

Cursed Fates (Zodiac Academy, #5) By Caroline Peckham **Cursed fast food locations** WHERE DO I EVEN START The ending?? I'm not gonna lie I expected something like this to happen (not to the extent that it did) but I expected it to happen to the other twin (I won't spoil who tho). **Cursed fast food** Sometimes villains are fun and these ones are giving me ENERGY like go off king (n princess hehe) TORY AND DARIUS I FINALLY LOVE YOU TWO SO MUCH thank you thank you thank YOU for the development between these two. **Book Cursed fatespeaker** But also Tory not being as stubborn as she always is was the character development I have been BEGGING for And the circumstances they had to go through honestly really shook things up so it kept me entertained. **Cursed Fates fantasy 5** The stars anytime Tory and Darius literally looked each other Everyone working together to form a plan to get them together was freaking adorable I loved that AND EVERYONE FINALLY FORMING BONDS THIS IS THE FOUND FAMILY TROPE IVE BEEN WAITING FOR The Tory/Orion and Darcy/Darius friendships were EVERYTHING. **Cursed fatesworn release** I love seeing them being there for each other <333 ugh and Gabriel <33 we love you I CAN WHOLEHEARTEDLY SAY I OFFICIALLY LOVE ALL THE HEIRS and it feels so good to be able to say that. **Zodiac academy book 5 cursed fates** We've slowly been getting there but I think this book finally took me all the way.

Why am I still here? I need answers. **Book Cursed fatespeaker** It gave me two chapters of some sense of relief and security only to whack my head and kick me behind the knees till I drop to the ground before I can even anticipate the next hit and then I'm back to work. **Book Cursed fates market** I could go on and on about the ending but I need to "move on" or I might get "obsessed" with it.

The title of the book makes so much more sense now that I've read it and I feel like such a fucking idiot for not realising sooner. **Cursed fatesworn release** But don't expect me to remember what books come in what order or their names bc I'm not paying that much attention or else I'll spoil it for myself (I'm not paying attention to the names of the books I'm reading). **Paranormal Cursed fates market** I'm not paying attention to the names of the books I'm reading. **Fantasy Cursed fates warning** But it hurts so good I hate that one of my favourite endgames has to go through so much shit but all the stolen moments and every little cosy moment made up for pages of me being pissed. **Cursed Fates fantasy baseball** *I'm not paying attention to the names of the books I'm reading. **Book Cursed fates forever** I'm not paying attention to the names of the books I'm reading.

