

The Cobbler's Soleless Son (Pandemonium #1) By Meredith Katz **The Cobbler's Soleless sonlvi** I liked the journey the Demon aspect and the deal that was made but I think maybe if it had been a full novel - with proper exploration of the world with some struggles with some tension or angst somewhere - it might have been more exciting. **The Cobbler's Soleless sonance** Now at this point I had lost almost all hope to save this book but I still wanted to believe that the boy wanted to see the prince bcs he had fallen in love with him when their eyes had met during the parade but I was wrong again. **The Cobbler's Soleless sonam bajwa** Renart wants to meet Hrahez and he wants to become his lover not bcs he is in love but bcs he thinks that being the prince's lover will make him able to meet a lot of other demons and have sex with them. **The Cobbler's Soleless sonco fence** In the end he is able to meet the prince actually he meets him 3 times one time he is the lady demon the other time he is a footman and in the end the real prince. **The Cobbler's Soleless sonata** This book doesn't have an happy end yes they have sex and the prince is thinking of keeping him as a lover but we already know that the prince is an incubus and he will never be monogamous but who cares right? for sure not Renart since on the start while talking with the lady demon he told her that he doesn't care if the prince has other lovers since he too will do the same. **The Cobbler's Soleless sonance** This book wasn't a romance didn't have a plot was a waste of my time and I gave it 2 stars only bcs there wasn't rape and I can't call that cheat since they agree on this part. **The Cobbler's Soleless sonicwall** (*whispers*Horns am I right?)In the high fantasy world created by Meredith Katz in The Cobbler's Soleless Son Renart is focused on one thing no matter how aimless he seems to his cobbler mother. **The Cobbler's Soleless sonless** I don't think the author's writing style is a fit for me but I think readers who enjoy interesting quirkier high fantasy reads that gives a little eroticism and fairy tale might enjoy. **The Cobbler's Soleless sonceto** I get that fairy-tales and such rarely are as fluffy as we want children to believe...but it still make me a bit uncomfortable This book was provided free in exchange for a fair and honest review for Love Bytes. **The Cobbler's Soleless sonali** * {site_link} Personal Website* {site_link} Author Page* {site_link} Book Updates Twitter Author of LGBT+ romance and speculative fiction! Likes humans monsters and the hazy places between the two,

The Cobbler's Soleless sonar

This one was a pleasant surprise! great too if you have a foot fetish lmao 73 Cute. **The Cobbler's Soleless sonali** I couldn't empathize too much with Renart as I would never have been so careless and wild with my own safety just for the sake of adventure and sex: **The Cobbler's Soleless sonkir soil** But it's an interesting world and plot :) 73 A promising short story but I would have liked a more developed plot: **The Cobbler's Soleless sonata cast** 73 A fun fairytale-like dark story of deceive and and lust. **The Cobbler's Soleless sonbre** Renart is the cobbler's son and everyone expects him to follow his mother's footsteps becoming the new cobbler: **The Cobbler's Soleless sonkir** But he had his eyes on a different life; he is looking to meet a demon prince and become his lover, **The Cobbler's Soleless sonk book** But it is not an easy task and in order to achieve his objectives Renart has to take a risk making a deal with a demon in hopes it'll work as he has planned it. **The Cobbler's Soleless sonhood** It felt sort of like a fairy tale but with some dark touch in it: **The Cobbler's Soleless sonk book** I like how creepy the demons look like it was fun trying to imagine them, **The Cobbler's Soleless sonbrew** The plot was very good I was surprised by how everything went so unexpected and it also had some humorous moments I really enjoyed, **The Cobbler's Soleless sonfather** I didn't feel like Renart was likable he just acted without thinking of the consequences and that was very annoying. **The Cobbler's Soleless sonke** He seemed to be moved only by lust and I didn't feel like there was any real emotion coming from him: **The Cobbler's Soleless sonji roi** I don't think I got to know him too well but it worked fine in the storyline: **The Cobbler's Soleless sonlight** The relationship they had was a little too short to get too much involved in it but the time they had together was very nice: **The Cobbler's Soleless sonam bajwa** Overall it was very fun to read I think it can be enjoyed by any reader, **The Cobbler's Soleless**

sonflower 73 If you're looking for a short sexy read that niggling worries aside is still pretty enjoyable I'd give it a shot. **The Cobbler's Soleless sonhar perdendo** - Matt I always have a hard time empathizing with characters that seem to be focused only in sex just like this was, **The Cobbler's Soleless sonker** - Laura You can read our full review here 73

