

The Dragon's Bride (A Deal With a Demon, #1) By Katee Robert □ English QUE ALGUIEN ME EXPLIQUÉ POR QUÉ LO DISFRUTÉ TANTO English Can I just say how much I love this cover!! It's like an old bodice ripper but with a freakin' dragon holding the little lady. And the book is an awkward 200 pages which means there isn't enough time to develop anything - not the world not the characters let alone the romance so I couldn't get into this as much as I wanted to. If it was straight up 100 pages of monster/dragon smut I would've been totally fine with it but it seemed like KR actually tried to do some world-building but it just didn't work. 5 starsTW for abuseI knew I had to read this book when I saw the cover and I ended up loving it!! Briar has decided to sell herself to a demon in order to get out of an abusive relationship. I loved how sweet Sol ended up being and how adorable their relationship was! It was still pretty steamy but Sol wanted to make sure Briar was comfortable with everything and I loved how quickly they fell for each other! Sol made sure Briar felt comfortable with everything day did The Dragon's Bride had potential. Like he put his dragon mouth with it's upper jaw on her stomach and his lower jaw biting her ass so he could get his tongue to her magic spot! What?! All I could picture was the wife from Beetlejuice when she stretched out her face!! Not Sexy. Sign up for my newsletter to get access to exclusive bonus content! {site_link} {site_link}

I'm sorry but I'm obsessed with how this looks like a 90s Avon romance featuring Shrek English this triggered the 15 year old in me who came across a retweeted monster porn on my timeline □therapy □ heavy monster smut□ English Here to make it known I'm available for a dragon to make me his bride, I also loved how Briar ended up defending their relationship at a certain point in the book, This was just so good! I can't wait for the next book to come out!! English 2 I've Only Found Delights Stars □Initial thoughts is how I'm going to roll, This cover may make some feel nostalgic of period romances but it does nothing for me, There is no unseeing that level of ugly while trying to romanticise it in your mind. Plus hypocritically I adore sweet romances but it's a fine line, Do you want a hero that's too gentle and has placed his balls in your handbag? Not really: As stories go.

However riding two dicks seems to help, Book covers play a real part in my choices (shallow but true) and I wish I held firm. From traumatized to sex fiend and a hero that was insipid: What never disappoints are the hot sex scenes by this author but it's like they were out of place with the underdeveloped storyline provided: Monster romances require serious imagination to make them sexy and believable and this missed the mark, Both the H and h were too tentative and trepidatious because of the h's past of domestic abuse, But I couldn't even enjoy my weird.

Sadly this wasn't exactly the monster romance I was hoping for. Yes the hero is a humanoid dragon/lizard and yes he has two dicks but we never get any double penetration here so it's like what's the point, He's very sweet and mellow which was nice but also a little underwhelming, The romance is strange because I never really saw why either of them fell for each other: The demon kills her husband but she has agreed to sell herself for seven years to the creature that wants her. Human woman in need of a better life agreeing to be auctioned to monsters from other realms, It doesn't sound great but in this instance our heroine Briar Rose leaves behind an abusive husband, Sol needs a human bride to enrich the future of his people. He has seven years to convince a skittish

Briar that it could be so much more than an arrangement, And Briar might not be keen on marriage again two cock dragon smut because I wasn't really invested in the characters, Plus the conflict in the story was one of my biggest pet peeves, One of the hottest books I ever read was Your Dad Will Do by Katee Roberts so I was expecting FIRE, Instead I get this Dragon biting the lower half of the h's body leaving bloody teeth prints on her stomach and ass to eat her out. When it takes me three days to read such a short book because I'm forcing myself to finish it it's not good, English Katee Robert is a New York Times and USA Today bestselling author of spicy romance: She lives in the Pacific Northwest with her husband children a cat who thinks he's a dog and two Great Danes who think they're lap dogs. She lives in the Pacific Northwest with her husband children a cat who thinks he's a dog and two Great Danes who think they're lap dogs: Why the fuck was this so sweet? I'm out here catching feelings, And I loved it! First of all that cover alone deserves several stars. But besides that we have a woman who's made a bargain with a demon? to get herself out of an abusive marriage and then ends up being auctioned off to a dragon: A marriage-of-convenience ensues with a stipulation of the 'contract' ending after 7 years: She gets to be safe and the dragon gets a baby out of this arrangement? Don't ask me questions, 5 stars ☐ English I went in for double eggplants but this was: surprisingly sweet? English Sol was a big ass walking talking tailed lizard snake crocodile with 2 dicks, Peta should come pick my ass up because this was me the entire book: English Briar Rose might have a name out of a storybook but she learned at a very young age that no prince was coming to save her. Unfortunately even that is an impossible task in her current situation—trapped in a terrifying marriage to a dangerous man. Desperate times call for desperate measures which is how she finds herself making a deal with a demon. Freedom from her husband...in return for seven years of service. She doesn't expect to be put on an auction block in a room full of literal monsters and sold to the highest bidder: He might seem kinder than his fearsome looks imply but she knows better than to trust the way he wants to take care of her or how invested he is in her pleasure. In her experience if something seems too good to be true it certainly is, She's suffered enough and she has no intention of staying in this realm...even if she leaves her heart behind when she returns to her normal life: Author's Note: Please check the author's website for all tropes tags and CWs[1]