But it took away from the special moment for me EVERYONE WORKING TOGETHER to help Tory and Darius be together was perfect and amazing. **EBook Cursed fates warning** She's not an easy character to like but I don't hate her as much as other readers do because I think if you read between the lines it's easy to see how circumstances have made her distrustful and leery and how much she's hurting. **Book Cursed fates warning** There's also a totally hot threesome in this book which I'm normally not into but it's kind of been foreshadowed/hinted at in previous books and I thought the authors did a good job with it. **Cursed Fates fantasy name** Romantic angst is the primary conflict in this book but I'm excited for the new stakes being delivered to the kingdom of Solaria and how the boys and the girls will band together to stop the threat. **Cursed Fates booker** Now if you excuse me I'm going to be nursing this glass of port while moping to Smile Empty Soul (I think I might have just given my age away with that music reference whoops). **Cursed fate lich bone wand** what I loved; *Tory and Darius finally talking about their issues*the I love yours *Max & Geraldine *Xavier*that threesome*that yup it was hot but I don't want to share you anymore part*all the verbal smackdown yes Darcy and Gabriel telling Tory what's up*Tyler's hashtags*Seth ideas about grand gestures*Caleb growing the hell up*Diego's friendshipOverall we've sealed the deal me and them we're like THISSS YA HEAR ME???Orion me and you we need to have words. **EPub Cursed fatespeaker** Bc SIR WTF???? Because right now I'm just devastated for every character: **Kindle Cursed fates collide** 75 stars _____ Kindle Edition FINALLY I'm done with this beast. **Book Cursed fates market** Kindle Edition Instagram || Twitter || Facebook || Amazon || Pinterest I wasn't expecting the Zodiac Academy series to be so addictive: **Fantasy Cursed fates market** Seriously I mostly just picked it up hoping to laugh at it and maybe enjoy it a little bit: **Cursed fatespire** Cut to me sinking hundreds of hours reading thousands of pages of these books like a total sucker. **Cursed fates** They have all the fun escapism of the Harry Potter series only without the TERF guilt, **Cursed fast food** It reminds me of this time I was on a luxe cruise ship pregaming with my friends and drank five glasses of champagne (don't judge me): **Book Cursed fates market** It felt good going down until it didn't and suddenly BOOM. **Cursed fate lich bone wand** Hungover and seasick leaving in the middle of a surf n' turf dinner to worship at the altar of ultimate regret. **Cursed fatespinner** The moral here is that bingeing five things in a row probably isn't a good idea especially if they might be more intense than you fully realize. **Fantasy Cursed fates market** This book continues where the last one leaves off with heartbreak and betrayal. **Book Cursed fates admin** The last book ended on such an emotionally wrenching note that I needed a bit of a breather before diving into this one: **EPub Cursed fates forever** In this book CURSED FATES we learn the full effects of what it means to be Star Crossed which was kind of foreshadowed in one of the earlier books: **Cursed fatespire floor** Which makes this 800+ page tome a veritable BRICK of angst where we watch our ill-fated couple bite their nails and fight back lust over their inability to be together: **Cursed fatesworn release**)I actually think this book is a lot better than the previous one. **Cursed fast food locations** There's still way too many unnecessary POVs (which I hear gets worse in later books) but I loved the development between the Vega twins and the Heirs: **Book Cursed fates hands** Someone told me that this is when they finally start to work together for the greater good of the kingdom and yeah I see it, **Cursed fate lich bone wand** The transition from hatred to wary alliance was really well done and I liked it, **Cursed fatesworn host** I also liked that we got more insight for Tory's behavior in this book, **Paranormal Cursed fates admin** Some other random thoughts: Washer is still gross but I think I might hate Professor Highspell even more, **Cursed Fates ebook reader** It was so satisfying to see Kylie finally get her comeuppance even if it was late in coming but that's okay because I have Mildred to hate instead: **Cursed fatespire floor** I KNEW the Orion/Darcy ship was getting too cozy and I'm not even surprised that the authors decided to fuck with it to cause me pain. **Cursed fates** Darkmore prison seems even worse than Azkaban and I'm super excited to read the spin-off series set there: **EPub Cursed fates forever** There's some more world-building and twists in this book that were shocking AF especially that ending: **Cursed Fates ebook** Just when I think the book can't hurt me anymore it finds a new way to twist my arm. **Cursed fates readfrom.net zodiac academy** It's been a while since I wished death for a character so badly, **EBook Cursed fates forever** Loved the plot twist with Gabriel though although I swear that dude is allergic to shirts, **Cursed Fates fantasy 5** 5 to 4 stars Kindle Edition after the last book I was suspicious, **Fantasy Cursed fates** mea culpa!! I was very much with Peckham & Valenti what are you doing: **EBook Cursed fates** masterpiece!!! all the build-up all miscommunications all the angst PAID OFF!! this is one big ass book and lots of things happen and everything is great & needed. **Kindle Cursed fates collide** " Kindle Edition After the devastating events at Zodiac Academy we have to deal with this darker world we're faced with. **Kindle Cursed fates hands** Lionel seeks to hurt us the Nymphs seek to hurt the entire Fae race and between all of it we just have to try and survive each day as it comes. **Book Cursed fates warning** I'm afraid of everything falling apart but it looks

