

Night Elves of Ardani (Elves of Ardani #1) By Nina K. Westra **Night elves of ardaniin** I definitely would have liked a bit more of the focus to be on Novikee and Aruna's emerging bond as at times it did come across as slightly tentative both of them lacking the commitment to lay their cards on the table. **Night Elves of Ardani pdf editor** Aruna is a night elf and Novikee a human when she trespasses into the forest called Kuda Varia the domain of the night elves she finds herself captured by the enemy as a suspected spy. **Book Night Elves of ardanie** As they continue onwards both soon realise there is much more to the other than just their species and a fierce growing attraction exists between them that they know no one else will ever understand. **PDF Night Elves of ardanis** They are from two different worlds and If they ever want to be together there literally on their own and soon a choice will have to be made that will change everything for Aruna. **Night Elves of Ardani paranormal nightmare** I wasn't completely convinced of the bond these two shared it was there but maybe the lack of steam muted it for me as the romance did feel a bit disconnected at times. **Book Night Elves of ardanie** This story just took a reallllly long time to develop! Some Things I Loved: - rich Avatar-level world building- Forbidden Romance- Gorgeous cover- I feel like I really never knew what was coming next and that's a first for me in a while. **Book Night Elves of ardanian** Extra Notes: - Mental health & panic attacks representation- Miscommunication/ Language barriers- Slow Burn - Elves.

Book Night Elves of ardanian

The world building is strong and the steamy scenes are tastefully done while still being hot. **Kindle Night Elves of ardania** I thought the next book in the series was going to be a continuation of the same main characters but just realized it's another set of characters in the same world and I'm actually really disappointed. **Night elves of ardanibh** I just felt like the author was just shoving a bunch of cute scenes in my face and she hoped that because of that I would think that the two mc have chemistry.

When she finally realizes that she can do whatever she wants. **Night Elves of Ardani kindle reader** Btw this book was marketed as an enemies to lovers and they were like enemies for maybe a full 50 pages and even then they just disliked each other and would just glare at one another. **Night Elves of Ardani bookkeeping** You may have better luck than me but I at least would recommend reading the 2nd book though (Rogue Elves of Ardani) as it can be deemed as a stand alone without needing much background info bc this one is kind of vague in the first place. **Paranormal Night Elves of ardanin** I know when I'm feeling like I'm in a book slump where all the characters and plot lines start running together humans mages (felt a little like the Shadow & Bone series with mages thrown in the mix and their abilities)**TW: Attempted se. **PDF Night Elves of ardani fikriansyah** When it's true high fantasy and true enemies to lovers with the true complexity of a situation like that??CHEF'S KISS ☐☐This author just became an automatic buy for me and I will be diving in to the other books immediately. **Night Elves of Ardani ebooks** I have a thing for interspecies romance but the stories usually come with horrible tropes (insta-mate alpha barbarians kidnapping noble savages etc) that I often stop reading and try another author. **Book Night Elves of ardanie** I know why they're popular but it's never been my cup of tea; unfortunately if you like elves and orcs and aliens as a love interest you'll be scraping the barrel for your preferred Earl Grey. **Night Elves of ardanija** I was uncomfortable when she was brought to the ranger outpost and the subsequent sex scene in the ruins a chapter after which I'm assuming was intentional; the prison breakout and the way roles are reversed later shifts the balance but only at the beginning of book three did I feel it level out completely. **Night Elves of Ardani pdf book** --Aruna's little casual mention of a pain kink was a delightful aside rarely seen in male leads! How dare you leave me hanging come back here and explain-THE OKAY:--Norvikke is a wonderful lead and I loved her but I think this book would've