It's not bad -- but at the same time I also felt like I didn't understand Hrahez enough. **The Cobbler's Soleless sonly** This relationship seemed based on lust only because there wasn't enough interaction between the two except for sex. **The Cobbler's Soleless sonbyrne** 73 Book - The Cobbler's Soleless Son Author - Meredith Katz Star rating - ██████ Word Length - 15K Cover - Nice: **The Cobbler's Soleless sonas** POV - 3rd person 1 character POV Would I read it again - Yes: **The Cobbler's Soleless sonco** Genre - LGBT Demon Supernatural Paranormal Fantasy** COPY RECEIVED THROUGH NETGALLEY ** So when I first read the blurb for this I was super excited: **The Cobbler's Soleless sonlight** Demons out in the open making deals with humans all to get close to the Demon Prince: **The Cobbler's Soleless sonceboz** The premise was great the main character Renart and even Prince Hrahez were good characters and the execution was fine. **The Cobbler's Soleless sonlvi** But there was something I can't pinpoint missing from the story. **The Cobbler's Soleless sonam** Maybe it was because everything went so smoothly from the minute they met, **The Cobbler's Soleless sonlife** Maybe it was because the big plot twist at the end was predictable, **The Cobbler's Soleless sonk book** I also wasn't overly keen on the explicit MF sex slipped in there either. **The Cobbler's Soleless sonk book** What I can say is that there's this lingering sense of disappointment even though I enjoyed it which is very confusing: **The Cobbler's Soleless sonfarrel aerospace** That sense of unexpected thrill the excitement of things happening that I didn't expect to happen: **The Cobbler's Soleless soneri** Even just for Renart to have to fight a little harder to get what he wanted. **The Cobbler's Soleless sonfarrel** For me the 15K this story was just wasn't enough to explore this plot to its full potential. **The Cobbler's Soleless sonly** Renart is a petulant annoying and horny 19 years old boy that likes to have sex with demons and I forgot to say he is also a bit of a slut, **The Cobbler's Soleless sonker** The blurb deceived me I was expecting a fun and sweet story with a nice young boy and a smart and handsome demon prince but I was wrong, **The Cobbler's Soleless sonda** The book starts with an heterosexual scene and also if I already knew who the Lady Demon was bcs only an idiot wouldnt understand it I still was pissed, **The Cobbler's Soleless sonarqube** If I want to see an M/F scene I dont go and read an M/M book, **The Cobbler's Soleless sonkey** Renart asks to the demon after they have sex on page to make a deal with him in exchange of an invitation to the prince's ball. **The Cobbler's Soleless sonata** Humans are treated more like cattle and slaves in most of their world and Renart's little family has it sweet: **The Cobbler's Soleless sonicwall** Demons like using humans as playthings sexually especially cubants (like incubus and succubus): **The Cobbler's Soleless sonata** They are gender-fluid shapeshifters that feed off their sexual partners life force during sex. **The Cobbler's Soleless sonlo** Renart has bigger dreams than being a future cobbler though he has talent: **The Cobbler's Soleless sonance** He's been a demon's plaything and he wants to maintain that lifestyle once he makes the eyes with demon prince of his town prince Hrahez, **The Cobbler's Soleless sonance** Thus begins a different kind of tale with magic curses and painful tests for the human to complete, **The Cobbler's Soleless sonla** The story's unwinding fairy tale-esque format worked in a sense for

