't that memorable of a read. **Go dog go images** It describes the actions and interactions of a group of highly mobile dogs who operate cars and other conveyances in pursuit of work play and a final mysterious goal: a dog party. **Go dog go book images** The art style is just super fun and there's a lot going on on each page (but not too much!) so that I'm sure kids can't spend minutes looking at each page and finding joy in all its details. **EPub Go, Dog. go. org** And why oh why does the female dog have to win the approval of the male dog by changing her hat until they ride off into the sunset at the end when he finally likes her hat?I could go on,

English Slowly building a library for my nephew (who has become my favorite person in the entire world), **Go dog go full book** Can't wait to read this book to him soon.

And unfortunately the story is severely lacking here.) As a bonus this book is long. P.S. I meant what I said about the hat subplot. Genius.about 4 million times.Ok. Maybe I'm exaggerating.Yes the end result (a literate child) is totally worth it.And for whatever reason Go Dog. Go! has become her favorite choice for this assignment.Then of course it has wacky dogs doing wacky dog things.It's adorable.Then again I'm probably just biased. It's called sacrifice.