exceeded itself with more POV shifts- especially considering the Everyone Is A Bastard theme and opposing sides. **Night Elves of Ardani paranormal nightmare** " Why are the sun elves and the humans even fighting anyway and the night elves are between them? Why even drag the night elves into it if everyone hates each other? Why did the humans think it would be a good idea to destroy a magical axis despite having mages themselves? I know the story is through the eyes of a lowly courier but still. **Night Elves of ardanija** A little more plot and background would've set this series to another level; just because it's primarily a romance novel doesn't mean a bit of war intrigue and political shenanigans would be unwelcome. **Night elves of ardaniin** I don't mind simplistic and actually dislike overly flowery writing- but the writer needs a little more work in making their prose interesting; that's a thing that improves with more novels. **Night elves of ardanihb** I love that the two main characters who are natural enemies (elf and human) don't even speak the same language but find a way to communicate and realize their people aren't so different. **Kindle Night Elves of ardani goh** " and then in the next chapter they would say "ok let's do this... But it's a one time thing" spoiler alert it was NOT a one time thing and she's going to regret that they did it every single time until the very end and left reviews voluntarily! This was a great surprise. **Book Night Elves of ardani fikriansyah** It played to its strengths in a way that made me appreciate those strengths even if I have so many rigid pet peeves when it comes to fantasy romance: a dangerous and sudden attraction namely. **Night Elves of ardaniilla** Although I'm reviewing the combined edition I have to mention that with the "trilogy" I raced to the next book each time and couldn't wait to keep reading and see what happened. **Night Elves of Ardani epub free** She lives in the ridiculously beautiful Pacific Northwest and when she's not writing she can usually be found sipping coffee and reading something from her ever growing To Be Read list. **Kindle Night Elves of ardania** So when she's caught in the wrong place at the wrong time and taken captive by a night elf warrior she has little hope for mercy especially since they don't even speak the same language. **Book Night Elves of ardaniin mutfagi** As Novikke begins to see him in a new light she starts to question everything she thought she knew about his mysterious people... and she's beginning to think that he feels the same troublesome attraction between them that she does. **Book Night Elves of ardanian** With the fate of their nations in their hands will they betray their own people to protect each other? Night Elves of Ardani is an enemies to lovers high fantasy romance for readers who love worldbuilding action and adventure spice and HEAs, Night Elves of Ardani (Elves of Ardani #1) This is high fantasy romance with an emphasis on the fantasy the romance being more of a background thing. **Book Night Elves of ardania** I found it enjoyable and well written but it was also at times slightly slow and plodding: **Night Elves of Ardani books** There was also too much of the oh no we can't be together vibe which I did find a bit irritating: **PDF Night Elves of ardanian** These two begin this story as sworn enemies both with so many prior preconceptions about each other: **Night Elves of Ardani books** This is filled with danger magic friendship and a forbidden passion that is against all of the odds, **Night Elves of ardaniidi** Novikke and Aruna will have to go up against both of their people and be labelled traitors by many if they ever want to have a chance at a life together. **Book Night Elves of ardanian** I would recommend this if you like a more fantasy action-based focus in your romance: **Night elves of ardaniin** Also if you like your romance less graphic as this one isn't really a steamy one it does have spice scenes but it is quite lacking in detail: **Night Elves of Ardani paranormal nightmare** I also do like my males a tad more alpha than Aruna and that did affect my overall enjoyment here though I definitely can't fault the writing which was superb, **Night Elves of ardaniidi** This was an intriguing read which has some slight niggles but I mostly appreciated it, **Book Night Elves of ardaniin** [com/profile/63435390](https://www.goodreads.com/profile/63435390) Night Elves of Ardani (Elves of Ardani #1) ((5 stars & 5 spice but DNFed at 40%: **Paranormal Night Elves of ardaniin** not staplers being thrown in an office ya know? lol) A Few Things That Need Editing: - The story takes a really long time to pick up: **Night elves of ardaniin** The first 20% is about their journey(s) through part of the Night Elves' forest, **Book Night Elves of ardaniin** I loved Novikke and Aruna and would have loved more of them: **Night Elves of Ardani pdf filler** I guess I'll have to settle for the epilogue Westra sends if you sign up for her newsletter. **Fantasy Night Elves of ardania** And I'll be

