An adorable holiday story that will steal your heart. Sweet and heartwarming. The little boy is precious. Andrew is torn and Morgan is stronger than she thinks. A beautiful holiday love story. Both narrators did a fantastic job with the performance. Each did both male and female for their chapters. I liked Seth's voice for the male point of view. It was nice to have the two switching off. I listened to this at 1.2 which is my preferred setting. The characters were so great in this book. The ending was really great and that wedding was something. I want to send a big Thank you to them for that. Morgan has no interest in a new relationship. All thoughts and opinions are mine only. Wrapped Up in Christmas Hope.