When someone send a tape of Orion and Darcy having sex to the FIB and Orion went to prison to protect Darcy, **Kindle Cursed fates hands** There were so many hints throughout the series that Orion could be power-shamed and going to prison if their forbidden love story was discovered so it wasn't exactly surprising: **Cursed fates zodiac academy** As heroic as it is that Orion took the full fall and said that he Dark Coerced Darcy into wanting him to gain power it broke my and Darcy's heart wtf, **Book Cursed fates warning** ☐ I hated how everyone thought he was some pervert preying on a Vega Princess because he's power hungry: **Book Cursed fates admin** Orion loves Darcy so much and my heart ached to read how he longed for her. **Cursed Fates kindle store** ☐ A broken heart was the most painful thing I'd ever endured, **Book Cursed fates** And I'd had to give it back in the most brutal way possible. **Cursed fatess** And it would be worth it when she rose to power and led to the life she was meant to lead. **Cursed fate lich bone wand** If my own life had to be a casualty for that to happen I was more than willing to sacrifice it. **Cursed fatess** Even if I was going to pine for her for the rest of my days: **Fantasy Cursed fates market** Miss her with the very essence of my soul and ache for her until the world stopped spinning, **Cursed fate lich bone wand** I would stay here and I would suffer willingly to do what was best for her, **Cursed fate lich bone wand** Darcy and Orion really are the main event and carry this whole series on their back. **Paranormal Cursed fatespeaker** While I'm sad that they are separated now it's time to let other shine for a little while until my parents are back together, **Cursed fate lich bone wand** I feel heartbroken for Darius and Tory after Tory's decision of rejecting the bond and making them star-crossed lovers in the process, **Book Cursed fates** Both of them had to face the consequences of all their actions leading to that and they are both responsible, **Book Cursed fates collide** I was impressed with how Tory dealt with all the stares whispers & shit talk with her head held high: **Book Cursed fates warning** Darius Acrux: @Margurite Helebor I wouldn't fuck you again if you were the last Fae in Solaria and my dick would fall off if I didn't, **Kindle Cursed fates market** Darius is really doing the bare minimum now that the stars have fucked him over but I take every win I can get. **Cursed fates readfrom.net zodiac academy** No but for real he's finally doing something for Tory instead of just lusting over her while resenting her for her birthright: **Cursed fates zodiac academy** I'm still pissed how every single idea Darius has is not his own but has to come from Orion or the heirs: **Book Cursed fates hands** And now a big spoiler regarding the safety of this book that I already knew beforehand so I wasn't surprise by it: **Cursed fast food challenges** When the threesome between Tory Darius and Caleb happened I wa fine w it. **Book Cursed fatespeaker** the WHY the threesome scene happened was kinda smart because Caleb was trying to trick the stars otherwise it would be impossible for Darius and Tory to be together. **Book Cursed fates market** Every time they get to close the world is starting to fall apart, **Book Cursed fates** Tory/Darius was never my ship and i'm not that invested in them. **Cursed Fates epub.pub** Still glad that there was not a penetration scene between Caleb & Tory and he 'only' fingered her, **Cursed fate lich bone wand** I don't think another threesome is going to happen since the stars already figured out that they were tricked and Darius is not very keen on sharing Tory, **Book Cursed fates** I'm really having whiplash with this series he backed away and even tried everything to get Darius and Tory closer. **Cursed fatess** My respect for Caleb after this book went up by a thousand points: **Fantasy Cursed fates market** He clutched onto me and the knot in my chest eased as the bond between us deepened thrumming in my ears and making me want to get nearer and nearer to him. **Cursed Fates booker** We can forget all about the Vegas and buy a house in Starshine Bay: **Cursed Fates paranormal cirque** Girls are trouble I played along and he released a chuckle as we stepped apart: **Cursed fatesworn release** they have come so far omg! ☐ Tory and Orion is one of the most underrated friendships in the Solaria world: **Book Cursed fates hands** Both of them are snarky af and love Darcy more than the world but I can't help but feel like they just get each other, **Cursed fast food** What's this? he asked rasing his hand to inspect it and I had to say I'd done a damn good job too: **Book Cursed fates warning** We can get together for a slumber party another time though: **Cursed fate lich bone wand** He shot away from me and I was left alone but somehow that didn't seem so lonely anymore, **EBook Cursed fates warning** Another underrated friendships!! It's still in the

works but i know their friendship is going to be strong, **Zodiac academy cursed fates kindle unlimited** well fuck the law for saying you can't be together Darius said folding his arms.