checking out the next book in the series as well. **Night Elves of Ardani fantasy 5e** I'm withholding a star because there were a few things that pulled me out of the fantasy world too much: **Night elves of ardanibh** I think maybe about 50 pages could've been shaved but I never lost interest in the story itself: **PDF Night Elves of ardanian** 4 stars **Night Elves of Ardani (Elves of Ardani #1)** Why was this book so long ?! (2: **Night Elves of ardanigan** 75 stars) I really don't understand because I loved most of the characters and the book had a very interesting premise: **Night Elves of Ardani epubublishing** I don't have to know every single thing they did on their journey, **Night Elves of ardanijah** And magically they fall for each other WITHOUT EVEN SPEAKING: **Night Elves of Ardani books** The ending... Ok so it isn't just the ending that I disliked it was the hole second half, **Fantasy Night Elves of ardani fikriansyah** Because I just felt like it was not completed there were SO many plot holes that I was just lost, **Night Elves of ardanidi** We were also introduced to so many characters but then they would just be forgotten after they 'served there purpose' And I felt like the ending was SUPER rushed. **Night Elves of Ardani book series** It was so anticlimactic that I just wanted to throw my kindle at a wall. **Night Elves of Ardani book 2** I seriously think that was one of the biggest deus ex machinas I've ever read ...But now onto the reasons why I didn't rate this a one star, **Book Night Elves of arдания** Need I say more I swear without him this book would have been so bland: **Book Night Elves of ardani goh** But he was very decent and has WAY more patience than me: **Night Elves of Ardani book 2** If I were him I would have given Novikke some kind of sleeping potion to stop her from being so annoying. **Night Elves of Ardani paranormal nightmare** There were also a few instances were I kinda liked the dynamic between Novikke and Aruna but those were usually followed with smut. **Kindle Night Elves of ardanin** So...It wasn't my favourite read of the year but it wasn't bad. **Book Night Elves of ardanian** **Night Elves of Ardani (Elves of Ardani #1)** DNF @ 30% I feel so awful giving this a DNF because I reallllly wanted to like it but I simply cannot continue: **PDF Night Elves of ardanin mutfagi** Barely anything has happened so far and I have a million other books on my TBR. **Book Night Elves of ardanie** **Night Elves of Ardani (Elves of Ardani #1)** Reviews re-written and moved from the single books to the combined edition, **Paranormal Night Elves of ardanin** I initially received a free copy of all three through Booksprout and/or Booksirens.

Kindle Night Elves of ardanin

DNF 76% Well this was a bit disappointing. **Night Elves of ardanila** I ended up accidentally reading the second book in the series first and ended up really enjoying that story. **Book Night Elves of arдания** So eventually I went back to read about this couple's journey, **Night Elves of ardanidi** but after they got recaptured I ultimately ended up skimming the majority before I had to call it quits. **Book Night Elves of ardanin** **Night Elves of Ardani (Elves of Ardani #1)** **Elves > Faeries the Night** **Night Elves of Ardani** just wasn't a romantasy I could get into, **Night Elves of ardanija** sault **Night Elves of Ardani (Elves of Ardani #1)** **Night Elves over Shadow Daddies** I said what I said, **Paranormal Night Elves of ardanin** This book had all of my favorite content and I won't dismiss the great story by just listing tropes, **Paranormal Night Elves of ardanin** Novikke and Aruna were great characters and even the small glimpses of side or minor characters had depth to them: **Night Elves of Ardani paranormal nightmare** They all existed in a rich fleshed out world that I want to continue to explore, **Book Night Elves of ardani goh** Not just another badass female mc or suave and mysterious male mc. **Night Elves of Ardani book 2** They were complex and relatable they struggled and had their values questioned they came in to conflict with their cultures world views and with each other, **Book Night Elves of arдания** The dynamic of bonding with someone who is truly an enemy of your people and not having it be a misuse of the trope to sell books was so refreshing and nostalgic, **Night Elves of Ardani booklet** **Night Elves of Ardani (Elves of Ardani #1)** I read a lot of romance fantasy and sci fi on Kindle Unlimited: **Book Night Elves of ardani goh** After a while they all blur into one and become forgettable immediately after reading as if there's an unofficial formula to stick to, **Night Elves of Ardani pdf free** This series is handily my cup of tea;