the information the author introduced about demon vs. **The Cobbler's Soleless sonbridge** But the execution worked against The Cobbler's Soleless Son for me, **The Cobbler's Soleless sonlife** Renart is fascinated with the Prince makes crazy bargains on an off chance he'll be picked up to be a plaything, **The Cobbler's Soleless sonali** Granted the last 10% answers a majority of the questions I had, **The Cobbler's Soleless sonla** The first half read more like it was trying to make a statement then tell a story, **The Cobbler's Soleless sonar** By the time the story got into a decent enough groove it was too late for any character investment. **The Cobbler's Soleless sonarqube** And the final test was unnecessary for me but I guess it adds more interest and shock value, **The Cobbler's Soleless sonhar perdendo** I think I'd had liked to read more relationship development aka a clever cat and mouse kind of courting instead. **The Cobbler's Soleless sonly** Reflecting on the entire thing there's moments of cleverness but too little too late for me. **The Cobbler's Soleless sondra locke** Book's strongest point? The demons the sex and the openness on gender, **The Cobbler's Soleless sonarqube** *coughs*foot sex*coughs*I don't think it needs to be a warning but I know there are readers who'd like to know there is a MF on page sex scene. **The Cobbler's Soleless sonali** It was HOT! (As was the MM scenes) If this was just PWP I'd have rated it higher. **The Cobbler's Soleless sonfrey** I think the length was a good fit I just wished for more: **The Cobbler's Soleless sonance** 73 Renart Walker reluctant cobbler's apprentice by trade is a tad bit obsessed with demons, **The Cobbler's Soleless sonker** Which anyone will tell you--demons included--is a very bad idea, **The Cobbler's Soleless sonker** But he can't deny that there is something about the beings that rule humanity that draws him in like none other. **The Cobbler's Soleless sonata lyrics** When he catches the eye of Prince Hrahez the demon ruling his city Renart is totally smitten: **The Cobbler's Soleless sondermind** The demon doesn't socialize with humans so Renart is gonna have to get crafty if he wants an invitation to the Prince's next ball: **The Cobbler's Soleless sonceboz** He will go though no matter how many soles he has to sell to get there: **The Cobbler's Soleless sonfily** I liked the plot twists and Renart was certainly interesting enough: **The Cobbler's Soleless sonco** But this story wasn't very long and as a consequence we never really get a chance to know Hrahez: **The Cobbler's Soleless sonas** I think that makes it a bit harder to understand the attraction the demon might have for Renart, **The Cobbler's Soleless sonla** Renart's attraction to demons of all kinds is pretty obvious from the beginning but we don't ever really get to know what Hrahez thinks about all this, **The Cobbler's Soleless sonlet** They have a really nice edge to them and that is something I can appreciate: **The Cobbler's Soleless sonco** I'm not exactly sure if it was based on any one fairy-tale but it certainly has all the classic elements, **The Cobbler's Soleless sonar** I am just a bit uneasy about some of the things Renart went thru at the end of the story. **The Cobbler's Soleless sonlo** On one had hell-ya these ain't no fluffy demons and if you want them you better be prepared to pay up. **The Cobbler's Soleless sonata lyrics** It also ties in nicely with the fairy-tale requirement of tests and earning HEAs. **The Cobbler's Soleless sonder** On the other hand...not exactly sure I'm all that comfortable with the whole "you must grievously injure yourself in order to be worthy of my love" idea: **The Cobbler's Soleless sonkir** Go there to check out other reviews author interviews and all those awesome giveaways: **The Cobbler's Soleless sonarqube** 73 Everyone expects Renart Walker to follow in his mother's footsteps and become the cobbler for their little demon-ruled town. **The Cobbler's Soleless sonk book** His interests are a little more ambitious: he's aiming to catch himself a demon prince, **The Cobbler's Soleless sonlet** As a human he'd never be allowed to even get close to Prince Hrahez, **The Cobbler's Soleless sonkey** The only solution is to make a bargain with a demon which doesn't historically end well, **The Cobbler's Soleless sonali** And if it doesn't work nobody in town will want to be in his shoes. **The Cobbler's Soleless sonlo** The cobbler's son a young man with no risk assessmentability and a fondness for demons goes on a quest to seduce a shapeshifting demon prince: **The Cobbler's Soleless sonarqube** The Cobbler's Soleless Son (Pandemonium #1)Author of LGBT+ romance and speculative fiction! . The story was very entertaining. The characters were a bit of an issue for me though. Prince Hrahez was a nice character fun and enigmatic. The twist in the end was nice though. It sounded fantastic. In the end there was something missing for me. It's hard to say. Because in the end that's what I think was missing. 73 This book was a disappointment. For this I told you he is a slut. 73 3.5 Hearts--Renart is nineteen human and fascinated with demons. Human/ demon relations are frowned upon in their world. Humans are allowed to live in peace (mostly). human society It was interesting especially cubants. All over one glance? Eh. But I have to rate the story on a whole. I could care less for either main character. Meh. Too little too late. Overall not bad. Gorgeous cover BTW. A copy provided by Netgalley for an honest review. Lustfully. Lustfully smitten. I found this to be a rather interesting fairy-tale story. I do really liked the demon aspect of this book though. I also liked the fairy-tale feel to this story. Click below. But Renart isn't interested in a quiet life. Renart has a plan... that involves tricking a demon. M/NB. A queer and sexy not-quite-your-average-fairy-tale