Paranormal Cursed fates admin ☐☐ Orion trying to console Tory after she was overwhelmed by all the attention of the Elysian Mate bond and Tory making him a friendship bracelet. **Cursed Fates kindle cloud** I don't want to talk it's the darkest time of my life. **Cursed Fates fantasy name** ☐ Darcy finally beating Seth crusty ass in combat!! And Seth apology to Darcy omg that was such a heartbreaking scene. **Cursed fatespinner** The next book better give me some hope but I managed to crawl through it: **Book Cursed fates forever** With the previous ones I felt glad to have pages upon pages of character banter and funny scenes, **Book Cursed fates admin** This one had a lot of filler and I don't think it needed to be this long: **Cursed fates readfrom.net zodiac academy** The previous ones got me addicted I read them all in a week. **Fantasy Cursed fates market** I read a couple of scenes then put it down and saw it judging me as I read other books, **Cursed fate lich bone wand** I practically forced myself to pick it up this week because I was growing tired of the dirty looks it sent me as it sat in my "currently reading" pile. **Book Cursed fates market** Having said that it did get interesting at some points and I want to continue with the series, **Cursed Fates fantasy 5** It wasn't as addictive as the other ones is all I'm trying to say: **Book Cursed fates forever** She is so annoying with the shadow addiction or whatever and her drama with Darius, **Book Cursed fates warning** She said no! Why are we supposed to feel sorry for her? (I'll talk about this more in the super spoilery section because well spoilers: **Book Cursed fates market**)They had some cute scenes and I did feel giddy at times (I'm not COMPLETELY devoid of feeling) but mostly they just bore me to desperation: **Fantasy Cursed fates market** I think it's because I know they'll figure out a way to be together despite the whole fate hates us bullshit and I don't know why I find that annoying. **Book Cursed fates market** I think it might be because I really liked Tory's and Caleb's relationship and I missed it here: **Cursed fates readfrom.net zodiac academy** Their banter was incredible their back and forth so easy and fun and sexy and IDK, **Book Cursed fates collide** I know he's not doing evil shit anymore but that only makes him a pining asshole which kind of makes it worse: **PDF Cursed fates collide** I would've probably been crying if I thought it would be permanent. **Book Cursed fates admin** And I LOVE him when he has scenes with the Heirs or with Orion (I'm still fully shipping them together OK? You will NEVER change my mind on this, **Book Cursed fatespeaker**) Tory's storyline especially at the end reminded me of Vampire Academy (if you've read it you know what part I'm referring to: **Cursed fatesworn release**) I suppose it was unavoidable we've been hinted at it for a long time. **Cursed fatess** I keep feeling that I know how everything is going to be resolved and I wish I'm wrong but I don't think I am: **Cursed Fates kindle direct** I was worried their relationship would get stale after a while: **Zodiac academy cursed fates kindle unlimited** Guess I deserved the slap in the face I got didn't I?FINALLY I'm starting to feel a simmer between Caleb and Seth. **Paranormal Cursed fates collide** I liked it at first but 4 books later nothing has happened yet so the whole thing got cold for me, **Book Cursed fates collide** It's so so SO slow it's starting to make me yawn as well: **Book Cursed fates warning** DEFINITE SPOILERS FOR BOOK 5As I was saying the problem with Darius and Tory. **Cursed fatess** We all would've said no to the creep who tried to drown us: **Fantasy Cursed fates market** All she did was sit and cry and pretend to be super strong while giving herself to the shadows. **Book Cursed fatespeaker** Why not work together with your friends to see what you could do instead? Sorry bestie you lost me there: **Cursed fates zodiac academy** Maybe the issue I had with this book (and maybe even the series) is that nothing feels permanent: **Cursed fates readfrom.net zodiac academy** The only characters who have died so far are minor ones (not that I want our favorite characters to die ok? I'm not a sadist, **EBook Cursed fatespeaker** Either way I'm kind of glad he's dead and we don't need to worry about him anymore, **Cursed Fates epublising** (Though I'm afraid his stinky dingy hat will keep making an appearance. **Cursed Fates fantasy name**) Clara is THE ABSOLUTE WORST and her relationship with Lionel is so fucking creepy it had me gagging: **Book Cursed fates warning** I think she's going to be killed pretty quickly in the next book and I'm so glad about that: **Fantasy Cursed fates forever** I know I'm a sadistic bitch but OMG wasn't it