the KU romances that truly stick out are the ones with enormous potential or do something different with the genre. **Night Elves of Ardani paranormal nightmare** Though I really enjoyed Norvikke and Aruna's story it does have flaws- but they're minimal enough to enjoy as it is: **Night Elves of Ardani epub** The characters have truly stayed with me after reading despite my issues and I am left wanting more from the writer and the universe: **Book Night Elves of ardanie** List of the good bad and okay after the cut:THE GOOD:--Likeable warm characters even the background ones are interesting, **Night Elves of Ardani epub reader** The leads are solidly working class people -not a prince or a chosen one- who everyone underestimates and considers unimportant, **EBook Night Elves of ardanis** They are on the edge of both of their people- Norvikke especially. **Night Elves of ardanigan** Aruna might be a hair more useful as he can scout and fight but he's still a lowly ranger, **Night elves of ardaniie** --Neiryne is a fantastic snobby scalded cat of a supporting character who I want to see more of: **Night Elves of Ardani pdf free download** I also want to see what he sees in a socially awkward short little human mage from an army he's meant to be fighting against, **Night Elves of Ardani fantasy art** We never really got to see that side of them mainly as Norvikke was doing something else or half-dying at the time, **Night Elves of Ardani kindle store** I usually roll my eyes at pairing the spares but here it somehow works. **Night Elves of ardanigan** --The setting and story felt like a war even if it was only at skirmish levels and ducking and diving in shadows: **Night elves of ardaniin** Every side is mentioned at being a bastard no one is idealised or painted as good, **PDF Night Elves of ardanin mutfagi** --I liked the casual mentions of same sex relationships and women in positions of power on both sides. **EPub Night Elves of ardanin mutfagi** A strange thing to have as a positive but it worked for the plot and is actually refreshing to read in a romance. **Night Elves of Ardani epub file** It was awkward stiffies quick handjobs in the back of an alley and Brain Is Not Thinking fucking in old ruins- not instant love. **Fantasy Night Elves of ardanin** I felt sad for them both and wanted them to work out especially considering the weight of the plot, **Night Elves of ardanidi** --The author did a good job at both ignoring and not ignoring the power balance between Aruna and Norvikke thanks to the main character: **Night Elves of Ardani fantasy 5e** She's his prisoner in the first book and the consent issues around their attraction is tenuously explained, **Night Elves of ardanidi** --Zaiur is a truly disgusting villain 100% Grade A piece of shit: **PDF Night Elves of ardani fikriansyah** I know he was written to reflect how different Aruna is in the beginning but it worked, **Night Elves of Ardani book 1** --The trade talk/text-based speaking was used well and liked that it was a hindrance in the end for both of them and made them overthink their answers, **Book Night Elves of ardani goh** --Playing with the familiarity of the genre is a gamble but it worked on me, **Night Elves of ardanija** The very inviting purple covers calling the elves night elves that live in a magical twilight forest with giant trees an actual Goddess in the plot: **Book Night Elves of ardanian** I was expecting a World of Warcraft fanfiction with the serial numbers scraped off and I was very much delighted when it wasn't: **Night elves of ardanibh** Not once is it explained why people are fighting each other aside from: "because they're bastard elves that's why. **Night Elves of Ardani paranormal nightmare** Some more crumbs to the setting would be nice and for it to be fleshed out into a sharper overarching plot, **Book Night Elves of ardanin** --I read the series originally as novellas despite this review and it was annoying they were split. **Night Elves of Ardani epub download** As standalones they were weakened by the cut; it works much better as one book that's for sure: **EPub Night Elves of ardanian** --A couple of scenes dragged mostly by the middle; when they were captured by Norvikke's army for example. **Night Elves of Ardani booker** A few more of those aforementioned plot and setting crumbs would've been nice there. **Book Night Elves of ardanie** --The story has very bareboned worldbuilding that relies on the reader knowing fantasy settings and tropes: **Night Elves of Ardani book 2** My favourite authors (Joe Abercrombie and recently Holly Black and Scott Lynch) are infamous for being vague on this too but still tell cracking whip smart fantasy: **EBook Night Elves of ardanin mutfagi** I saw several repeated words and clumsy dialogue tags and bareboned descriptions where I struggled to imagine the characters, **Night Elves of ardanidi** TLDR:Despite my quibbles I loved this series and the characters- and hope to see more from the

