

## Black Summoner: Volume 8 By Doufu Mayoi

After encountering Ange in Gaun the Country of Beastkin and learning of the existence of the Apostles Kelvin the battle junkie Summoner from another world and his companions decide to visit the Holy Empire of Deramis. Unbeknownst to these two groups Deramis will soon be plunged into a commotion as the Apostles enact the next part of their plot! Come along for the ride as this black-clad Grim Reaper and his friends stand up against a new foe in the eighth volume of this epic journey! Black Summoner: Volume 8 I think seven volumes of a group of overpowered battle junkies was enough for me: There they are granted an audience with Pope Philip who offers them information on Iris the alleged leader of the Apostles and Serge a Hero from lore: Just then the famous Heroes of the current age happen to return from their own journey to the Western Continent, Not really thrilled with the immortal group of apostles that are the current antagonists, Had trouble getting into the volume however I did find the cliffhanger ending somewhat interesting hence the extra star, Not sure if I will continue the series or not despite the ending.
