Much better Star Wars graphic novels out there. This is not acceptable to its residents and war ensues. Like I said it was enjoyable until the end. Our mistakes. Are in the past. I assume she's the connective tissue to the game. Overall it's an okay but not memorable story. The art is a bit busy but otherwise okay. The art was fine but the writing was entirely underwhelming. Totally skipable Cere. I am about a third through it I think. I just stopped. {site_link}.