author. **Book Night Elves of ardanian** I was left with a lot of questions and hope to see the world again and look forward to what comes next in Ardani, **Book Night Elves of ardani goh** Night Elves of Ardani (Elves of Ardani #1) I love being pleasantly surprised by a random KU book find, **Book Night Elves of ardanin** This series was recommended on a fantasy romance Reddit sub and I took a chance (KU books really can be hit or miss) and was so glad I did. **Night Elves of Ardani books** This isn't an original plot but the writing was really good and I was sucked in almost from the first chapter: **Night Elves of Ardani ebooks** The writing is good using the term "shag" as in one elf saying that the other wanted to shag the human, **Night elves of ardaniie** That is too specific a regional colloquialism to work in a story like this: **Night elves of ardaniin** I just couldn't find the chemistry between them and don't even get me started on the back and forth of "we shouldn't be doing this, **Kindle Night Elves of ardanie** I think this is a case of a book catching me at the right time when my investment and excitement was just waiting for something to sink its teeth into: **Night Elves of ardanigan** It packs in a lot of keen worldbuilding eerily beautiful atmosphere and a little steam, **Night Elves of ardanijah** It also did a nice job sculpting side characters in so little time (I mentioned Neiryn in every single review as if how much I loved him kept catching me by surprise!): **Fantasy Night Elves of ardanin mutfagi** I wanted to know more about this strange and difficult world—and lucky me since Westra recently expanded the world with the companion Rogue Elves of Ardani: **Book Night Elves of ardanie** Solid and complete and detailed but not overwhelming especially when it was being read in three short entries: **Night elves of ardanibh** Coming back after Rogue Elves of Ardani I appreciate Westra's tight no-nonsense prose style even more as well: **Book Night Elves of ardanin mutfagi** Westra grew up reading books full of magic adventure and mythical creatures but she always thought the best parts were when her favorite characters got to kiss, **Night Elves of Ardani ebooks free** Now she writes her own fantasy romance books and has a love of antiheroes outsiders and feminist men: **Kindle Night Elves of ardani fikriansyah** When she's taken prisoner by the enemies of her people her elven captor is the only person standing between her and death at the hands of his bloodthirsty kin. **Book Night Elves of ardanie** Her people and theirs have been at odds for centuries thanks to the elves' penchant for violence and hatred of humans. **Night Elves of Ardani paranormal nightmare** Trapped in his unforgiving homeland a vast forest of shadows and magic she'll have to rely on her wits and her sword in order to survive, **Night Elves of Ardani epub free** But she never expected her captor to be so devastatingly attractive, **Paranormal Night Elves of ardanin** Now as a deadly magic and the threat of war loom they are forced to decide where their loyalties truly lie: **Fantasy Night Elves of ardani goh** Books in the Elves of Ardani series each follow a different couple and can be read as standalones. **Night Elves of Ardani books** This book comprises all three previously published parts of Night Elves of Ardani (Captive Sacrifice and Invocation): **Book Night Elves of ardanian** This book is intended for adults and contains steamy scenes and violence[1]

I said what I said. It's enemies to lovers and has some decent world-building. Reviewed By Beekie Bookworm [https://www.bookbub.\)\)](https://www.bookbub.))) Unfortunately.

And that's just not where I'm at. (Especially in fantasy romance.)- True enemies to lovers trope (literal knives at throats. For example.

Night Elves of ardanigan

So many reviewers DNF this. I'm surprised how many thought it was boring or long. To each their own. It was just way too long. I felt like the first 150 pages were kinda useless.1) Neiryn.2) Aruna. I didn't dislike Aruna. Do I think he's the best book boyfriend ever? No. But you know.

Night elves of ardanibh

Good for him. Also WHY was the smut always so public. I was fr stressing for them.xual as.And I appreciated that the characters were people so much. Still oddly not a thing in most fantasy and ignored.--Their romance is lust at first sight not love. The sex scenes were both realistic and oddly hopeless. He deserved the stabbing and fireball that's for sure.THE BAD: --The war itself is just there.--The prose itself is mostly basic writing. And there were a few others similar. But not so many that it wrecked the story for me. Edited to add - boy but that did not happen. Overall I enjoyed this little gem of a story. Night Elves of Ardani (Elves of Ardani #1) Nina K. Novikke has no love for night elves. Or so polite. Please visit the author's website for more content info. Night Elves of Ardani (Elves of Ardani #1)
