The emerald tablet of hermes trismegistus

A bit thin on content & difficult but interesting read which is not always a bad thing! No complaints in the end as reliable info on this topic is hard to find you just have to blend with the others. **The Emerald Tablet of Hermes kindle store** The Emerald Tablet of Hermes The One described in the emerald tablet is Osiris / Odin / Woden / Zeus / Thoth / adamas the tyrant / rhadamantum / shiva (all the same)The sun is his father (Atum / Uranus / Anu) the moon his mother (nyx not night hathor Aphrodite) held in the wind like a womb (enlil cronus Ra) and nourished by the earth from personal research I would think that it should mean nurished by the waters of the earth (enki / Oceanus / Geb / Seb / poseiden). **EPub The Emerald Tablet of hermes birkin** You can start to get a good feel for what is going on by reading the tablets of Thoth He talks about becoming the Sun of man but crucially talks about the first gate after death (the moon) which he has the keys for he later tells the reader that Osiris is the holder of the first gate giving you the clue that they are one in the same. **EBook The Emerald Tablet of hermes birkin** * He was also known as one of Odins 2 birds or Zeus' see ers the other being his wife Isis / frig / eve which he created from his own rib (see adam in the bible)I Can't say much but look at the gnostic texts the demiurge that cut off his hand is the god Atum (atom) the smallest of the smallest governed by 6 protons 6 electons and 6 neutrons (666)Read the lyrics of ronnie james dio songs on the wild one album (in order) then read the pistis sophia welcome to the club !