spectacularly painful? You can just tell the authors were laughing maniacally as they wrote those few last chapters: **Cursed Fates epub file** I know I've been ranting a lot about this book but it's just because I'm really invested in the story: **Book Cursed fates warning** If I had to describe this book in two words it'll be- Heartbreakingly Beautiful☹☹There were multiple times I cried while reading this it's just so beautifully written: **Cursed Fates paranormal cirque** The pain of the lovers has been described so passionately it's hard not to feel a thing for them, **Cursed fatesworn release** It's so well written you actually immerse yourself in it and just feel the emotions. **Book Cursed fates admin** A lot of it was heavy stuff as far as drama goes and I'm for once glad it's just fiction lol and I commend the authors for their work: **Cursed fatesworn release** The characters outdid themselves and their development was done brilliantly, **Fantasy Cursed fates collide** The majority of the book revolved around Darcy Orion Tory and Darius and their romance and I loved it! As brutal it was I enjoyed the concept of Star Crossed lovers. **Cursed fatess** She is more confident in this one and her powers are totally badass: **Fantasy Cursed fates market** I loved that she started trusting her capabilities more and the bond that she's formed with the Heirs is damn awesome especially with Darius and Seth: **Cursed fast food challenges** I can't wait to see more of the five together ☹ Orion is such an amazing guy and my favourite character in the series, **Cursed Fates ebookee** I really want him to have a smooth ride but that's just wishful thinking lol: **Cursed fates readfrom.net zodiac academy** He really messed up with his stupid decision and I just hope him and Blue emerge out of this stronger, **EPub Cursed fates hands** She went through so much in this one and came out as the more selfless one, **Book Cursed fates forever** I hate what she's done but am sure my girl is going to have the biggest comeback. **Book Cursed fates forever** I loved how we get to see her manage her struggles was just brutal, **Zodiac academy book 5 cursed fates** Getting to see his softer side and his raw emotions was so sweet, **EBook Cursed fates warning** Gabriel and Xavier are a great additions to the storyline and both hold so much potential would definitely like to see more of them, **Cursed fast food** So gross I don't even have words to say about them☹ But yes I will say they're good villain to an amazing plot. **Cursed Fates epub.pub** Plus the impact of his contribution was overshadowed by the whole tragic romance of the book: **Book Cursed fates admin** I would've preferred if that moment was only between the Star Crossed lovers but Caleb's presence kind of ruined the whole moment: **Fantasy Cursed fates market** Instead of it being something truly special it just came off as devoid of emotion which was so contradictory to the characters' feelings (excluding Caleb). **Book Cursed fatespeaker** I started this book in hopes that this would be less painful than Shadow Princess, **Book Cursed fates warning** boy how wrong was I☹ It's definitely worth reading and I couldn't keep this book down. **Book Cursed fatespeaker** In short I enjoyed it and can't wait to start with Fated Throne. **Cursed Fates epub.pub** Kindle Edition

I didn't reach out to pick this one up for months. Thanks for stopping by! I HATE Tory now. Hate her with a fiery burn. It's so sad because I used to love her. She used to be my favorite character. Darius has always been an asshole. I'm sorry if I'm stepping on any hearts here but please. I just. the puppy eyes and the I love yous and the crying. I get it. I do like Darius a lot more than at the beginning. I'm actually starting to feel fond of him. It also happens in book 5. Still I didn't like it. It felt predictable and again boring. The drama with Orion and Darcy though THAT I loved. THAT was some good angst right there. Do I like it? I'm not sure yet. It's frustrating really the fucking slow burn. Let's see if the sparks start flying in the future. I understand why she said no to him I really do. I NEVER liked Diego ok? Never ever. He gives me the creeps. Or gave. Oops. I'm worried about Tory. just the thought of staying alone with that creep. IUUCK.I loved that ending. I can't wait to see what happens next. I really do love the story and the characters. Kindle Edition So damn painful yet so good. Darcy's has grown so much over the books. Tory. crap I was too harsh on her in the last book. Darius is AMAZING. The best one out of the Heirs. The

Shadow Bitch and her 'Daddy' can rot. Diego. Meh I couldn't connect with him. So not much opinion. Also regarding the threesome. Look it was hot but it wasn't special. The writing is mesmerizing
