After her husband is killed in Iraq a newly married woman faces many serious challenges as she attempts to have his baby and confronts a secret from his past. She flip flopped from telling to remembering to leaving you hanging and jumping to other characters with very poor transitions. **Book All Ill Ever needed** I found myself going huh and then had to go back a few pages to try and make sense of what i was reading, **Book All Ill Ever needed** As a result I quickly became bored and fed up and was not willing to invest in the characters: **All Ill Ever Need kindle books** The ending felt like she ran out of ideas and just start flinging things in to make it interesting. **All Ill Ever Need epub air 300** I didn't know this was a romance novel when I decided to read it, **Book All Ill Ever needed** All Ill Ever Need This book irritated me from beginning to end the only reason i finished it is because i promised myself this year to finish each book I start reading, **All Ill Ever Need book** I don't want to give anything away for those who may be interested in reading this book. **All Ill Ever Need bookworm** I will just say this the author was all over the place.
