This was meant to be the best year of my life. For me - that word is Nitroglycerin . I'm volatile. I don't let people in. Maybe my fists if I'm in just the right mood. A fling. Sigrid helped Lucas love. Too bad she's 3000 miles away. Flawed. Emotionally crippled. Cracked to the core from a past unknown. That is until he meets his match. Mac. But not this time. "There ain't nothin special 'bout you goldilocks. I just hope she didn't hurt him too much." This part touched me. All while thinking of Mac. I lived for this book. Couldn't put it down.
