Diary Of A Bus Clowni'm wondering if it's just me but i find it impossible to read books by the sandman without hearing his voice in my head: **Diary Of A Bus clownronden** this is a collection of anecdotes written in the form of a diary following the drunken misadventures of the under 17's footy trip, **Diary Of A Bus clownpink** if you've ever seen or heard sandman you will know what type of humour wit and style to expect from his novels. very funny in parts. a tad short though.
