I can't wait to read the next one! Macy Bo and Coal are a great team! I can't wait to see what's next for them! I was given a complimentary copy of this ebook from the author but was not required to write a review: Could Bristol's uncle be in on the heist? Macy with an assist from brother Bo and his friend Titan McCoy digs into the case, **Iced over heart** We recently lost our two border collie/blue heeler mixes to old age after they lit up our lives for over 17 years. **Iced over south** If there was a Barks and Beans near here I would probably visit every day to play with the dogs and enjoy a hot beverage or two. **Iced over heart** Then maybe after some time had passed give a lovable canine a "forever" home, **Iced overkill's** After giving readers a delightful setting Heather Day Gilbert gives us an awesome mystery: **Iced overwatch** "Bo and I were bringing happiness into our corner of the world one coffee drink and one perfect doggie match at a time, **Iced over brake pads** "It sounded like a solid plan but I had a feeling there was more than one way it could go wrong: **Ice overflow** As always I loved the West Virginia setting since I live in Virginia and it's nice to read books with close settings: **Iced overkill's** I also enjoyed the wintry setting and read this at the right time of year. **Iced over ac vent** It was nice getting to know Macy and Bo (and Titan) more in this book and I love that their last name is Hatfield (and even more so that Titan's is McCoy!). **Iced over horse** The mystery aspect was unique in a good way with an armored truck crashing from an iced over road and \$500,000 going missing. **Iced overkill's** I did guess the culprit about 3/4 through but it was still a nice reveal in how it all played out: **Iced over road** This is definitely an enjoyable cozy mystery series to read especially if you love coffee and dogs, **Iced over brake pads** Iced Over (Barks & Beans Cafe Cozy Mystery #2) Dollycas's

Thoughts Macy and Bo Hatfield are back and the Barks and Beans Cafe has a new employee Bristol Goddard: **Iced over ocean** She fits in really well with the rest of the staff and the owners. **Iced over ac line** She loves dogs and is willing to work as many hours as needed, **Iced over brake pads** Macy didn't know much about her new employee until a freak accident leaves Bristol's uncle in a coma, **Iced over brake pads** Working as a security guard for an armored car company the truck he is riding in hits a patch of black ice. **Iced over heart** The driver loses control and the truck goes over the embankment. **Iced overwatch** With Bristol's uncle in a coma there are more questions than answers but when they learn \$500 turns red herrings this story has them all: **Iced overkill band** I found it so easy to escape right into the mystery and I was kept guessing right up to the big reveal, **Iced over brake pads** Gilbert has a great writing style brewing real-life happenings right alongside the mystery. **Iced overkill's** I fell hard for Macy and Bo quickly when reading Book 1 No Filter. **Iced over fire reddit** They are even better in this story especially now that his secret has been revealed, **Iced over brake pads** I think it makes them even closer if that is even possible, **Iced over ac vent** I love that some romantic entanglements are starting to emerge: **Iced over ac unit** Readers are also treated to a wonderful supporting cast and are introduced to some interesting new characters, **Iced over spine** They are cleverly written and develop nicely throughout the story: **Iced over brake pads** I really like the personalities she creates for the non-human characters too, **Iced over rose** Iced Over is a very entertaining mystery and a fine addition to this series: **Iced overkill's** Brew yourself up a warm beverage a little snack and enjoy a few hours with Macy and the Bark and Brews gang. **Ice over budget** Bo is the java expert who runs the coffee (beans) half of the business while Macy is the animal lover who takes care of the rescue dogs for adoption (barks) side, **Iced over rock** They meet some lovely people and unfortunately some bad people: **Iced over rock** The mystery is interesting and it's fun reading and trying to solve whodunnit: **Ice over budget** Macy is a bit flighty but her heart's in the right place and she's very close to her brother also. **Iced over windshield** The supporting cast is likeable and the coffee shop setting is cozy. **Ice overdose** The wonderful smell of flavored coffee beans the sound of espresso machines the chance to pet shelter dogs with a view to adopt. **Iced overkill's** No swearing no sex scenes but there is a small town with an amateur sleuth, **Iced over heart** As one of my friends said about Gilbert's previous book "a book I don't have to be on guard as I read. **Ice overdose** "Macy has a heart the size of her adopted Great Dane Coal. **Iced over ac line** I loved the way she actually puts feet to her prayers that her employee's family would have their needs met, **Iced over brake pads** I also loved that one of the secondary characters who we get to know is an unashamed plus-size 24-year-old: **Iced over homes** She is fashionable fun and has a good head on her shoulders, **Iced overwatch** While she may not be perfectly pleased with her body she accepts herself and that causes others to look beyond the outer wrappings: **Iced over brake pads** One thing I always look for in a cozy is whether our sleuth actually spends time working at his or her purported job, **Iced over brake pads** Macy does indeed spend much of her time at the café and it is so well described I really wish I could at least visit one if I can't work at one. **Iced over brake pads** The sleuthing side becomes a little dangerous and I am glad I am enjoying solving the mystery vicariously, **Icd overfeeding** I loved the introduction of another possible love connection for Macy but I wanted to see more romance for Bo too: **Ice overseas offices** However as Macy says "Bo was about as romantic as a pot of cold coffee: **Iced over rolex** "Gilbert likes to end her cozies with a nice twist leaving you needing the next book: **Iced over brake pads** If you are a dog parent or a coffee aficionado you will want to read this fun cozy: **Iced
